As a serial entrepreneur, Kevin Kruse has seen time and again that the leadership practices that actually work are the opposite of what is commonly taught and implemented. *Close Your Open Door Policy* shows how a contrarian approach can be a better, faster, and easier way to succeed as a leader. Chapter by chapter, Kruse focuses on a piece of popular wisdom, then shows with real-world case studies and quantitative research that the opposite approach will lead to better results, encouraging leaders to play favorites, stay out of meetings, and, of course, close their open doors.

### Warren Buffett: the Life, Lessons and Rules for Success

It's not good enough to want it. You've got to know how to get it. Real estate titan, bestselling author, and TV star Donald J. Trump is the man to teach you the billionaire mind-set-how to think about money, career skills, and life. Here is crucial advice on investing in real estate from the expert, everything from dealing with brokers to renovating to assessing the value of property, buying and selling, and securing a mortgage. Trump will show you how to cut costs, decide how much risk to assume in your investments, and divide up your portfolio. He'll also teach you how to impress anyone, how to correct or criticize someone effectively, and how to know if your friends are loyal-everything you need to know to get ahead. And once you've earned your money, you've got to learn to spend it well. Trump presents his consumer guide to the best things in life, from wine to golf clubs to engagement rings. Check out the billionaire lifestyle-how they shop and what they buy. Even if you're not superwealthy, you can afford many of these luxuries. And what look inside the Trump world would be

complete without The Apprentice? Trump will take you behind the scenes, from the end of season one and into season two, with insights into the making and the meaning of TV's hottest show. As Donald Trump proves, getting rich is easy. Staying rich is harder. Your chances are better, and you'll have more fun, if you think like a billionaire. This is the book that will help you make a real difference in your life.

### **7 Billionaire's Rules for Success**

Secrets of the Millionaire Mind reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking Secrets of the Millionaire Mind, T. Harv Eker states: "Give me five minutes, and I can predict your financial future for the rest of your life!" Eker does this by identifying your "money and success blueprint." We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. Secrets of the Millionaire Mind is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and "revise" it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen "Wealth Files," which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life,

unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

### **The Decision Maker**

In Real Estate Titans, Erez Cohen shares the advice and learnings of the world's leading real estate experts to create a guide for becoming a savvier real estate player. Cohen draws on his experience as a research and teacher's assistant at Wharton Business School with an investment expert—and his mentor—Dr. Peter Linneman. Throughout his career, Cohen has collected first-hand knowledge from meetings with such real estate titans as Ronald Terwilliger, Sam Zell, Joseph Sitt, and numerous others. Cohen wanted to understand how these real estate giants became so successful, so he refined his quest into three critical questions: What inspires these titans to work so hard and reach such extraordinary levels of success? What are the main elements and traits inside of them that propel them to be so grandiose? How have these individuals, who had less resources, succeeded on a much bigger scale than so many of their competitors? Real Estate Titans contains the 7 key lessons distilled from interviews with several of the world's greatest real estate investors. These critical lessons offer insight into the mindset, tactics, and habits that each of the interviewed titans possess. Once you implement these key ideas—which you won't find anywhere else—into your business, it will grow exponentially within a matter of months. Real Estate Titans offers an insider's view into several of the most successful investors on the planet. The book's compelling stories and lessons show why real estate is such a wonderful and important business, and it also offers a roadmap for becoming a world class real estate player.

### **Built to Serve**

Most people wake up and drive to a job that they hate. Think about your five closest friends. Are they happy? Do they live their lives with purpose? Do you? We put on a fake front for what we want people to see and think about us, but the reality is most people aren't happy. We're lost. We settle. We aren't happy with where we are. You can't be happy if you don't know your purpose. It's not possible. You want more but you don't even know where to start. You know there is more out there. You see others having success and you want it, too; there is nothing wrong with that. You just need help finding your purpose so you can find the success you see all around you. You can be productive, crush your goals, pretend that all the things that you've acquired actually mean something...but at the end of the day, if you don't know your purpose, you'll always feel like there's something missing. You'll know that you're capable of more and that you're not living the life you should be. You might be fooling the world, but you're not fooling the person looking back at you in the mirror. You need to find your actual power source. Your purpose is your source of power. Once you find your purpose it'll fuel you for life. You'll do things that you never thought you were capable of. Achieving your purpose will force you to morph into a stronger version of yourself. You'll have to push through fears, insecurities, and doubts that held you back. But somehow it'll all feel possible and necessary because you're purpose-driven now...and that's the only thing you'll ever need.

