As the long-time #1 best-seller, Garrison has helped guide close to 3 million students through managerial accounting since it was first published. It identifies the three functions managers must perform within their organisations - plan operations, control activities, and make decisions - and explains what accounting information is necessary for these functions, how to collect it, and how to interpret it. Garrison's Managerial Accounting is known for its relevance, accuracy, and clarity. It is also unique in that the authors write the most important supplements that accompany the book: solutions manual, test bank, instructor's manual, and study guide making them both of high quality and extremely consistent with the textbook.

Canadian Organizational Behaviour

For centuries, the lighthouse has stood as a beacon of guidance for mariners at sea. More than an aid to navigation, the lighthouse symbolizes safety, permanence, reliability, and the comforts of the familiar. For this reason, we have chosen to illustrate the eleventh Canadian edition of our flagship Managerial Accounting publication by Garrison/Libby/Webb with a lighthouse image that encapsulates the greatest strengths of this market leading text. Garrison guides students through the challenges of learning managerial accounting. It identifies the three functions managers must perform within their organizations--plan operations, control activities, and make decisions--and explains the accounting information necessary for these functions. The eleventh Canadian edition of Managerial Accounting continues to place an emphasis on three core qualities: relevance, balance and clarity.

Introduction to Managerial Accounting, 4/e by Brewer/Garrison/Noreen is based on the market-leading text, Managerial Accounting, by Garrison, Noreen and Brewer. However, this is not simply a briefer book with chapters removed; B/G/N has been

rethought and retooled to meet the needs of the market. B/G/N 4/e is a more accessible, yet thoroughly student-friendly text that satisfies the basic needs of the managerial accounting student without unnecessary depth on advanced topics associated with the follow-up course: cost accounting/cost management. Faculty and students alike will find this new edition has retained the hallmark features of the Garrison brand: author-written supplements, excellent readability, terrific examples, and balanced end-of-chapter material.

Managerial Accounting for Managers, 2nd Edition by Noreen/Brewer/Garrison is based on the market-leading text, Managerial Accounting, by Garrison, Noreen and Brewer. The Noreen book was created to serve customers who do not wish to teach the financial accounting-oriented content that is included in the Garrison book. Of our three books (the Brewer book, the Garrison book, and the Noreen book), the

Noreen book is the most pure management accounting textbook. The other two books have greater amounts of financial accounting content. Managerial Accounting for Managers, 2nd Edition is geared towards professors who love Garrison's market-leading managerial accounting content, but have been bothered by the debits and credits included in the book. It includes the same coverage of managerial accounting topics such as Relevant Costs for Decision Making, Capital Budgeting Decisions, and Segment Reporting and Decentralization without the journal entries. The job-order costing chapter has been extensively rewritten to remove all journal entries. Furthermore, the chapters dealing with process costing, the statement of cash flows, and financial statement analysis have been dropped to enable professors to focus their attention on the bedrocks of managerial accounting--planning, control, and decision making.

The Seventh Edition of Canadian Organizational Behaviour is truly a "new and improved" McShane: new trim size, fresh new design, new co-author, reorganized table of contents, improved examples, and even enhanced readability. The McShane brand is known for its cutting edge research and scholarship, recognized for its "for Canadians, by Canadians" approach to content, and respected for its firm anchoring of Canadian material within a global context. No other OB book offers the kind of comprehensive coverage in such an accessible, readable format. Canadian Organizational Behaviour continues to lead the way as the most innovative OB text on the market. McShane was the first OB textbook to include topics such as workplace emotions, appreciative inquiry, social identity theory, future search events, virtual teams, workaholism, and emotional intelligence. The innovation continues in the seventh edition with new and expanded coverage of topics such as employee engagement, resilience, four-drive theory, blogs and wikis, psychological harassment, learning orientation, Schwartz's values model, and separating socioemotional from constructive conflict. The pedagogical features have been completely overhauled to speak to new and emerging topics in OB worldwide, including the opening vignettes, the photo essays in each chapter, and many of the end-of-chapter exercises and end-of-part cases.

