Who Stole My Mojo?

Nationally acclaimed parent coach and trainer Tina Feigal returns with this revised edition of her book, formerly titled *The Pocket Coach for Parents*. With new content on trauma-effective parenting, *Present Moment Parenting: Your Guide to a Peaceful Life with Your Intense Child* will help you: * Understand the connection between the child's heart and brain * Recognize how the brain responds to stress and trauma * Learn effective parenting strategies to decrease intensity and create peace at home There are many reasons a child doesn't respond to typical parenting techniques--a mental health diagnosis (such as ADHD or ODD), a life challenge (such as divorce or removal from home), autism, attachment issues, giftedness, physical or emotional trauma--or simply being "hard to handle." Whatever the root cause of the intensity, *Present Moment Parenting* will give you the tools you need to create a peaceful life.

Midlife Mojo

When Mojo Sheepshanks, a regular at Bad-Ass Bert's Biker Saloon who is in love with an undercover cop, begins seeing ghosts, she uses her strange new talent to find her true identity, despite the danger it leads to.

Peak

In *American Mojo: Lost and Found*, Peter D. Kiernan, award-winning author of *New York Times* bestseller *Becoming China's Bitch*, focuses on America's greatest challenge—and opportunity—restoring the middle class to its full promise and potential. Our educated, skilled and motivated middle class was the cornerstone of America's postwar economic might, but the country's dynamic core has struggled and changed dramatically through the last three decades. Kiernan's extensively researched story, told through individual histories, shows how the middle class flourished under unique circumstances following World War II; and details how our middle class has been rocked and shaped by events abroad as much as at home.

By excluding too many Americans, the middle class we reverently recall was fractured from the beginning. What emerges through his storytelling is a picture of middle class decline and opportunity that is fuller, more moving and profound, and ultimately more useful in terms of charting a path forward than other examinations. His unique global perspective is a vital ingredient in charting the way ahead. This new frontier thesis shows that middle class greatness is again within our grasp—if we take some powerful medicine and seize the global opportunity. America possesses the skills and talent the world needs. Americans must embrace what brought our middle class to prominence in the first place—our American Mojo—before it is too late and other countries steal the march. All that is at stake is the soul of our nation.

Paint Mojo - a Mixed-Media Workshop

The follow-up to global bestseller *What Got You Here Won't Get You There* (the Amazon.com no.1 bestseller for 2007 on *Leading People*) addresses the vital phases of gaining mojo (tough), maintaining it (tougher) and recapturing it after you lose it (toughest of all, but not impossible) This is vital in any competitive arena, whether business, sport or politics. Goldsmith draws on new research, as well as his extensive experience with corporate teams and top executives, to provide compelling case studies throughout. Readers will learn the 26 powers that are within us all and will come away with a new, hyper-effective technique to define, track and ensure future success for themselves and their organisations. Goldsmith's one-on-one training usually comes with a six-figure price tag. Now his advice is available without the hefty fee.

The Mojo Collection

The beloved host of PBS Kids' *Dinosaur Train* presents an activity-complemented guide for caregivers and teachers on how to alleviate common childhood challenges by forging strong connections between children and nature. 25,000 first printing.

Mojo Mom

A stress-free guide to getting your visual mojo back! Hand-drawn visuals are engaging, creative and quick to create. Use them while you're listening to speakers or in meetings, making a presentation or speech, or getting the team together to problem solve or generate solutions and ideas.

Go-getter: Raise Your Mojo, Shift Your Mindset and Thrive

A Note from the Author and from O'Reilly Media about what this book does--and doesn't--do: Palm webOS is a brand new platform and represents a very different type of operating system where the web runtime is used as the basis for the UI and Application model. Palm and O'Reilly felt that it was important to have a book available to help developers get a basic understanding of the new Palm platform at the time that the SDK was released; this timing played a major role in the content and structure of the book. Ideally this book would have been a complete reference

