Harley Quinn Vol. 2: Harley Destroys the Universe

Presented in a graphic novel format, a memoir of the author's experience of growing up in the 1950s with Holocaust survivor parents describes their memories of family members lost in the war and the author's observations about memory and loss.

I Was a Child of Holocaust Survivors

An artist's unique take on the museum experience: peoplewatching Author and artist David Prudhomme meanders through the Louvre, feeling as if in the panels of a giant comic while he himself is creating his own is this graphic novel. In this institution, all manner of people from all over the world rub elbows quietly. So Prudhomme decides to cruise through the museum, not to look at the world famous art, but to observe the people and their interaction with it. As he wanders, he discovers a group of students somehow stuck together just as in the shipwreck on the Raft of the Medusa; a man standing behind the Seated Scribe, as if attempting to read over his shoulder; and in the hall of antiquities, a woman placing her head in a lion's mouth. This work presents readers a strange, silent, and casual choreography, danced in the midst of one of the most prestigious museums in the world.

* Frank Santoro's graphic novel takes place just

before the eruption of Pompeii in the year 79 AD. The story follows Marcus, a young expat artist from Paestum who works as an assistant in Pompeii to Flavius, a seemingly well-regarded painter. Aside from mixing paint, Marcus is entangled in the older artist's romantic deceptions, while stuck figuring out his own. Santoro has constructed a historical fiction that is rooted in emotional truths and structured around classical principles of composition.

Event Leviathan

Daniel Dunglas Home (1833-1886) was a charismatic medium whose seances were attended by European royalty and eminent Victorians like Elizabeth Barrett Browning. Thrown out by his aunt because of the paranormal events which plagued him since childhood, Home became a 'professional house guest' and medium at the age of 17. During seances he purportedly levitated, handled hot coals and channelled the voices of the dead. This volume, first published in 1877, is an evocative examination of spiritualism which explores the history of the practice via the Greeks, the Romans, and Joan of Arc. Simultaneously attacking fraudulent mediums while celebrating 'true' spiritualist practitioners, this fascinating work details both the criticism and support received by Home and features reproductions of numerous fan letters. Although colourful and impassioned, Home's polemic is written in an amiable style and provides fascinating insights into the life and work of the self-proclaimed 'Grandfather of English Spiritualism'.

NOW A MAJOR MOTION PICTURE The #1 bestselling author of *Saturday* and *Atonement* brilliantly illuminates the collision of sexual longing, deep-seated fears and romantic fantasy in his unforgettable, emotionally engaging novel. The year is 1962. Florence, the daughter of a successful businessman and an aloof Oxford academic, is a talented violinist. She dreams of a career on the concert stage and of the perfect life she will create with Edward, the earnest young history student she met by chance and who unexpectedly wooed her and won her heart. Edward grew up in the country on the outskirts of Oxford where his father, the headmaster of the local school, struggled to keep the household together and his mother, brain-damaged from an accident, drifted in a world of her own. Edward's native intelligence, coupled with a longing to experience the excitement and intellectual fervour of the city, had taken him to University College in London. Falling in love with the accomplished, shy and sensitive Florence--and having his affections returned with equal intensity--has utterly changed his

life. Their marriage, they believe, will bring them happiness, the confidence and the freedom to fulfill their true destinies. The glowing promise of the future, however, cannot totally mask their worries about the wedding night. Edward, who has had little experience with women, frets about his sexual prowess. Florence's anxieties run deeper: she is overcome by conflicting emotions and a fear of the moment she will surrender herself. From the precise and intimate depiction of two young lovers eager to rise above the hurts and confusion of the past, to the touching story of how their unexpressed misunderstandings and fears shape the rest of their lives, *On Chesil Beach* is an extraordinary novel that brilliantly, movingly shows us how the entire course of a life can be changed--by a gesture not made or a word not spoken.

MANUALE DI SOCIAL MEDIA MARKETING

Sydney seems like a normal 15-year-old freshman. She hangs out underneath the bleachers, listens to music in her friend's car, and gets into arguments with her annoying little brother — but she also has a few secrets she's only shared in her diary. Like how she's in love with her best friend Dina, the bizarreness of her father's death, and those painful telekinetic powers that keep popping up at the most inopportune times. In this collection of the self-published minicomic series, Forsman expertly channels the teenage ethos in a style that evokes classic comic strips while telling a powerful story about the intense, and sometimes violent, tug of war between trauma and control.

From Hell: Master Edition #5

In 1975 I was seven years old, and loved the Bazooka bubble-gums my mother would buy for Walid and me in Spinney's supermarket Beirut in the 1970s is a paradise. Wealthy families ride escalators and fill shopping carts with imported food and luxury products from Paris and New York. Lamia Ziadé, seven years old, dreams of banana splits, American candy, flying on Pan Am Airways and visiting the local cinema. Considered by the elite the 'Paris, Las Vegas or Monaco of the Middle East', Beirut was in reality a powder-keg, waiting for a spark. On 13 April 1975 Lamia and her family returned from lunch in the countryside to find a city in flames. Looking back on the golden days before the war, and its immediate, devastating effects, *Bye Bye Babylon* positions an elegiac and shocking narrative next to a child's perspective of the years 1975-79: of consumer icons next to burning buildings, scenes of violence and sparkling new weapons painted in vivid technicolour - war as pop. It is both a lament for a home transformed by a destructive madness, and an inventory of the concrete objects of her childhood: the objects, details and fragments of memory which combine to capture the impossible reality of war. Part artist's sketchbook, part travel notebook and part family album, *Bye Bye Babylon* is a unique graphic memoir, and an important addition to the Cape list.