'7 Ways to Create Your Own Success' is a self-improvement book. What habits do billionaire's have? '7 Ways to Create Your Own Success' is inspired by billionaire's mindset people who have achieved enormous success in their life. This book will teach you the secret to inculcating habits. The book contains a step-by-step explanation of basic techniques which will help you achieve mastery and success. In early times, the foundation of success rested only upon character ethics (things like respect-ability, quietude, constancy, restraint, mental fortitude, equity, tolerance, industry, effortlessness, unobtrusiveness, and the Golden Rule). However, around 1990s, the manner in which individuals viewed achievement moved to what author calls "Personality and Character Ethic" (where achievement is an element of character, open-mindedness, behavior perspectives, attitudes and practices). What's inside? The author takes readers into the habits of highly productive people, habits that shape characters and provide insights into how they change this world. What makes people succeed? Why do some people succeed, while others struggle in spite of working hard? This book is based on the insight that success is not about how good you are but how powerful a model you have to improve how good you are. Our youth future of tomorrow, you are only young once, and if you work it right, you can create wonders. '7 Ways to Create Your Own Success' is

composed of seven key points. These must be practiced deliberately till you become the best version of yourself; getting better by leveraging others; and overall, creating better human beings out of yourself and others. This book will show you how to do it. You can then achieve whatever you want in your life. This powerful and life-changing book thus shows how you can constantly get better to unlock your potential. The book is highly recommended for people of all ages around the world.

### **The 21 Success Secrets of Self-made Millionaires**

What makes a company truly outstanding? What is the secret sauce of delivering successful results over multiple decades? What is common to Asian Paints, HDFC Bank, Axis Bank, Marico, Berger Paints, Page Industries and Astral Poly? They are Unusual Companies, built by Unusual Billionaires. This book tells the story of these seven companies, handpicked out of 5000 listed on the stock exchange. Built by visionary business leaders, they have delivered outstanding results for a decade and more. How did these companies do it? Why couldn’t this be replicated by other companies? What are they doing differently? Saurabh Mukherjea, bestselling author of Gurus of Chaos, delivers an exceptional book with lessons to learn from these seven businesses. Mukherjea tells you why focusing on the core business is central to corporate success and how a promoter giving up control to the top management could be a boon. He also explains how investors can generate market-beating investment returns from identifying companies such as these using a simple set of metrics. Packed with these learnings are riveting corporate stories of how Hindustan Unilever made an aggressive bid to buy Harsh Mariwala’s business, but had to sell a business to him in a few years, or how Page Industries found an innovative way to stop unionization at their manufacturing units. Other stories include the turnaround of Axis Bank and the boardroom coup that led to its chairman’s exit and how Vijay Mallya sold Berger Paints to the Dhingra brothers. This book is mandatory reading for anyone who wants to understand how business is done successfully in India.

### **The Mindset of Success**

Look around the place where you work. You will always find a few people who stand out from the crowd; people who make things happen, attract followers and create opportunities. After fourteen years of researching leaders around the world, author Jo Owen has found that the best and most successful leaders have something more than skills. They act differently because they think differently. The Mindset of Success will help you unlock your true potential, showing you how to acquire the seven key mindsets that lead to success. The right mindset will enable you to achieve far more than you thought possible, opening up new career possibilities and new potential for your future. From spies to sports, education to entrepreneurship, business to beyond, Jo Owen's original research and interviews will show you how outstanding leaders think and behave differently from the merely good. The way they think is consistent and predictable; we can all learn it. This is the mindset difference, and once you have it, you have an advantage which lasts for a lifetime and works for you

time and time again. This book is not about changing who you are, but becoming the best version of who you are, making the most of your existing talent and focusing on your natural strengths. The Mindset of Success provides a clearly structured set of tools to change the way you think, act and perform, pushing you beyond good management to great leadership.

