It was not silk and spices or any other commercial product that kept Marco Polo in China for years and have continued to attract huge numbers of people (especially men!) to the Orient. It was the sensual side of Asian cultures, particularly the charms of young women, says the author of this book. [China, Korea, Thailand, Malaysia and the Philippines have more beautiful women per capita than any Western country, he adds, and has obviously made a detailed study of the subject--his

Korean American Catholics are celebrating their jubilee after having been officially recognized by the Archdiocese of San Francisco in 1966. This occasion affords the flourishing Korean American Catholic community to take stock of their identity, celebrate this milestone, and prepare for the future. What does it mean to be a Korean American Catholic? What are their particular challenges and hopes? The works contained in this book, articles written by leading Korean American scholars, theologians, and priests, serve to answer those questions and pose new ones, and lay down a marker that will surely one day be recognized as another significant one in the history of this growing voice in the United States religious landscape.