of the new platform but that wasn't possible since the content was written at the same time as the software SDK was being developed by the Palm engineering team. The book does provide a complete overview of Palm webOS, a thorough description of the application model and gives details on many key design concepts. There are descriptions and examples of UI widgets, services, storage, notifications, dashboards and background applications, serving as a great introduction but not as a definitive source. The book uses a simple News reader application to illustrate the technical descriptions but the examples are not intended to serve as a cookbook tutorial. Experienced developers should be able to use the examples to build up a working application chapter by chapter but others may not find the loose descriptions adequate for recreating the application unaided. Overtime, these different needs will be filled by other books, but in the meantime we hope that this book will serve a valuable role introducing developers to webOS and giving them a way of getting started with webOS application development. A second printing of the book will update any original coverage obsoleted by subsequent Mojo SDK builds. For owners of the original printing of the book, all of these updates are posted on the "View/Submit Errata" link (please see left-hand column of this web page). Thanks for understanding that book publishing and coverage of rapidly moving technologies can sometimes be an inexact science; we knew there'd be a need for a book such as Palm webOS: The Insider's Guide to Developing Applications in JavaScript using the Palm MojoT Framework, and there's certainly no better person to write that book than Mitch Allen; that said, we understand that because it is such a new operating system and SDK, there would (and will continue to be) changes that at best can't be documented and explored until new printings of the books are released. In the meantime we will be diligent in posting updates to this book's O'Reilly Media catalog page.

Description This is the official guide to building native JavaScript applications for Palm's new mobile operating system, Palm® webOS™. Written by Palm's software chief technology officer along with the Palm webOS development team, Palm webOS provides a complete tutorial on the design principles, architecture, UI, tools, and services necessary to develop webOS applications—including the Mojo JavaScript framework and Palm's SDK. Palm webOS is designed to support a fast and superb user experience using established web standards, so if you're familiar with HTML, CSS, and JavaScript, you're ready to build applications for any webOS-based device, including the Palm Pre. You'll gain expertise, chapter by chapter, as you build a working mobile application through the course of the book. You'll also learn how to extend existing web apps to work with the new generation of mobile phones. Get a thorough overview of the webOS platform and architecture

Understand the critical concepts for application design:
what separates webOS from other web and mobile platforms
Learn the details of Mojo's development tools and SDK for building and testing mobile applications
Examine best practices, important considerations, and guiding principles for developing with webOS and the Mojo framework

Present Moment Parenting

Read Amy Tiemann's posts on the Penguin Blog. MOJO MOM helps you answer the question, "Who Am I Now that I'm A Mom?" What is Mommy Mojo? It's the feeling you get when you're a parent at the top of your game, juggling the kids and the many facets of life, and keeping your own needs in balance. Motherhood is a

tremendous gift, but it's also a huge identity shift. Becoming a Mojo Mom means bringing your self and your dreams back into focus, while still giving your family the loving attention it needs. It may sound like a fantasy, but it can be done. Mojo Mom shows women practical ways to: *Prepare to become a Mom without losing your identity *Survive and enjoy the intense early years *Save some of your best energy and creativity for your own ideas and dreams *Reenter the workplace or take on a new path with confidence and ease *Learn the key elements to the long-term success of your marriage *Become a Naptime Activist-and change the world in just an hour a week *Rise above the "Mommy Wars" between stay-at-home and working moms *Use motherhood as an opportunity for reinvention Getting your mojo back is not just another item for your to-do list-it's your right. Amy Tiemann, MomsRising.org executive team member and founder of MojoMom.com, will help every woman explore her true self.

Working Your Mojo

Emma McQueen busts through the 12 myths that limit womens' growth to reveal the truths. She shares practical, actionable, and real-world ideas and strategies to help women make better choices to light up their mindset, ignite their mojo and thrive.

How to Get Your Mojo Back

Smartphone Video Storytelling helps readers master the techniques for making compelling short-form video content with a smartphone. With mobile journalism on the rise, it's becoming increasingly important to understand the entire process and potential for conveying stories across multiple platforms. This richly illustrated text provides students with the essential smartphone video reporting skills: From choosing the right editing app to working with interview subjects on camera. The ethics of non-fiction video storytelling are highlighted to reinforce core journalistic principles. The chapters feature mini-tutorials and exercises that introduce the key principles of filmmaking. The student exercises and library of online video lessons introduce the building blocks of visual storytelling using real-world reporting examples. A story-based approach allows instructors to use the experiences of making each project in order to teach the fundamentals of video storytelling in a natural way. Each story lesson introduces the necessary stages, including planning, filming, and editing . . . and all with a smartphone. Online example videos can be found at <http://smartfilmbook.com/>

