A legendary author and indisputably the greatest storyteller in his genre of all time, L'Amour captivated millions of readers and has sold well over three hundred million copies of his works, which includes nearly ninety novels and countless short stories. Mistakes Can Kill You highlights an essential selection featuring nine of L'Amour's earlier short stories, sometimes written under the pen name Jim Mayo, that exemplify the rugged morality of the best Western writing. ## Message in a Bottle (A Titanic Story)

"Dear Samuel Clemens" details the history surrounding the recoveries of treasure and artifacts at four American historical sites, along with the parallels, coincidences and facts that link them together. Randy connects a vintage, sunken, Mississippi riverboat at Cape Girardeau; the legendary Spanish shipwreck, Atocha, located near the Marquesas; the Mark Twain boyhood home at Hannibal, Missouri; and the 1715 Spanish treasure fleet shipwrecks off the "Treasure Coast" of Florida. Randy has worked all of these sites either as a treasure diver or an excavator. This book is comprised of sixty messages, duplicates of the same messages which he placed in sixty bottles. Each bottle was launched into the Mississippi River either at Hannibal or Cape Girardeau. In the bottled messages, Randy writes to and shares with Mark Twain what the historical sites have revealed to him as he takes the reader along on the journey. The remarkable ties between the world's greatest treasure hunter Mel Fisher and America's most notable author Samuel Clemens are at the core of these messages. The sites, histories, and revelations are uniquely delivered throughout this book, often in a deeply personal manner.

Bernard Krigstein began his career as an unremarkable journeyman cartoonist during the 1940s and finished it as a respected fine artist and illustrator — but comics historians know him for his explosively creative 1950s, during which he applied all the craft, intelligence and ambition of a burgeoning “serious” artist to his comics work, with results that remain stunning to this day. Krigstein’s legend rests mostly on the 30 or so stories he created for the EC Comics, but dozens of stories drawn for other, lesser publishers such as Rae Herman, Hillman, and Atlas (which would become Marvel) showcase his skills and radical reinterpretation of the comics page, in particular his groundbreaking slicing and dicing of time lapses through a series of narrow, nearly animated panels. Greg Sadowski, who has previously written and designed a Harvey Award-winning biography of Krigstein, has assembled the very best of Krigstein’s comics work, starting with his earliest creative rumblings, through his glory days at EC, to his final, even more brilliantly radical stories for Atlas Comics — running through every genre popular at the time, be it horror, science fiction, war, western, or romance (but no super-heroes).
