Why Things Matter

20th Century Indian Interpretations of Bhagavadgita

The present work is a new perspective on the Bhagavad-Gita, supported by through research, for it focuses attention on the social relevance of this famous Hindu scripture. Part 1 provides a penetrating analysis of how new interpretations of the Gita played a significant role in the social history of India during the nineteenth and twentieth centuries. The illustrative material consists of five case studies relating to : Raja Rammohun Roy, Swami Vivekananda, Bal Gangadhar Tilak, Aurobindo Ghose and Mahatma Gandhi. Part II explains how the social applications of the Gita are linked with its most important teaching for the modern age, viz., Loksamgraha- the good of the society. Lokasamgraha is a sanskrit term occurring in the Gita but not in Upanishads and a modern interpretation of the lokasamgraha-approach is the inculcation of social values and a sense of social responsibility in each individual.

The Bhagavad Gita: A Thread through the Eighteen Gems

This is a new release of the original 1944 edition.

The Bhagavad Gita

An interlinear edition of the spiritual classic that provides devanagari, transliterated Sanskrit, and English versions of the Gītā.

Chanakya

Hindu philosophical classic; includes Gāṇadhāarthadāipikā commentary with English translation.

The Bhagavad Gita

It is now possible for anyone with a lively interest in the Gita to come into direct contact with the richness and resonance of the original text. This revised edition provides an inter-linear word-for-word translation along with the devanagari characters and their transliteration. To aid in understanding, a detailed grammatical commentary and page-by-page vocabularies are included as well as a complete prose translation.

Gandhi-Aurobindo and Radhakrishnan on Bhagavadgita

"The twelve stages of healing offers fascinating insights into the complex relationship between mind, emotions, and body, and show how to promote greater health in our bodies, and harmony in our relationships"--Back cover.

The Social Role of the Gita

This study intends to be no more than an exercise in listening. Listening to the theios logos appears as the first vocation of the theologian when he enters into contact with other religions. Sometimes, the theology of non-Christian religions seems to be mainly preoccupied with the task of pronouncing judgments on the other religions. The interreligious dialogue thus becomes an exchange of man-made propositions. We believe that it is only from an effort to understand each other's listening to a divine word that a dialogue can start. Our study is made with the desire to serve the theological reflexion on non-Christian religions and thereby to contribute to the dialogue of faith. The pluri-religious world has always been a datum for reflexion for the Christian Community. This is not a discovery of the post-conciliar Church, though one may say that the theology of the non-Christian religions has been one of the major fields of interest of theologians in the last decade.

The Names Of Shiva : Commentary on 108 Names of Shiva From Shiva Rahasya Khanda Based on Shiva Tatva Rahasya Of Neelakanta Deekshita

The Bhagavad Gita

God Talks With Arjuna

Introduces readers to the important insights this ancient text can give us into early Christianity and stresses a spiritual, non-literal interpretation of the Bible. Original. 10,000 first printing. \$25,000 ad/promo.

The Word in the experience of revelation in Qur'an and Hindu scriptures

This book is the most comprehensive, authentic and critical estimate of the life, sadhana, and teachings of Sri Ramakrishna. It is an English translation of Sri Sri Ramakrishna Lila-prasanga written in Bengali by Swami Saradananda, a direct disciple of Sri Ramakrishna and who is deemed an authority both as a philosopher and as a biographer. His biographical narrative of Sri Ramakrishna is based on his firsthand observations, assiduous collection of material from different authentic sources, and patient sifting of evidence. Known for his vast erudition, spirit of rational enquiry and far-reaching spiritual achievements, he has interspersed the narrative with lucid interpretations of various religious cults, mysticism, philosophy, and intricate problems connected with the theory and practice of religion. Translated faithfully into English by Swami Jagadananda, who was a disciple of the Holy Mother, this book may be ranked as one of the best specimens in hagiographic literature. The book also contains a chronology of important events in the life of Sri Ramakrishna, his horoscope, and a short but beautiful article by Swami Nirvedananda on the book and its author. This firsthand, authentic book is a must-read for everyone who wishes to know about and contemplate on the life of Sri Ramakrishna.