Mucho Mojo

Proven principles for sustainable success, with new leadership insight PEAK is the popular, transformative guide to doing business better, written by a seasoned entrepreneur/CEO who has disrupted his favorite industry not once, but twice. Author Chip Conley, founder and former CEO of one of the world's largest boutique hotel companies, turned to psychologist Abraham Maslow's Hierarchy of Needs at a time when his company was in dire need. And years later, when the young founders of Airbnb asked him to help turn their start-up home sharing company into a world-class hospitality giant, Conley once again used the principles he'd

developed in PEAK. In the decade since this book's first edition, Conley's PEAK strategy has been developed on six continents in organizations in virtually every industry. The author's foundational premise is that great leaders become amateur psychologists by understanding the unique needs of three key relationships—with employees, customers, and investors—and this message has resonated with every kind of leader and company including some of the world's best-known, from Apple to Facebook. Avid users of PEAK have found that the principles create greater loyalty and differentiation with their key stakeholders. This new second edition includes in-depth examples of real-world PEAK companies, including the author's own at Airbnb, and exclusive PEAK leadership practices that will take you—and your company's performance—to new heights. Whether you're at a startup or a Fortune 500 company, at a for-profit, nonprofit, or governmental organization, this book can help you and your people reach potential you never realized you had. Understand how Maslow's hierarchy makes for winning business practices Learn how PEAK drove some of today's top businesses to success Help employees reach their full potential—and beyond Transform the customer experience and keep investors happy The PEAK framework succeeds because it elevates the business from the inside out. These same principles apply in the boardroom, the breakroom, and your living room at home, and have proven to be the foundation of healthy, fulfilled lives. Even if you think you're doing great, you could always be doing better—and PEAK gives you a roadmap to the next level.

What Got You Here Won't Get You There

A new drug called Mojo is tearing through Southeast Texas, directly competing with Juney's own product. What starts as a minor annoyance quickly spirals into something much more serious once Juney discovers his cook murdered and his brother mysteriously missing, the Mojo trademark left at the crime scene. Mojo Rising is a strange trip through a world of thugs and junkies, hallucinations and apocalypses. Some doors you walk through, you can't come back in. Includes the bonus short story, "Pork Chop."

Mojo

MOJO: The Mobile Journalism Handbook is the first book devoted specifically to training citizens, journalism students and media professionals to produce professional-quality videos with only a mobile device. As journalism becomes increasingly competitive, students and emerging professionals need a broader skillset to make themselves more employable, whether as mainstream or entrepreneurial journalists. This book by Dr. Ivo Burum and Dr. Stephen Quinn, world experts in mobile journalism, provides comprehensive coverage of all the skills and practices needed to be a mobile journalist. Key features: Burum and Quinn underline the importance of story and storytelling, the crucial context journalists always need to keep in mind. Other books and tutorials merely offer step-by-step guidance to mobile technology and apps. The book synthesizes the knowledge and more than 70 years of combined expertise of two of the world's leading mobile journalism practitioners, offering sage advice and tips from people who have trained mojos in more than 20 countries. Companion Website: How-to videos on the companion website offer powerful ways for learners to absorb the content easily, walking them through the key mojo components of research,

shooting, scripting, voice-over, editing and post-production.

www.routledge.com/cw/burum Ivo Burum is an award-winning writer, director and television executive producer. He has more than 30 years' experience working across genres including frontline international current affairs. A pioneer in UGS creation, Dr. Burum lectures in multimedia journalism. This is his second book about mojo. He runs Burum Media, a mojo and web TV consultancy that provides training for journalists, educators and remote communities internationally. Stephen Quinn was a journalist for 20 years before he became a university professor in 1996. Dr. Quinn taught journalism in five countries until he returned to journalism in 2011 in Hong Kong. His UK-based company MOJO Media Insights trains mobile journalists around the world. This is his twenty-first print book. He has also produced 5 iBooks. He co-writes a weekly column syndicated to seven countries.

Sticks, Stones, Roots & Bones

A practical guide to excellent procurement and supply chain management.

