Gilded Lives, Fatal Voyage

From the acclaimed and award-winning author of *The Hunger* comes an eerie, psychological twist on one of the world's most renowned tragedies, the sinking of the Titanic and the ill-fated sail of its sister ship, the Britannic. Someone, or something, is haunting the ship. Between mysterious disappearances and sudden deaths, the guests of the Titanic have found themselves suspended in an eerie, unsettling twilight zone from the moment they set sail. Several of them, including maid Annie Hebley, guest Mark Fletcher, and millionaires Madeleine Astor and Benjamin Guggenheim, are convinced there's something sinister--almost otherworldly--afoot. But before they can locate the source of the danger, as the world knows, disaster strikes. Years later, Annie, having survived that fateful night, has attempted to put her life back together. Working as a nurse on the sixth voyage of the Titanic's sister ship, the Britannic, newly refitted as a hospital ship, she happens across an unconscious Mark, now a soldier fighting in World War I. At first, Annie is thrilled and relieved to learn that he too survived the sinking, but soon, Mark's presence awakens deep-buried feelings and secrets, forcing her to reckon with the demons of her past--as they both discover that the terror may not yet be over. Brilliantly combining the supernatural with the height of historical disaster, *The Deep* is an exploration of love and destiny, desire and innocence, and, above all, a quest to understand how our choices can lead us inexorably toward our doom.

Maiden Voyage

This is a collection of women's travel writings, including work by Joan Didion, Edith Wharton, Mildred Cable, Willa Cather, Isak Dinesen, and others. In wry, lyrical, and sometimes wistful voices, they write of disguising themselves as men for safety, of longing for family left behind or falling in love with people met along the way, and of places as diverse as icy Himalayan passes and dusty American pioneer towns, the darkly wooded Siberian landscape and the lavender-covered hills of Provence. Yet even as their voices, experiences, and paths vary, they share with one another--and with us as readers--reflections upon their gender as it is illuminated by unfamiliar surroundings. Edited and with an Introduction by Mary Morris, in collaboration with Larry O'Connor. Contributors and writings include: Mary Wollstonecraft, "Letters Written During a Short Residence in Sweden, Norway, and Denmark"; Flora Tristan, "Peregrinations of a Pariah"; Frances Trollope, from "Domestic Manners of the Americans"; Eliza Farnham, from "Life in Prairie Land"; Isabella Bird, from "A Lady's Life in the Rocky Mountains"; Margaret Fountaine, from "Love Among the Butterflies"; Gertrude Bell, from "The Desert and the Sown"; Edith Wharton, from "In Morocco"; Willa Cather, from "Willa Cather in Europe"; Isak Dinesen, from "Out of Africa"; Kate O'Brien, from "Farewell Spain"; Rebecca West, from "Black Lamb and Grey Falcon"; Ella Maillart, from "The Cruel Way"; Emily Hahn, from "Times and Places"; M.F.K. Magic Tree House Fact & Fiction: Soccer

What begins as the sheer desire for adventure turns into a spiritual quest as a young woman comes to terms with her family, her dreams, and her first love. Tania Aebi was an unambitious eighteen-year-old, a bicycle messenger in New York

City by day, a Lower East Side barfly at night. In short, she was going nowhere—until her father offered her a challenge: Tania could choose either a college education or a twenty-six-foot sloop. The only catch was that if she chose the sailboat, she'd have to sail around the world—alone. She chose the boat, and for the next two and a half years and 27,000 miles, it was her home. With only her cat as companion, she discovered the wondrous beauties of the Great Barrier Reef and the death-dealing horrors of the Red Sea. She suffered through a terrifying collision with a tanker in the Mediterranean and a lightning storm off the coast of Gibraltar. And, ultimately, what began with the sheer desire for adventure turned into a spiritual quest as Tania came to terms with her troubled family life, fell in love for the first time, and—most of all—confronted her own needs, desires, dreams, and goals...

