To rescue him, she forms an uneasy alliance with a teenage E'rikon left stranded in the woods. She agrees to guide him to the city if he sneaks her past the human-proof barrier. Coloring book for children with Autism or Asperger's syndrome Kids colouring book Simple calming colouring book for children with Autism or Asperger's Syndrome A relaxing Cognitive, social and mental development booklet for learning difficulties is an

innovative colouring book developed specifically for those with autism and Asperger's or those who may be showing signs. Note: This book does not mention Autism, Asperger's anything else that may cause stress or anxiety for these children. Unlike other children's colouring books, these colouring pages are tailored for those on all stages of the spectrum. With no complex activities, and the use of only circular shapes, these colouring pages were made to stimulate brain activity in a way which will help not only calm and relax those using it, but encourage the appropriate mental patterns required for memory and mental stability. Each page is repeated a number of times throughout the course of the colouring book, which allows parents or carers to clearly see process from the start of the book to the end of the book. Although pages are not ranked in order of complexity, the repetition of pages throughout the book will allow clear patterns of improvement to be observed by family, friends and carers. The colouring book was developed from insights given by neurologists, psychologists, caregivers and those with Autism / Asperger's, to only contain what is most likely to work. It should be noted that different children will have different levels of success with each new activity. Some will love colouring in and enjoy this book, while others may not be successful. It is important as a parent or carer to understand what will work for your child - and then continue to offer those tasks or activities to your child. If you have had success with colouring in the past - or have yet to try it, then this book is definitely for you! If your child has not enjoyed colouring in the past - then it is unlikely this book will make much difference, and perhaps it is not correct

for your child. Book Features: 90 Pages of coloring in  
Repeated activities for easy tracking of progress  
Circular designs to stimulate the correct parts of the  
brain Simple designs that are designed to reduce  
stress Favourite themes repeated from first editions  
Unfavourable designs left out Good Luck!

### **A Provider's Introduction to Substance Abuse Treatment for Lesbian, Gay, Bisexual, and Transgender Individuals**

Weddings are often the happiest day of a couple's life. At least for the bride it is. It's all about her. The bride has the chance to get all dolled up, be waited on hand and foot, then walk down the aisle looking like the beautiful princess that her daddy always told her she was. Now the bride being the main focus of attention is no problem to me at all. It's when we leave the wedding and go into marriage still thinking "It's still all about me." In wedding vows we promise to stay together "Til death do us part" but as for a relationship with God, until death, we are apart. Sin separates us from God. I've finally learned that to live in Christ we must die to ourselves. In marriage, we must die to many of our own desires and live for our spouses. When we live for God, He will show us how to live for our spouses. When we live selfishly we will always be craving for more but when we live selflessly, God will see to it that our needs are always supplied and our desires are satisfied. God will always see to it that you reap what you sow. In sharing some of my own experiences and what I've learned, I pray that I can sow seeds of hope into the lives of others.

This book is to show my journey towards building a relationship with God. As you will see, I too have lived in sin. We were all born into sin. Fortunately, God gives us free will to choose to continue living in sin or die to sin and receive new life in Him.

### **Broken Promises: A Saga of Love in War**

In a world which seems to be deluged with conflicts and social anxiety it's important to sometimes sit back, take a deep breath and reflect on how it is that we have created these realities. To fully understand the worth of Peace it can be argued that War must exist in some form, and it is to this end the concept of this anthology has been created. War and Peace aptly considers the juxtaposition of these opposing actions but also widens the aged old argument as to whether one can exist without the other. This collection of poetry broadens the view of war and peace and seeks to consider war torn conflicts alongside mental anguish and societal discourse in our communities

and home while also musing considerably about the various states of peace and tranquility that are created by being considerate to ourselves and others also. Now in its 2nd year, these poetry collections are fast becoming a key feature within the literary market and are proving that the creativity of these young poetic wordsmiths has a place in both the education system and in our modern society alike.
