## **The Complete Guide to Asterix**

European comic authors produced a steady stream of comic material throughout the twentieth century, but gained the world's notice in 1975 when the French magazine *Metal Hurlant* was founded. A new generation of artists and writers had begun. Soon publishers were producing translations of the new comics into other languages, including English, and comics creators everywhere were inspired to innovation. This is a reference work, arranged by artist or writer, to European comics from the last quarter of the twentieth century that have been translated from any European language into English. It contains a variety of material, from the innocent imperialism of Herge's *Tintin* to the sadistic murder for hire in Bernet's *Torpedo*. Albums by a single creator or artist-and-writer team of European origin are the focus; comics in periodicals and anthologies with multiple contributors are excluded. Each entry provides a plot abstract and various notes about the original comic. An author index provides brief biographical information. There is a comprehensive general index.

## **Asterix Omnibus 5**

Connoisseurs of fantasy, science fiction, and horror have long recognized the important contributions of thousands of French authors, filmmakers, and artists. The volume is divided into two parts. Part I gives historical overviews, complete lists, descriptions, and summaries for works in film, television, radio, animation, comic books, and graphic novels. This section also includes interviews with animation director Rene Laloux and comic book artist Moebius, as well as comments from filmmaker Luc Besson. Biographies are provided for over 200 important contributors to television and graphic arts. Part II covers the major authors and literary trends of French science fiction, fantasy, and horror from the Middle Ages to the present day. (French-Canadians and Belgians are also examined.) There is a biographical dictionary of over 3,000 authors, a section on major French awards, and a complete bibliography. Many illustrations (!) illuminate this thorough presentation.

"XQuery Kick Start" delivers a concise introduction to the XQuery standard, and useful implementation advice for developers needing to put it into practice. The book starts by explaining the role of XQuery in the XML family of specifications, and its relationship with XPath. The authors then explain the specification in detail, describing the semantics and data model, before moving to examples using XQuery to manipulate XML databases and document storage systems. Later chapters discuss Java implementations of XQuery and development tools that facilitate the development of Web sites with XQuery. This book is up to date with the latest XQuery specifications, and includes coverage of new features for extending the XQuery language.

### **Asterix and the Cauldron**

### **British Books in Print**

This special collectors' edition features books thirteen to fifteen in one fabulous volume. In **ASTERIX AND THE CAULDRON**, Asterix is guarding a cauldron of money when the cash disappears! He and Obelix try gladiatorial contests, theatrical performances, even bank robbery to regain the money. Chief Huevos y Bacon's son is taken hostage in **ASTERIX IN SPAIN**. Asterix and Obelix go to his rescue, but taking him home means tangling with the tourist industry, flamenco, and a wild aurochs in the bullring! In **ASTERIX AND THE ROMAN AGENT**, Caesar sends Agent Tortuous Convolvulus to make the Gauls suspect each other of teachery! Can Asterix and friends outwit the wily Convolvulus? There is no better way to enjoy the antics of our indomitable hero and his friends.

### **Asterix omnibus**

A beautiful story of friendship and the power of self-belief. Kiki, a little stray kitten, uses her own magical powers to fend off a big bully and find a great new friend. This story will make you laugh and feel all the goodness in the world hug your heart.

## **Graphic Novels**

Every 3d issue is a quarterly cumulation.

## **Waterstone's Guide to Books**

Financial skulduggery in ancient Gaul! When local Chief Whosemoralsarelastix wants a cauldron full of money kept out of Roman hands, the cash disappears while Asterix is guarding it. He and Obelix must earn enough to repay it through fairground gladiatorial contests, trendy theatrical performances, even bank robbery - they'll try anything. But whose morals are really elastic? And how do the pirates, just for once, get an unexpected bonus.

## **Asterix, the Legionary**

It's a disaster - the druid Getafix has broken his golden sickle. Asterix and Obelix go to Lutetia (now Paris) to buy him a new one. Soon they are tangling with the criminal underworld of the big city - can they outwit Navishtrix, Clovogarlix and the sickle-trafficking gang? Will Getafix ever be able to brew magic potion again?

## **Something about the Author**

The first of its kind, this annotated guide describes and evaluates more than 400 works in English. Rothschild's lively annotations discuss important features of each work-including the quality of the graphics, characterizations, dialogue, and the appropriate audience-and introduces mainstream readers to the variety and quality of graphic novels, helps them distinguish between classics and hackwork, and alerts experienced readers to material they may not have discovered. Designed for individuals who need information about graphic novels and for those interested in acquiring them, this book will especially appeal to librarians, booksellers, bookstore owners, educators working with teen and reluctant readers, as well as to readers interested in this genre.

