Highly controversial when it was first published in 1981, Alasdair MacIntyre's *After Virtue* has since established itself as a landmark work in contemporary moral philosophy. In this book, MacIntyre sought to address a crisis in moral language that he traced back to a European Enlightenment that had made the formulation of moral principles increasingly difficult. In the search for a way out of this impasse, MacIntyre returns to an earlier strand of ethical thinking, that of Aristotle, who emphasised the importance of 'virtue'

to the ethical life. More than thirty years after its original publication, *After Virtue* remains a work that is impossible to ignore for anyone interested in our understanding of ethics and morality today.

Part of the Legend Classics series  
As Gregor Samsa awoke one morning from uneasy dreams he found himself transformed in his bed into a gigantic insect. The Metamorphosis - the masterpiece of Franz Kafka - was first published in 1915 and is one of the seminal works of fiction of the twentieth century. The novel is cited as a key influence for many of today's

leading authors; as Auden wrote: "Kafka is important to us because his predicament is the predicament of modern man". Traveling salesman, Gregor Samsa, wakes to find himself transformed into a large, monstrous insect-like creature. The cause of Gregor's transformation is never revealed, and as he attempts to adjust to his new condition he becomes a burden to his parents and sister, who are repelled by the horrible, verminous creature Gregor has become. A harrowing, yet strangely comic, meditation on human feelings of inadequacy, guilt, and isolation, *The Metamorphosis* has taken its place as one of the most widely read and influential works of twentieth-century fiction.

Poetry. "Poetry's natural habitat is one of detail, radiant or tarnished, an intimate geography that draws us close to where presence is an act of perception: world into word. In MAPS FOR JACKIE, Jason Labbe navigates a terrain of singular encounters and incidents, tactile, luminous and animated by the sensuous abrasions and comforts of the heartmind as they touch down on his, and our, present: white leaf is like a moth / wing I'd fix to her shoulder." --Ann Lauterbach "How indeed, in a fraught and decentered world, can one 'map the illegible?' A world where all things oscillate between the light and the dark? Where the inner life and the outer life struggle toward reconciliation, or at least some semblance of balance? Where the subsurface of 'any

residential neighborhood' harbors sexual/textual tensions that threaten the very means of communication? To address, or make manifest, such questions, and their attendant passions, Labbe employs a radically expressionistic and often disjunctive language that defies our commonplace methods of observation and perception. Here the map and the territory engage in a contention that is both surprising and enlightening to witness." --Michael Palmer "Jason Labbe's wonderfully moving and inventive collection MAPS FOR JACKIE is an open journey into desire and its fathomlessness. Though the poems dislocate between something and nothing, it's a loving ride where 'waking finds / morning the inmost warp / in space time.' The book is filled with impeccable craft. It's a terrific work and worth the trip. I'm on board." --Peter Gizzi
