Edexcel GCSE (9-1) Mathematics: Higher Student Book

In *Making Every Maths Lesson Count*: Six principles to support great maths teaching, experienced maths teacher and lecturer Emma McCrea takes away the guesswork as she sums up the key components of effective maths teaching. Maths classrooms are incredibly complex places. At any given time, the factors influencing the effectiveness of your teaching are boundless and this can lead to relying on intuition as to what might work best. This book aims to signpost a route through this complexity. Writing in the practical, engaging style of the award-winning *Making Every Lesson Count*, Emma McCrea helps teachers to move beyond trial and error by sharing evidence-informed tips and suggestions on how they can nudge the impact of their teaching in the right direction. *Making Every Maths Lesson Count* is underpinned by six pedagogical principles challenge, explanation, modelling, practice, feedback and questioning and presents 52 high-impact strategies designed to streamline teacher workload and ramp up the level of challenge in the maths classroom. The book draws out the key findings from the latest research on memory, learning and motivation and each chapter features numerous worked examples to demonstrate the theory in action, together with a concluding series of questions that will help maths practitioners relate the content to their own classroom practice. Furthermore, Emma's writing offers clarity around the language of maths teaching and learning, and also delves into the finer points of how to identify and address any misconceptions that students may hold. Written for new and experienced practitioners alike, this gimmick-free guide provides sensible solutions to perennial problems and inspires a rich, challenging and

evidence-based approach to the teaching of maths. Suitable for maths teachers of students aged 11 to 18 years, and for primary school maths specialists.

Unicorn Coloring Book For Kids Age 4-8

Unicorn Coloring Book For Kids Age 4-8! 100 completely unique unicorn coloring pages for kids ages 4-8! Unicorns are so much fun to color because they lead such interesting, magical lives! They meet princesses, dragons and mermaids. They visit castles and enchanted woodlands, fly through stars and rainbow skies and even wind up in the Land of Sweets! Share the fun and magic of unicorns with a special child! This coloring book is a great non-screen activity to stimulate a child's creativity and imagination. It makes a perfect gift! About this unicorn coloring book:

- Contains 100 completely unique coloring pages. There are NO duplicate images in this book.
- The pages are single-sided to prevent bleed-through, and so that pages can be removed and displayed without losing an image on the back.
- We have carefully designed each page to be entertaining and suitable for children in the 4 to 8 year-old age range. We have avoided overly-intricate designs as well as overly-simplistic ones. We believe children of this age love coloring fun scenes that fire up their imaginations, not a book full of simple shapes.
- The pages are a nice, large 8.5x11 size

Seeing her as more than just a friend would drive my heart wild, she is special to me in every way let's call her Jana she has no idea what she makes me feel inside. I have known her a little over two years but feels like forever even when we talk every day and it's not like we haven't planned to see each other again it has been in my mind to finally be in love with a woman and she's the closest to my heart for years. Jana and I have the same thoughts also beliefs of a happy couple, no she's never been with another woman, so this is my chance to show her the love I feel but take it slowly and thoughtful as possible. I believe Jana can be happy with the right person as though it might be scary at first but what woman isn't when they go for someone new? This is my story of how my happiness to Jana Johnson was worth it. My name is Angel Knight and I'll be guiding you to beginning and end.