Mojo: How to Get It, How to Keep It, How to Get It Back if You Lose It

Mojo happens the moment we do something that's purposeful, powerful, and positive, and the rest of the world recognizes it. '#MOJOtweet' by New York Times best-selling author Marshall Goldsmith reveals how we can create Mojo in our lives, maintain it, and recapture it when we need it. In this book, you will explore the vital ingredients for building Mojo--identity, achievement, reputation, and acceptance--and realize the five qualities necessary to do an activity well--motivation, knowledge, ability, confidence, and authenticity. In 140 bite-sized insights (ahas), Goldsmith teaches readers how to discover and nurture these elements within ourselves and how to use them as building blocks for creating our own personal Mojo, the result of which is happiness, reward, meaning, learning, and gratitude. One of the key insights in the book says, "The only person who can de ne meaning and happiness for you is YOU " This book will make you think, this book will make you act, this book can help you cultivate better Mojo and become a better YOU. Goldmsith says that "our general tendency is to continue to do what we are already doing," but the paradox is that "this might not be sufficient for getting and keeping Mojo." So, do something different--something powerful, something purposeful, something positive--and get and keep '#MOJOtweet' today. Read more in his new book, 'MOJO: How to Get It, How to Keep It, How to Get It Back if You Lose It.' '#MOJOtweet' is part of the THINKaha series whose 100-page books contain 140 well-thought-out quotes (tweets/ahas).

Run to the Finish

WINNER OF THE ANDRE NORTON NEBULA AWARD "Nalo Hopkinson is one of science fiction's most inventive and brilliant writers" -New York Post We'd had to be cut free of our mother's womb. She'd never have been able to push the two-headed sport that was me and Abby out the usual way. Abby and I were fused, you see. Conjoined twins. Abby's head, torso, and left arm protruded from my chest. But here's the real kicker; Abby had the magic, I didn't. Far as the Family was

concerned, Abby was one of them, though cursed, as I was, with the tragic flaw of mortality. Now adults, Makeda and Abby still share their childhood home. The surgery to separate the two girls gave Abby a permanent limp, but left Makeda with what feels like an even worse deformity: no mojo. The daughters of a celestial demigod and a human woman, Makeda and Abby were raised by their magical father, the god of growing things--a highly unusual childhood that made them extremely close. Ever since Abby's magical talent began to develop, though, in the form of an unearthly singing voice, the sisters have become increasingly distant. Today, Makeda has decided it's high time to move out and make her own life among the other nonmagical humans--after all, she's one of them. In *Cheerful Rest*, a run-down warehouse space, Makeda finds exactly what she's been looking for: an opportunity to live apart from Abby and begin building her own independent life. There's even a resident band, led by the charismatic (and attractive) building superintendent. But when her father goes missing, Makeda will have to discover her own talent--and reconcile with Abby--if she's to have a hope of saving him . . .

MOJO: The Mobile Journalism Handbook

Three Black Vietnam veterans find their cherished brotherhood dissolving until Tucept HighJohn, the group's leader, brings them to a new vision of the triumph of Black people

PEAK

Hoodoo is an eclectic blend of African traditions, Native American herbalism, Judeo-Christian ritual, and magical healing. Tracing Hoodoo's magical roots back to West Africa, Stephanie Rose Bird provides a fascinating history of this nature-based healing tradition and gives practical advice for applying Hoodoo magic to everyday life.

American Mojo: Lost and Found: Restoring Our Middle Class Before the World Blows by

This comprehensive cat care guide from the star of the hit Animal Planet show "My Cat from Hell," Jackson Galaxy, shows us how to eliminate feline behavioral problems by understanding cats' instinctive behavior. Cat Mojo is the confidence that cats exhibit when they are at ease in their environment and in touch with their natural instincts--to hunt, catch, kill, eat, groom, and sleep. Problems such as litter box avoidance and aggression arise when cats lack this confidence. Jackson Galaxy's number one piece of advice to his clients is to help their cats harness their mojo. This book is his most comprehensive guide yet to cat behavior and basic cat care, rooted in understanding cats better. From getting kittens off to the right start socially, to taking care of cats in their senior years, and everything in between, this book addresses the head-to-toe physical and emotional needs of cats--whether related to grooming, nutrition, play, or stress-free trips to the vet.