## **The twelve tasks of Asterix**

When Tortuous Convolvulus, Caesar's agent, uses psychological warfare to turn the Gauls against each other, Asterix, Obelix, and Getafix must try to outwit him and bring order back to the village.

## **U-X-L Graphic Novelists: A-H**

When a mark acquires a reputation, it becomes a means of attracting consumers by communicating to them various messages going beyond the indication of commercial origin of goods or services. Thus, trade marks familiar to the general public enjoy a special legal protection regime above and beyond that afforded trade marks in general, allowing them to benefit from enhanced protection against reproduction or imitation detrimental to, or taking unfair advantage of, the distinctive character of the mark or its repute. This richly researched book, the first comprehensive guide to current European Union (EU) law and practice concerned with reputed trade marks, conducts an in-depth analysis of this extended protection provided by Regulation 2017/1001 on EU trade marks and Directive 2015/2436 under which it is mandatory across all Member States. Using a practical approach, focused on identifying and analysing the criteria for infringement of trade marks with a reputation in proceedings before civil courts and in administrative proceedings before the European Union Intellectual Property Office (EUIPO) or national trade mark offices, the author addresses such elements of the special protection regime as the following: prerequisites for infringement of the right to a reputed mark common to all recognised forms of infringement; how to demonstrate each type of infringement of the right to the trade mark with a reputation (blurring, tarnishment and unfair advantage); proof of reputation; distinguishing the concept of well-known trade mark; legitimate versus questionable justifications of the 'due cause' exception within the meaning of EU law provisions; use of a disputed sign falling under freedom of expression; identifying the role of likelihood of confusion under the special regime; and how to prove the existence of a link between the signs in dispute. The author pays detailed attention to the case law of the Court of Justice and General Court of the EU, as well as cases before the EUIPO and national courts. He takes into account research from a number of Member States (plus Switzerland), thus widening prior work in the field from its predominant English-language context. With this book practitioners will confidently approach cases before courts, the EUIPO and national EU trade mark offices involving enhanced protection of trade marks with a reputation. In addition, the book will help judges and trade mark offices examiners to interpret the EU provisions and assess claims regarding such reinforced protection. For scholars and students of intellectual property law, this book will prove a cornerstone volume in the field.

## **French Science Fiction, Fantasy, Horror and Pulp Fiction**

### **Asterix and the Roman Agent**

Profiles seventy-five authors, writing teams, and illustrators of graphic novels, and features an introduction to the genre, discussion of manga, brief accounts of graphic novel publishers, a glossary, and photographs.

### **Star Cat**

The athletes of the ancient world assemble in Athens for the Olympic Games. Asterix and the Gauls enter too, but they're due for a setback. As an artificial stimulant, magic potion is banned. Can our friends win at the Games without it? And what's the special ingredient of the other potion, the one in the cauldron in the shed with the door that doesn't close properly?

### **Subject Guide to Children's Books in Print**

This is the most comprehensive dictionary available on comic art. The catalog provides detailed information about more than 60,000 cataloged books, magazines, scrapbooks, fanzines, comic books, and other materials in the Michigan State University Libraries, America's premiere library comics collection. Each book or serial is listed by title, with entries as appropriate under author, subject, and series. Besides the traditional books and magazines, significant collections of microfilm, sound recordings, vertical files, and realia (mainly T-shirts) are included. Comics and related materials are grouped by nationality and by genre.

### **Asterix Omnibus #5**

### **Kiki the Kung Fu Kitten**

### **European Comics in English Translation**

A neighboring Gaulish chief asks the people of Asterix's village to help guard a cauldron full of money from the Romans. But the sneaky chief plans to double-cross everyone. So he steals back the cash just when Asterix is standing sentinel. Can Asterix and Obelix recover the riches?

### **PLR in Practice**

### **National Union Catalog**

Spiritus flat ubi vult academicus. It seems evident that the study of antiquity and the study of antiquity's persistence will continue to be distributed ubique terrarum. This pleasing circumstance was exemplified in January 2014, at the Adam Mickiewicz University in Poznań, an institution named after Poland's influential nineteenth-century epic and lyric poet. As part of an ongoing series of such academic meetings, the university hosted the Seventh International Conference on Fantasy and Wonder. Its topic was Antiquity in Popular Literature and Culture. Several of the papers given in Poznań appear in this volume in revised form. They demonstrate the continuing presence of the past, or, to put it slightly differently, the importance of the past in the present and, by extension, for the future.

### **Asterix and the Cauldron**

### **The Children's Buyer's Guide**

### **Asterix the Bold**

### **El-Hi Textbooks & Serials in Print, 2005**

It's off to the wars for Asterix and Obelix. They've enlisted as legionaries in order to rescue Tragicomix, whom the Romans forcibly conscripted. The two find Tragicomix and succeed in causing the biggest commotion ever on a battlefield.
