—Jim Collins, author *Good to Great*, coauthor *Built to Last* From the author of New York Times bestsellers *Contagious* and *Invisible Influence* comes a revolutionary approach to changing anyone’s mind. Everyone has something they want to change. Marketers want to change their customers’ minds and leaders want to change organizations. Start-ups want to change industries and nonprofits want to change the world. But change is hard. Often, we persuade and pressure and push, but nothing moves. Could there be a better way? This book takes a different approach. Successful change agents know it’s not about pushing harder, or providing more information, it’s about being a catalyst. Catalysts remove roadblocks and reduce the barriers to change. Instead of asking, “How could I change someone’s mind?” they ask a different question: “Why haven’t they changed already? What’s stopping them?” The Catalyst identifies the key barriers to change and how to mitigate them. You’ll learn how catalysts change minds in the toughest of situations: how hostage negotiators get people to come out with their hands up and how marketers get new products to catch on, how leaders transform organizational culture and how activists ignite social movements, how substance abuse counselors get addicts to realize they have a problem, and how political canvassers change deeply rooted political beliefs. This book is designed for anyone who wants to catalyze change. It provides a powerful way of thinking and a range of techniques that can lead to extraordinary results. Whether you’re trying to change one person, transform an organization, or shift the way an entire industry does business, this book will teach you how to become a

Dicționar minimal al limbii române

This volume contains two very different narratives: a work of literary imagination on early Hungarian history, and an eye-witness account of the Mongol invasion of 1241/42. An anonymous notary of King Bela of Hungary (probably Bela III, d. 1196), also Known as P dictus magister, wrote a Latin Gesta Hungarorum, (ca 1200/10), and enigmatic and much disputed work on the Hungarian conquest of the Carpathian Basin in the late ninth century, including a mythical origo gentis, and a history of the Magyars prior to the foundation of the kingdom in 1000 A.D. Additionally, he wove into it stories of heroic ancestors of the great men of his time. Anonymus (as he is commonly referred to) tried to (re)construct the events and protagonists---including ethnic groups---of several centuries before from the names of places, rivers, and mountains of his time, assuming that these retained the memory of times past. Based on

Online Library Manual Limba Romana Pentru Straini Daniela Kohn

these, he presented a narrative in the style of the popular romances of the siege of Troy and the exploits of Alexander the Great, also utilizing some oral traditions and earlier chronicles. One of his major "inventions" was the inclusion of Attila the Hun into the Hungarian royal genealogy, a feature later developed into the myth of Hun-Hungarian continuity (by Simon of Keza and other chroniclers). Already translated into most Central-European languages, it is here for the first time presented in an updated Latin text with an annotated English translation. The Italian Master Roger (born around the time the retired notary was writing his Gesta) was canon of the cathedral of Varad/Oradea when the Mongols attacked Hungary. He recorded in great detail and vivid prose his experiences, including his hiding from and falling into the hands of the "Tatars". This he prefaced by an astute observation of political conflicts in mid-thirteenth-century Hungary. His description of the events, together with those of Archdeacon Thomas of Split (CEMT 4), is the basic evidence for the horrible devastation of the country by Batu Khan's armies. The present translation is based on the editio princeps of 1488, as no manuscript has survived.

LEARN ROMANIAN THROUGH CONVERSATION This book is in Romanian. It is a B1/B2-level course in Romanian for foreign students. The main focus is on conversation. Cele optsprezece teme prezente în această carte doresc să iasă din tiparul manualelor dedicate învățării limbii române de către străini. Sunt

abordate teme noi, de actualitate - și deci prezente în viața obișnuită -, de fiecare zi. Unele dintre aceste teme sunt serioase, altele sunt amuzante, dar toate sunt interesante. Metoda folosită în această carte este cea comunicativă. Toate temele încep cu câteva întrebări pregătitoare, care conduc cursantul către tema discutată. Întrebările sunt urmate de citirea unui text în cadrul căruia este introdus vocabularul tematic, totul culminând cu o serie de exerciții care ajută într-un prim pas la însușirea cunoștințelor și apoi la punerea în practică a acestora. Prin jocurile de rol sunt prezentate diferite situații de care fie ne-am izbit, fie am auzit de la prietenii nostri, iar cursanții au posibilitatea să folosească termenii dobândiți în pașii anteriori. Discuțiile libere dezvoltă capacitățile cursanților de a discuta în limba română, accentul fiind pus pe conversație. Exercițiile de vocabular vin să susțină această abilitate de a dezbate, prin asimilarea de noi termeni și expresii, contribuind astfel la dezvoltarea vocabularului specific nivelului B1/B2, conform Cadrului European de Referință. Temele prezentate în această carte sunt următoarele: Administrația publică și corupția Buna creștere Educația Căsătoria Cum vă simțiți? Relația de dragoste Emigrarea Greu de vândut În vacanță Regalitate Modă Schimbări în viață Sporturi extreme Prietenia Un nou loc de muncă Unde locuiesc Viața la țară Viața și banii Cartea este ideală atât pentru cursurile de grup, cât și pentru cursurile individuale, putând fi în același timp un instrument complementar cursurilor care se bazează exclusiv pe învățarea noțiunilor de gramatică specifice nivelului B1-B2.

Bun venit în România!

Nikephoros Bryennios' history of the Byzantine Empire in the 1070s is a story of civil war and aristocratic rebellion in the midst of the Turkish conquest of Anatolia. Commonly remembered as the passive and unambitious husband of Princess Anna Komnene (author of the Alexiad), Bryennios is revealed as a skilled author whose history draws on cultural memories of classical Roman honor and proper masculinity to evaluate the politicians of the 1070s and implicitly to exhort his twelfth-century contemporaries to honorable behavior. Bryennios' story valorizes the memory of his grandfather and other honorable, but failed, generals of the eleventh century while subtly portraying the victorious Alexios Komnenos as un-Roman. This reading of the Material for History sheds new light on twelfth-century Byzantine culture and politics, especially the contested accession of John Komnenos, the relationship between Bryennios' history and the Alexiad and the function of cultural memories of Roman honor in Byzantium.