Mojo Workin'

The book YOU hold in your hands is about inspiration, motivation &

encouragement. It is for those who graciously give it away and seek none in return. The sources that are listed within the content are meant to serve as a reminder that the tools to replenish our own mojo is never far away. These sources are within our homes, communities, those we encounter on a daily basis. Ultimately, each individual is her/herself own source of encouragement! No frills, no fluff. Just short, sweet and to the point! It is not my desire to hold you captive once you begin reading. My mission is to reveal the path swiftly so that you may immediately start upon this journey to replenish your own mojo. Good luck & safe travels. Kat at FreedomInk Publishing, www.freedomink365.com

Palm webOS

Inspiration and practical tips for runners who prioritize enjoyment over pace and embrace their place as an "average" runner In her first book, popular runner blogger Amanda Brooks lays out the path to finding greater fulfillment in running for those who consider themselves "middle of the pack runners" -- they're not trying to win Boston (or even qualify for Boston); they just want to get strong and stay injury-free so they can continue to enjoy running. *Run to the Finish* is not your typical running book. While it is filled with useful strategic training advice throughout, at its core, it is about embracing your place in the middle of the pack with humor and learning to love the run you've got without comparing yourself to other runners. Mixing practical advice like understanding the discomfort vs. pain, the mental side of running, and movements to treat the most common injuries with more playful elements such as "Favorite hilarious marathon signs" and "Weird Thoughts We all Have at the Start Line," Brooks is the down-to-earth, inspiring guide for everyone who wants to be happier with their run.

The Mojo Diaries

Mojo Rising: Masters of the Art includes stories by Nobel and Pulitzer Prize-winning author William Faulkner, Pulitzer Prize-winning author Eudora Welty, Pulitzer Prize-winning writer Tennessee Williams, Richard Wright (generally regarded as one of the top three African American writers in American history), noted Civil War historian and novelist Shelby Foote, author Willie Morris (legendary editor of *Harper's Magazine* in the 1960s, novelist, and journalist), American Book Award winner Ellen Gilchrist (who contributed a previously unpublished story), Stark Young, *New York Times* drama critic and author of "So Red the Rose," Elizabeth Spencer (graduate of Belhaven College and Vanderbilt University; University of Mississippi creative writing instructor; five-time winner of the O. Henry Award for short fiction,) and novelist and short writer Ellen Douglas, whose work has appeared in *The New Yorker* and in the O. Henry collection of prize stories. "As an art form, the short story has been shunted to the fringe of literary expression," says Sartoris Literary Group publisher James L. Dickerson. "We want to keep the short story alive--and the best way to do that is to provide it with a loving home. To that end we plan to publish each year an anthology of contemporary writers who are associated with the Mojo Triangle."

Deadly Gamble

Your hard work is paying off. You are doing well in your field. But there is something standing between you and the next level of achievement. That something may just be one of your own annoying habits. Perhaps one small flaw - a behaviour you barely even recognise - is the only thing that's keeping you from where you want to be. It may be that the very characteristic that you believe got you where you are - like the drive to win at all costs - is what's holding you back. As this book explains, people often do well in spite of certain habits rather than because of them - and need a "to stop" list rather than one listing what "to do". Marshall Goldsmith's expertise is in helping global leaders overcome their unconscious annoying habits and become more successful. His one-on-one coaching comes with a six-figure price tag - but in this book you get his great advice for much less. Recently named as one of the world's five most-respected executive coaches by Forbes, he has worked with over 100 major CEOs and their management teams at the world's top businesses. His clients include corporations such as Goldman Sachs, Glaxo SmithKline, Johnson and Johnson and GE.

Market Mojo

Offers solutions to everyday problems that arise in areas ranging from work and the home to nutrition, sleep, and relationships, featuring suggestions for reducing stress in each area and living a more fulfilling life.

Find Your Creative Mojo

"Christina showed us how to work with what we had but also how to invent the tools we needed in an environment where innovation is so important." The Twoks ARE YOU APPLYING FOR GIG AFTER GIG, FESTIVAL AFTER FESTIVAL AND FEEL LIKE YOU ARE NOT GETTING ANYWHERE? HAVE YOU LOST YOUR MUSICAL DIRECTION OR NOT GETTING THE TRACTION AND EXPOSURE YOU WERE EXPECTING? ARE YOU WONDERING IF THERE IS SOMETHING DIFFERENT YOU SHOULD BE DOING? Working your Mojo is a book about getting clarity and direction to create your musical journey on your terms. The industry is broken and offering no new solutions. That means the only alternative is to be true to yourself, think like an entrepreneur and create your own future. This book has a 6 track process that will help you get the right information to be able to grab the right opportunities and make smarter decisions. The author of Working your Mojo has been implementing ideas for 20 years, so knows how to make stuff happen. If you are lost and need some direction, this book is exactly what you need to get you back on track, even if you don't know what that track is meant to be. On top of a healthy obsession with music, Christina has over 20 years experience in organisational change management and coaching, so she knows better than most what is required to get an idea to the implementation phase. Christina's passion is to match smart ideas with inspiring creativity, and loves when a simple plan has the ability to change people's lives. The world is full of uniqueness, and Christina has made it her mission to give light to each and every creative idea. Christina is relentless in her search for new and interesting ideas that make sense and are easy to apply. Using the ideas she uncovers and the ideas of the musicians she works with, she helps them progress their music further than they ever imagined.