Voyage

This is the very first book in which Titanic's passengers and crewmen are permitted to tell the story of the disaster entirely in their own words via the texts of letters, postcards, diary entries and memoirs that were written before, during and immediately after the maiden voyage itself. Many of the pre-sailing documents were written by people who later lost their lives in the sinking and represent the last communications that these people ever had with their friends and loved ones at home. These letters and postcards give an unparalleled description of the events that occurred during the five days that Titanic was at sea, and the communications that were written by survivors after the sinking describe the horror of the disaster itself and the heartbreak they experienced at the loss of their loved ones. This moving book, by Titanic expert George Behe, also contains brief biographies of the passengers ? victims as well as survivors ? who wrote the documents in question.

Shadow of the Titanic

The RMS Titanic was the largest passenger steamship in the world when it set off on its maiden voyage from Southampton on April 10th 1912. Four days into the trip, on April 14th, the magnificent cruiser struck an iceberg and sank, resulting in the deaths of 1,517 people in one of the biggest peacetime maritime disasters in history. This special 100th anniversary book not only charts her fateful journey but also describes the media frenzy about her famous victims, the legends surrounding the sinking, the resulting changes to maritime law, and the discovery of the wreck - all factors that have contributed to our long-held fascination with the ill-fated ocean liner.

The Maiden Voyage of New York City

The best starship. The best crew. Nothing could possibly go wrong. Everybody believed so. There were wrong. A hell lot of things were to go wrong. Maddeningly, things went wrong exactly because starship and crew were the best. "MAIDEN VOYAGE - THE PENDRAGON'S GIMME FIVE EVENT" is an amazing Science Fiction novel including a plethora of exiting elements which together form an entraining story which carries the reader along into an astounding universe of stunning adventures. The novel includes all the classical elements of Science Fiction, like starships, hyperspace, different alien species, and exo-planets. Beyond that, the story includes a murder mystery, a gentle and tender yet troubled romance, with the unfortunate lovers being subjected to contrarian outside pressures, big-power politics, military strategy, the machinations of galactic secret services, a sufficient amount of technology to fulfil the desires of fans of 'hard sci-fi', the occasional dose of (dark) humour, a bit of a Robinsonade, and much insight into the behaviour of humans under extreme distress. The characters have been crafted with skill and determination to make them life-like, desisting from the temptation to create superheroes while yet having them strong enough to let their successes appear credible. There is some good deal of outer action, while much of what is going on in the novel is centred around the characters, their interests and desires, their compulsions and obligations, their sense of duty and their conflicting instincts. Carefully crafted dialogues make up a good share of the book and let the reader experience the characters' thoughts via their own words.

Time Voyage

Gilded Lives, Fatal Voyage takes us behind the paneled doors of the Titanic's elegant private suites to present compelling, memorable portraits of her most notable passengers. The intimate atmosphere onboard history's most famous ship is recreated as never before. The Titanic has often been called "an exquisite microcosm of the Edwardian era," but until now, her story has not been presented as such. In Gilded Lives, Fatal Voyage, historian Hugh Brewster seamlessly interweaves personal narratives of the lost liner's most fascinating people with a haunting account of the fateful maiden crossing. Employing scrupulous research and featuring 100 rarely-seen photographs, he accurately depicts the ship's brief life and

tragic denouement, presenting the very latest thinking on everything from when and how the lifeboats were loaded to the last tune played by the orchestra. Yet here too is a convincing evocation of the table talk at the famous Widener dinner party held in the Ritz Restaurant on the last night. And here we also experience the rustle of elegant undergarments as first-class ladies proceed down the grand staircase in their soigné evening gowns, some of them designed by Lady Duff Gordon, the celebrated couturière, who was also on board. Another well-known passenger was the artist Frank Millet, who led an astonishing life that seemed to encapsulate America's Gilded Age—from serving as a drummer boy in the Civil War to being the man who made Chicago's White City white for the 1893 World Exposition. His traveling companion Major Archibald Butt was President Taft's closest aide and was returning home for a grueling fall election campaign that his boss was expected to lose. Today, both of these once-famous men are almost forgotten, but their ship-mate Margaret Tobin Brown lives on as "the Unsinkable Molly Brown," a name that she was never called during her lifetime. Millionaires John Jacob Astor and Benjamin Guggenheim, writer Helen Churchill Candee, movie actress Dorothy Gibson, aristocrat Noelle, the Countess of Rothes, and a host of other travelers on this fateful crossing are also vividly brought to life within these pages. Through them, we gain insight into the arts, politics, culture, and sexual mores of a world both distant and near to our own. And with them, we gather on the Titanic's sloping deck on that cold, starlit night and observe their all-too-human reactions as the disaster unfolds. More than ever, we ask ourselves, "What would we have done?"