Managerial Accounting for Managers, 3rd edition by Noreen/Brewer/Garrison is based on the market-leading managerial accounting solution, Managerial Accounting, by Garrison, Noreen and Brewer. The Noreen solution presents integrated and proven solutions designed to help attain course goals of student readiness, comprehension of content, and application of key concepts in the managerial accounting course, while addressing the needs of instructors who do not wish to teach the financial accounting-oriented content that is included in the Garrison solution. Of the three programs in the Garrison franchise (the Brewer solution, the Garrison solution, and the Noreen solution), the Noreen solution is the most pure management accounting content. The other two programs contain greater coverage of financial accounting topics. Managerial Accounting for Managers 3e is geared towards professors who love Garrison's market-leading managerial accounting content but prefer to approach their course by eliminating

the debits and credits coverage. The Noreen solution includes the managerial accounting topics such as Relevant Costs for Decision Making, Capital Budgeting Decisions, and Segment Reporting and Decentralization, however, the job-order costing chapter has been extensively rewritten to remove all journal entries. Furthermore, the chapters dealing with process costing, the statement of cash flows, and financial statement analysis have been dropped to enable professors to focus their attention on the bedrocks of managerial accounting—planning, control, and decision making. McGraw-Hill's Connect Accounting offers a complete digital solution combines all the great features of Connect Accounting, along with access to an online version of Managerial Accounting for Managers 3e, so that students can easily refer back to the text for review and guidance. This media rich eBook links directly to tutorials and online resources and offers additional functionality like taking notes and highlighting key passages for reviewing later. Contained within Connect Accounting is McGraw-Hill's adaptive learning system, LearnSmart, which is designed to help students learn faster, study more efficiently, and retain more knowledge for greater success. In addition, Interactive Presentations deliver learning objectives in an interactive environment, giving students access to course-critical content anytime, anywhere. About the book Use the most current information to prepare students for their field

- Emphasis on Global Issues reflect today's increasingly global business environment, including:
 - The importance of joint cost allocation in creating a trade war between poultry farms in South Africa and the United States (Chapter 16).
 - The text's examples of management accounting applications in companies are drawn from international settings.
 - Focus on merchandising and service sectors (versus traditional manufacturing settings) highlight the shifts in the US and world economies, including:
 - Several Concepts in Action boxes focus on the merchandising and service sectors, including achieving cost leadership at Trader Joes, using activity-based costing to reduce the costs of health care delivery at the Mayo Clinic (Chapter 5), reducing fixed costs at Twitter (Chapter 2), and analyzing operating income performance at Best Buy (Chapter 12) and web-based budgeting at 24 Hour Fitness.
 - Emphasis on sustainability as one of the critical managerial challenges of the coming decades, including:
 - Material that stress themes of recognizing and accounting for environmental costs, energy independence and the smart grid, setting stretch targets to motivate greater carbon reductions, using cost analysis, carbon tax, and cap-and-trade auctions to reduce environmental

footprints, and constructing “green” homes in a cost-effective manner. · More focus on the role of accounting concepts and systems in fostering and supporting innovation and entrepreneurial activities in firms including: · The challenges posed by recognizing R&D costs as period expenses even though the benefits of innovation accrue in later periods. · How companies budget for innovation expenses and develop measures to monitor success of the innovation efforts delinked from operational performance in the current period (Chapter 6). · The importance of nonfinancial measures when making decisions about innovation (Chapter 11). · The concept that innovation starts with understanding customer needs (Chapter 13). · Process innovations for improving quality (Chapter 19). · Cutting-edge topics are covered, including: · Material around recent trends in big data and data analytics in predicting costs and when making demand forecasts. Provide a solid presentation of accounting hallmarks with a great emphasis on strategy · Strategy maps are presented as a useful tool to implement the balanced scorecard and a simplified presentation of how income statements of companies can be analyzed from the strategic perspective of product differentiation or cost leadership. A new section helps students evaluate strategy maps such as the strength of links, differentiators, focal points and trigger points. · Try It examples are simple and focus on key ideas or concepts. They are located after a particular concept or calculation, and invite students to practice what they have just learned. · Becker Multiple Choice Questions in the assignment material probe students’ knowledge of the chapter material and their ability to think critically about key

concepts. · Opening Vignettes. Each chapter opens with a vignette on a real company situation. The vignettes get students engaged in a business situation, or dilemma, illustrating why and how the concepts in the chapter are relevant in business. New examples on Quiksilver, General Motors, Boeing, Delta, Honda, and Viacom have been incorporated. · Concepts in Action Boxes. Found in every chapter, these boxes cover real-world cost accounting issues across a variety of industries including automobile racing, defense contracting, entertainment, manufacturing, and retailing. New examples include Subway, Chipotle, H&M, Amazon, Under Armour, and Netflix.