Flowers on the Path (eBook)

Indic Visions

Chanakya was the first thinker among the ancients who not only authored a concept but also got it implemented by his supreme efforts. 'He gave to the geographical entity-Aryavarta—a political or rather a national shape. This book characterizes him as the original author of the concept of 'India—a nation'. His thinking marks a distinct change from the views of earlier thinkers. It was he who for first time exhorted the people to unite in the name of the country and not faith. One of the greatest figures of wisdom and knowledge in the Indian history is Chanakya. Chanakya is regarded as a great thinker and diplomat in India who is traditionally identified as Kautilya or Vishnu Gupta. Originally a professor of economics and political science at the ancient Takshashila University, Chanakya managed the first Maurya Emperor Chandragupta's rise to power at a young age. Instead of acquiring the seat of kingdom for himself, he crowned Chandragupta Maurya as the emperor and served as his chief advisor.

The Bhagavad Gita

This contemporary companion to the Bhagavad Gita addresses the heart of human yearning. It offers the possibility of transforming the battle of life into a path to Truth, a living process. Each chapter presents a road toward our inner, universal Self, bringing a deeper and wider perspective along the way. A psychological orientation invites the reader to move from abstract idea to individual insight. As the book proceeds, the relationship between the personal and the eternal gradually unfolds in an ever-expanding process of self-discovery. Quotes from the great teachers are included in the text to inspire, uplift and help us cross over the sea of illusion.

The Bhagavad Gita

The Holy Geeta, or the Song Celestial, is a dialogue between the Lord and a man of action set amidst the din and roar of war. The good and evil forces within are represented in the battlefield of life. Man often finds himself in a crisis, wherein he is psychologically unable to cope with the situation at hand, or even decide the right course of action. In this inner turmoil, there is a great battle between the positive and negative inclinations. The Holy Geeta portrays this great spiritual struggle within man and guides him towards his inherent divinity and positivity. In doing so, this Celestial Song explains the nature of man, his purpose in the world and the means for him to attain his goals. In short, it is a complete manual for achieving success in life. The Holy Geeta is the heart of the great Hindu epic, the Mahabharata. It is the quintessence of the philosophy of Vedanta. This commentary on the Holy Geeta by Swami Chinmayananda is one of the finest ever written. His extremely logical explanations in contemporary and powerful language have appealed to millions of people around the world.

The Bhagavad-Gītā

Bhagavad-Gītā

The Bhagavad Gita has been called India's greatest contribution to the world. For more than five thousand years, this great scripture has shown millions in the East how to fill their lives with serenity and love. In these pages, Jack Hawley brings these ancient secrets to Western seekers in a beautiful prose version that makes the story of the Gita clear and exciting, and makes its truths understandable and easy to apply to our busy lives. The Gita is a universal love song sung by God to His friend man. It can't be confined by any creed. It is a statement of the truths at the core of what we all already believe, only it makes those truths clearer, so they become immediately useful in our daily lives. These truths are for our hearts, not just our heads. The Gita is more than just a book, more than mere words or concepts. There is an accumulated potency in it. To read the Gita is to be inspired in the true sense of the term: to be "inspired," to inhale the ancient and ever-new breath of spiritual energy.

Achyutashtakam : A hymn on lord Vishnu by Adi Shankaracharya

Swami Vivekananda's views on the Bhagavad Gita are scattered throughout 'The Complete Works of Swami Vivekananda' published in nine volumes. The present book, published by Advaita Ashrama, a publication branch of Ramakrishna Math, Belur Math, is an extensive compilation of these insightful views of Swami Vivekananda on this sacred scripture of the Hindus. The reader is, as it were, taken through several verses of the Gita along with the Swami's elevating and soul-stirring commentary. Note: This book has embedded fonts to display the verses in Devanagari. You may have to use the 'Original' Font option in Google Play Books app. " The book is certainly not a commentary on the Gita, in the traditional sense. But, what is available is indeed a treasure house of wisdom. Swamiji was a living

embodiment of the Gita. According to him, the Gita was 'practical Vedanta'. He demonstrated this through his life. Reading through the book is indeed a rewarding experience. One is in holy company, imbibing the words of one who is speaking from his heart. Just as Swamiji himself used to carry a copy of the Gita with him always, one cannot do better than carry a copy of this book with one always" - from a Review in the Vedanta Kesari, November 2010, p.441 published by Sri Ramakrishna Math, Chennai. As of February 2017, the print book has undergone seven reprints and more than 27,000 copies have been sold.