Keenly observed autobiographical fiction and journal entries from acclaimed writer Denton Welch, featuring an introduction by William S. Burroughs "In Youth Is Pleasure" recounts the summer vacation of Orvil Pym—a sensitive, withdrawn, and deeply unhappy boy of fifteen. Following a trying year at public school, Orvil spends the summer with his father and two older brothers. The quotidian events of a seemingly ordinary summer are rendered dazzling by the intensity of adolescence and Welch's gift for human observation. First published in 1945, "In Youth Is Pleasure" is based closely on Welch's own adolescent experiences of solitude and introspection. This volume also includes "I Left My Grandfather's House," an unforgettable account of a walking tour through the British countryside. These two works feature Welch at his autobiographical best.

A story of secrets, sisterhood, and adventure aboard the Titanic!

Maiden Voyage

As the Titanic and her passengers sank slowly into the Atlantic Ocean after striking an iceberg late in the evening of April 14, 1912, a nearby ship looked on. Second Officer Herbert Stone, in charge of the midnight watch on the SS Californian sitting idly a few miles north, saw the distress rockets that the Titanic fired. He alerted the captain, Stanley Lord, who was sleeping in the chartroom below, but Lord did not come to the bridge. Eight rockets were fired during the dark hours of the midnight watch, and eight rockets were ignored. The next morning, the Titanic was at the bottom of the sea and more than 1,500 people were dead. When they learned of the extent of the tragedy, Lord and Stone did everything they could to hide their role in the disaster, but pursued by newspapermen, lawyers, and political leaders in America and England, their terrible secret was eventually revealed. The Midnight Watch is a fictional telling of what may have occurred that night on the SS Californian, and the resulting desperation of Officer Stone and Captain Lord in the aftermath of their inaction. Told not only from the perspective of the SS Californian crew, but also through the eyes of a family of third-class passengers who perished in the disaster, the narrative is drawn together by Steadman, a tenacious Boston journalist who does not rest until

the truth is found. David Dyer's *The Midnight Watch* is a powerful and dramatic debut novel--the result of many years of research in Liverpool, London, New York, and Boston, and informed by the author's own experiences as a ship's officer and a lawyer.

The Midnight Watch

Bruce Dickinson is the instantly-recognisable frontman of heavy metal behemoths Iron Maiden. But there is so much more than a set of fine lungs to this hyperactive life-grabber, for whom it seems standing still is going backwards. The man once dubbed 'The Air Raid Siren' has also enjoyed hugely successful parallel careers as a fiction author, world-class fencing competitor, history expert, radio and TV presenter, movie maker, commercial pilot, inspirational speaker and entrepreneur. Since he re-joined Iron Maiden in 1999 they have continued to explore and develop, taking metal into ever more uncharted territories, as they blend a progressive outlook with a fearless approach that pushes at the very boundaries of the genre. In 2015, the voice, and the life, of Iron Maiden's singer were placed in the cruellest jeopardy as he was diagnosed with a golf-ball sized cancerous tumour on his tongue. Undaunted, Dickinson set to his recovery with the energy of one for whom a night's sleep is an irritant amidst the serious - and sometimes silly - matter of wringing every last drop out of life. There could only ever be one winner. Since his return to fitness, Iron Maiden have released an acclaimed sixteenth album, *The Book of Souls*, for which the singer changed hats between gigs, flying the band around the world as captain of Maiden's special airliner, *Ed Force One*. This first biography of Bruce Dickinson tells his story through exclusive interviews with those who know him best, including first accounts by ex-members of Iron Maiden including fellow one-time vocalists Paul Di'Anno and Blaze Bayley. From his formative days straddling the upsurge of the New Wave of British Heavy Metal, through his solo years and up to his present day legendary status, this is the ultimate rock 'n' roll story.