### **Homeless to Billionaire**

In the third edition of this international best seller, Lawrence Cunningham brings you the latest wisdom from Warren Buffett's annual letters to Berkshire Hathaway shareholders. New material addresses: the financial crisis and its continuing implications for investors, managers and society; the housing bubble at the bottom of that crisis; the debt and derivatives excesses that fueled the crisis and how to deal with them; controlling risk and protecting reputation in corporate governance; Berkshire's acquisition and operation of Burlington Northern Santa Fe; the role of oversight in heavily regulated industries; investment possibilities today; and weaknesses of popular option valuation models. Some other material has been rearranged to deepen the themes and lessons that the collection has always produced: Buffett's "owner-related business principles" are in the prologue as a separate subject and valuation and accounting topics are spread over four instead of two sections and reordered to sharpen their payoff. Who makes the important decisions in your organization? Strategy, product development, budgeting, compensation—such key decisions typically are made by company leaders. That’s what bosses are for, right? But maybe the boss isn’t the best person to make the call. That’s the conclusion Dennis Bakke came to, and he used it to build AES into a Fortune 200 global power company with 27,000 people in 27 countries. He used it again to create Imagine Schools, the largest non-profit charter-school network in the U.S. As a student at Harvard Business School, Bakke made hundreds of decisions using the case-study method. He realized two things: decision-making is the best way to develop people; and that shouldn't stop at business school. So Bakke spread decision-making throughout his organizations, fully engaging people at all levels. Today, Bakke has given thousands of people the freedom and responsibility to make decisions that matter. In *The Decision Maker*,

a leadership fable loosely based on Bakke's experience, the New York Times bestselling author shows us how giving decisions to the people closest to the action can transform any organization. The idea is simple. The results are powerful. When leaders put real control into the hands of their people, they tap incalculable potential. The Decision Maker, destined to be a business classic, holds the key to unlocking the potential of every person in your organization.

### **Millionaire Success Habits**

The purpose of this book is to identify some of the successful strategies employed by people such as Warren Buffett, Elon Musk, Steve Jobs, Donald Trump, Carlos Slim, Mark Zuckerberg and Richard Branson. These businessmen, all incredibly successful in their respective fields of expertise, share another thing in common: they're all billionaires! If simply working long hours was the key to success, there would undoubtedly be many more billionaires. Why is this the case? Ultimately, the answer to this question is the difference between struggling financially and becoming a billionaire. However, the purpose of this book is not to tell you exactly how to become a billionaire, but to identify approaches that highly successful billionaires have taken on their path to success. Table of Contents Introduction The Trump Rule: Solve Big Problems The Musk Rule: How to Focus on Your Select Few The Branson Rule: Strategic Priorities The Jobs Rule: The Power of One The Buffett Rule: Work in 90 Minute Sprints The Zuckerberg Rule: Rising and Setting Rituals The Slim Rule: Learn less, study more Conclusion

John Davison Rockefeller Free BONUS Inside! John Rockefeller went down in history forever as the first dollar billionaire and the richest man in the world. Many experts call him the richest man in history. Although it took almost a hundred years from that time, still no one is yet to "break his record" of eternal wealth. In 1917, the wealth of John Rockefeller was estimated to be approximately \$ 1000 000 000, and back then it amounted to 2.5% of the total US GDP. The dollar of that time and the dollar today are two big differences, and his fortune today would be over 200 billion dollars. At the end of his life in 1937, the wealth of Rockefeller rose to 1.4 billion dollars, which now would be equal to 300 billion dollars! As a comparison, Bill Gates, whose name has also been ranked first for a long time among the richest people in the world is "only" worth 50 billion dollars. Thus, next to Rockefeller did not stand, even such "giants of money" like Warren Buffett, Bill Gates and

others. Therefore, how could an ordinary man, a son of a lumberjack, who started his financial activities, as an accountant be able to create such astronomical condition of wealth? ### **The Richest Man in Babylon (English)**

It's no secret that these hard times have been even harder for the Black community. Approximately 35 percent of African Americans had no measurable assets in 2009, and 24 percent of these same households had only a motor vehicle. Dennis Kimbro, observing how the weight of the continuing housing and credit crises disproportionately impacts the African-American community, takes a sharp look at a carefully cultivated group of individuals who've scaled the heights of success and how others can emulate them. Based on a seven year study of 1,000 of the wealthiest African Americans, *The Wealth Choice* offers a trove of sound and surprising advice about climbing the economic ladder, even when the odds seem stacked against you. Readers will learn about how business leaders, entrepreneurs, and celebrities like Bob Johnson, Spike Lee, L. A. Reid, Herman Cain, T. D. Jakes and Tyrese Gibson found their paths to wealth; what they did or didn't learn about money early on; what they had to sacrifice to get to the top; and the role of discipline in managing their success. Through these stories, which include men and women at every stage of life and in every industry, Dennis Kimbro shows readers how to:

- Develop a wealth-generating mindset and habits
- Commit to lifelong learning
- Craft goals that match your passion
- Make short-term sacrifices for long-term gain
- Take calculated risks when opportunity presents itself