Indian Books in Print

The Bhagavad Gita

The Holy Geeta

In this book, David M. Black asks questions such as 'why do we care?' and 'what gives our values power?' using ideas from psychoanalysis and its adjacent sciences such as neuroscience and evolutionary biology in order to do so. *Why Things Matter* explores how the comparatively new scientific discipline of consciousness studies requires us to recognize that subjectivity is as irreducible a feature of the world as matter and energy. Necessarily inter-disciplinary, this book draws on science, philosophy and the history of religion to argue that there can be influential values which are not based exclusively on biological need or capricious life-style choices. It suggests that many recent scientific critics of religion, including Freud, have failed to see clearly the issues at stake. This book will be key reading for psychoanalysts and psychotherapists as well as counsellors with an interest in the basis of religious feeling and in moral and aesthetic values. The book will also be of interest to scholars of psychoanalysis, philosophy and religion.

Sri Ramakrishna The Great Master

Surya Dvadhanama Stotra: Twelve Names of Sun God

Spirituality and Indian Psychology

The 12 Stages of Healing

Highlights of 'Vedanta' are reflected in a lucid manner for common understanding. The contents take the reader close to Parama Pujya Swami Tapovanam at his kutiya in Uttarkashi. Answers to simple and difficult questions on Vedanta enlighten everyone with clarity and logic. Contents inspire sincere seekers towards the right path. Every seeker should go through and reflect upon them to derive benefit.

The Political Philosophy of the Bhagavad Gita

The Flowers on the Path series is a bouquet. It comprises articles created by Sadhguru for the Speaking Tree column of the Times of India. These articles have, for many years, brought daily infusions of beauty, humour, clarity and wisdom into lives abraded by mayhem and monotony. In pages devoted to the changing weather of the stock market and international affairs, these articles have brought readers moments of unexpected insight and stillness. Sadhguru's original thoughts, outspoken comments and references to current affairs have sometimes provoked controversy. But they have invariably added vitality and color to a national debate. Like flowers, these articles have inspired and stimulated readers, wafting into their lives as a gentle fragrance on some mornings, and on others, startling them awake with fresh perspectives on age-old ideas and beliefs.

MUSINGS OF A MASTER

Indic Visions is the tenth book by the acclaimed scientist and humanist Varadaraja V. Raman. In it he provides a detailed introduction to Indic religions and contemporary interpretations thereof consistent with modern science. In a world of rapid changes, dangerous fundamentalism, parochial chauvinisms, culture wars, and clashing civilizations, this book provides both a soothing balm and potent antidote. By delving more deeply into Indic civilization, Raman shows us the way to transform our emerging global civilization in wholesome and healthy ways consistent with science and the great challenges of the 21st century.

Is Bhagavadgita Antiquated?

This is a masterful translation of the Bhagavad Gita, along with the Sanskrit original. A faithful rendition of the 2000-year-old 'Song Celestial', Bibek Debroy's translation resonates with the spirit of the original, while using modern idiom and language. He captures, verse by verse, the essence of this ancient philosophical poem, which debates eternal questions of right and wrong, action and consequence, and the conflicting nature of duty and love. The text stands by itself, complete and without interpolation, juxtaposed with the Sanskrit for easy reference; interpretation and explanation are tucked away as notes at the end.

Practice of Religion

With the emergence of positive psychology in the West, and the many fold discovery of the impact of psychology in one's life, there is a need to understand spirituality, and to use its positive aspects to maintain a balance in hectic modern life. This book presents models for mapping basic psychological processes and their relationships. It covers basic constructs like cognition, emotion, behavior, desires, creativity, as well as applied topics like personal happiness, intercultural conflict handling, and world peace.

Journey of the Upanishads to the West

The Conception of Punishment in Early Indian Literature

"The words of Lord Krishna to Arjuna in the Bhagavad Gita," writes Paramahansa Yogananda, "are at once a profound scripture the science of Yoga, union with God, and a textbook for everyday living." The Bhagavad Gita has been revered by truth seekers of both the East

The Bhagavad Gita

The Bhagavad-Gītā /:c[introduction and Translation By**] Georg Feuerstein**

Early textual source of the vast body of Dharmasastra literature of India on religion, law, and morality contain numerous statements that present or imply an undefined conception of punishment. Yet nowhere is this conception formally defined, as if knowledge of its nature and structure were generally known. In this "first-ever" attempt to provide a definition of the conception and to recover its ideational infrastructure, the author has drawn on these sources to reconstruct the theoretical backgrounds of its distinctive metaphysical, religious, juridical, social, and moral components. He shows that the conception is "the totality of correction principles, powers, agents, processes, and operations through which acts contrary to the Universal Order are counteracted and compensated." The volume contains extensive documentation, a glossary of Sanskrit terms, a selected bibliography, and an index.