Maiden Voyage

A heart-swelling debut for fans of *The Silver Linings Playbook* and *The Curious Incident of the Dog in the Night-Time*. Sometimes life isn't as simple as heroes and villains. For Zelda, a twenty-one-year-old Viking enthusiast who lives with her older brother, Gert, life is best lived with some basic rules: 1. A smile means "thank you for doing something small that I liked." 2. Fist bumps and dabs = respect. 3. Strange people are not appreciated in her home. 4. Tomatoes must go in the middle of the sandwich and not get the bread wet. 5. Sometimes the most important things don't fit on lists. But when Zelda finds out that Gert has resorted to some questionable—and dangerous—methods to make enough money to keep them afloat, Zelda decides to launch her own quest. Her mission: to be legendary. It isn't long before Zelda finds herself in a battle that tests the reach of her heroism, her love for her brother, and the depth of her Viking strength. *When We Were Vikings* is an uplifting debut about an unlikely heroine whose journey will leave you wanting to embark on a quest of your own, because after all we are all legends of our own making.

A Maiden's Voyage

A moving coming-of-age novel based on the author's adolescent experiences in China. At sixteen, Denton Welch was attending school in Derbyshire, England. One morning, instead of taking the train to school, he caught a bus traveling in the opposite direction with no real plan except to start a new adventure. Although he reluctantly returned to school at his family's bidding, he soon received a letter postmarked from Shanghai—a letter from his father suggesting that Denton join him in China. So began a momentous journey that would shape young Denton Welch's life. Leaving behind his companions at school as well as the life he had known, he traveled across the globe to China, where he was seized with a sense of wonder completely new to him. It was there, so far from his roots, that young Denton began to explore his ambitions, aspirations, and secret desires. Written with an artist's keen sensibility for observation and inspired by J. R. Ackerley's *Hindoo Holiday*, *Maiden Voyage* is an unforgettable tale of growing up and discovering oneself.

Maiden Voyages

IN the early morning hours of April 15, 1912, the icy waters of the North Atlantic reverberated with the desperate screams of more than 1,500 men, women, and children—passengers of the once majestic liner *Titanic*. Then, as the ship sank to the ocean floor and the passengers slowly died from hypothermia, an even more awful silence settled over the sea. The sights

and sounds of that night would haunt each of the vessel's 705 survivors for the rest of their days. Although we think we know the story of Titanic—the famously luxurious and supposedly unsinkable ship that struck an iceberg on its maiden voyage from Britain to America—very little has been written about what happened to the survivors after the tragedy. How did they cope in the aftermath of this horrific event? How did they come to remember that night, a disaster that has been likened to the destruction of a small town? Drawing on a wealth of previously unpublished letters, memoirs, and diaries as well as interviews with survivors' family members, award-winning journalist and author Andrew Wilson reveals how some used their experience to propel themselves on to fame, while others were so racked with guilt they spent the rest of their lives under the Titanic's shadow. Some reputations were destroyed, and some survivors were so psychologically damaged that they took their own lives in the years that followed. Andrew Wilson brings to life the colorful voices of many of those who lived to tell the tale, from famous survivors like Madeleine Astor (who became a bride, a widow, an heiress, and a mother all within a year), Lady Duff Gordon, and White Star Line chairman J. Bruce Ismay, to lesser known second- and third-class passengers such as the Navratil brothers—who were traveling under assumed names because they were being abducted by their father. Today, one hundred years after that fateful voyage, *Shadow of the Titanic* adds an important new dimension to our understanding of this enduringly fascinating story.
