A long-awaited new edition of the seminal text on the spiritual system that is a convergence of Gnosticism and Haitian voodoo, The Voudon Gnostic Workbook is a singular sacred work that is comprehensive in scope -- from "how to be a lucky Hoodoo" to how magick and voodoo intersect energetically, to esoteric time travel. Complete with charts and graphs and instructive interdimensional physics, The Voudon Gnostic Workbook is an "object of desire" among students of the occult. Weiser's long-anticipated republication of this rare text will be an event in the

annals of esoteric publishing, as the book itself is somewhat of an "unholy grail." There are listservers devoted to it and much discussion of the mysteries held within its pages. While *The Voudon Gnostic Workbook* has remained a controversial book considered important for masters of metaphysics, it recently came into popular culture and renewed popularity when Grant Morrison revealed it had been the inspiration for his cult comics *The Invisibles*, using the cribbed time travel from Bertiaux's masterwork. Voodoo is not an evil religion and is much misunderstood. It derives from the Dahomean Gods called the "Loa." Esoteric voodoo is actually a highly practical procedure for leading us into making contact with the deepest levels of our being and most ancient modes of consciousness. Michael Bertiaux's *Voudon Gnostic Workbook* is the most comprehensive and illuminating contemporary book on the subject. Launched out of a correspondence course and series of classes for students and followers of Voudon Gnosticism and the OTO, this seminal text is at once one of the most mysterious and magnificent of all esoteric books.

Many people have been trying to explain the power of the subconscious mind through books and seminars for more than a century. Different writers approached this subject at different angles and most of them did not achieve their expected results as most readers did not really understand the concept or were not really convinced with what they have read. This book comes with a unique intention of helping you to achieve anything you really want and equally important, getting rid of anything you do not want. This is done by optimizing your subconscious mind power through The Mindynamics System. During those years of application and practice, I have managed to find out more about the subconscious mind: what works and what doesn't; and why. I have also created The Mindynamics System that explains clearly why and how the subconscious mind works. "I wish to invite you to the consideration of a great principle of Nature—a great natural force that manifests its activities in the phenomena of Dynamic Mentation—a great Something the energies of which I have called MIND-POWER." My thought on the subject is based upon the fundamental conception that THERE EXISTS IN NATURE A DYNAMIC

MENTAL PRINCIPLE—A MIND-POWER—PERVADING ALL SPACE—IMMANENT IN ALL THINGS—MANIFESTING IN AN INFINITE VARIETY OF FORMS, DEGREES, AND PHASES. I hold that this energy, or force, or dynamic principle, is no respecter of persons. Its service, like that of the sun and rain, and all natural forces, is open to all—just and unjust; good and bad; high and low; rich and poor. It responds to the proper efforts, no matter by whom exerted, or for what purpose called into effect. But the proper effort must be exerted, consciously or unconsciously, else there will be no operation of the force." - William Walker Atkinson  
William Walker Atkinson (1862-1932) was a prolific writer. His works treat themes related to the mental world, occultism, divination, psychic reality, and mankind's nature. They constitute a basis for what Atkinson called "New Psychology" or "New Thought".