The Bhagavad Gita and Inner Transformation

A re-reading of the Hindu classic, the Bhagavad Gita, a dialogue between Prince Arjuna and his charioteer Lord Krishna. This episode which occurs in the Sanskrit epic, The Mahabharata, is often read for its own sake and given the status of a holy scripture by Hindus. Reviews: "This is a brilliant book that I recommend wholeheartedly. It picks a central thought from each of the Bhagavad Gita's 18 chapters and uses that to communicate deep insights about life and meaning. People who wish to understand the Gita or other Vedic texts will love it, and it will also be useful to those who are experts." Professor Subhash Kak, Oklahoma State University, Stillwater, OK " Srinivasan's commentary is itself a gem. It combines an accessible, easy style of writing with a rigorous translation by a master of the Sanskrit language (and also includes the original Sanskrit text itself, for those with the ability to follow along and to come to their own conclusions regarding its meaning and import). Including references to earlier interpretations within the Hindu tradition, this work stands in a distinguished lineage of scriptural commentary. I recommend it highly!" Professor Jeffery Long, Elizabethtown College, PA "This modest volume succeeds admirably in raising the right questions and pointing to insightful answers." Swami Tyagananda, Sri Ramakrishna Vedanta Society, Boston and Hindu Chaplain at MIT and Harvard. "Readers will surely benefit from a study of the book. There is an appendix to the book, containing the text of some earlier publications of the author. The book should certainly be prescribed reading for students, especially the children of non-resident Indians

living outside India." Vedanta Kesari; May 2016

The Bhagavad Gita

In this lecture Swami Vivekananda points out that in order to be really spiritual, we need to be dynamic and practise spiritual disciplines instead of being content with lifeless theories and dogmas. Published by Advaita Ashrama, a publication house of Ramakrishna Math, Belur Math, India.

The Gospel of Philip

Durga chandrakala stuti is a hymn composed by Appayya deekshita the great shaiva and scholar of Vedas Puranas and mantra shastras who lived in Tamil nadu in the fifteenth century (1520-1593 CE) In this hymn various glories of the mother goddess durgā from Vedas and various puranas are summarized. The hymn comprises of eighteen shloka, the first shloka being the mangalacharana (invocation of the goddess) and the last shloka the phala shruti (description of benefits which are attained by the recitation of this hymn.) So the main hymn is of sixteen shlokas and hence the name durgā chandrakalā stuti (hymn to durga like the sixteen states of moon) is given to it by the composer. This hymn is considered very powerful by the practitioners of Shakta and Shaiva tradition - the worship of the mother goddess (the embodiment of all power) because this hymn is the summary of the great and powerful text Devi mātāhmyam of Mārkaṇḍeya purāna which is of 700 shlokas and hence also known as durgā saptashatī (seven hundred verses praising durgā) In addition to that Appayya Deekshita also summarizes various glorious incidents about goddess durgā and her manifold forms from various purānas. Hence reciting this hymn daily is equal to remembering all the important glorious deeds of the goddess mentioned in the puranas. The Devi mahatmya and the other anecdotes about the devi given in Varahapurana, Harivamsa, Bhagavata etc., are given in condensed form in this work to be precise. Reciting this hymn with devotion bestows the devotee with protection, wealth, wisdom, courage good fortune and liberation.

Bhagavad Gita As Viewed By Swami Vivekananda

The Bhagavad Gita

Durga Chandrakala Stuti

Lectures on the significance of the Bhagavadgita in contemporary India.

Why Things Matter

This is a very short yet powerful hymn of lord Surya Narayana comprised of twelve names. This book is an effort to put light on the deeper meaning of those twelve names backed by citations from Puranas. This surya dvadashanama stotra when recited with devotion helps us attain freedom from sorrows and other difficulties of

life and grants us a healthy life. each name describes well the great qualities of sun god. The hymn is very easy to recite and very powerful.