Mojo Rising

All Dylan wants is mojo. What is mojo? It's power. The ability to command respect. It's everything Dylan doesn't have. He gets no respect at school, and when he finds the dead body of a classmate, even the police push him around. All the thanks he gets for trying to help the investigation with his crime drama skills is a new nickname at school: Body Bag. So when Dylan hears about a missing rich girl from the other side of town, he jumps at the chance to dive into this mystery. Surely if he cracks a case involving a girl this beautiful and this rich, he'll get not only a hefty cash reward, but the mojo he's looking for. His investigation takes him into the world of an elite private high school and an underground club called Gangland. As Dylan—along with his loyal friends Audrey and Randy—falls down the rabbit hole, lured by the power of privilege, he begins to lose himself. And the stakes of the game keep getting higher.

Smartphone Video Storytelling

The author defines your "mojo" as "your magic, voodoo, charm, energy, vitality, zest, drive, zip, zing, spirit, verve, pizzazz, punch, passion, oomph, power, get up and go, vigour and feistiness." Whichever word you use we all lose it from time to time. This book tells you how not to lose it, and if you do how to get it back.

Mojo

Learn how to design digital circuits with FPGAs (field-programmable gate arrays), the devices that reconfigure themselves to become the very hardware circuits you set out to program. With this practical guide, author Justin Rajewski shows you hands-on how to create FPGA projects, whether you're a programmer, engineer, product designer, or maker. You'll quickly go from the basics to designing your own processor. Designing digital circuits used to be a long and costly endeavor that only big companies could pursue. FPGAs make the process much easier, and now they're affordable enough even for hobbyists. If you're familiar with electricity and basic electrical components, this book starts simply and progresses through increasingly complex projects. Set up your environment by installing Xilinx ISE and the author's Mojo IDE. Learn how hardware designs are broken into modules, comparable to functions in a software program. Create digital hardware designs and learn the basics on how they'll be implemented by the FPGA. Build your projects with Lucid, a beginner-friendly hardware description language, based on Verilog, with syntax similar to C/C++ and Java.

How to Raise a Wild Child

The Ultimate Stock Market Primer! Like millions of Americans, you probably never had finance courses in school. So despite the fact that you are a bright, capable person, you find yourself at a loss when it comes to the stock market. There seems to be no shortage of books that offer investing advice, but what about an investing education? Shouldn't that come first? Market Mojo is here to assist! This quick and quirky guide offers a big-picture introduction to the stock market. You'll learn about key elements of the system, such as why companies issue stock, the significance

of an IPO, and how stock splits work. You'll figure out the difference between the NYSE and NASDAQ stock exchanges, and learn how companies can get listed on them. And you will finally (!) understand what news reports about the Dow and the S&P 500 really mean. For your personal investing, you'll learn how to select an online broker and use stock picking to create a custom portfolio. You'll also master the concept of active and passive investing so you can add elements like mutual funds, index funds, and ETFs to your collection. Entertaining bite-sized lessons are followed by a vocabulary list to make sure you remember important terms, while periodic quizzes test your knowledge and ensure that you are on track to getting your Market Mojo up and running. If you are looking for a fast and fun way to learn about the stock market, this book will not disappoint!

Visual Mojo

From the bestselling author of *The Kindness Diaries*, former broker, world traveler and philanthropist, Leon Logothetis, comes a pithy guide on how to get your Mojo back! Calling all adventurers, armchair travelers, or anyone feeling a little bored by the daily monotony of life! From the bestselling author of *The Kindness Diaries*, former broker, world traveler and philanthropist, Leon Logothetis, comes a pithy guide on how to get your Mojo back...wrapped in a hilarious story about his misadventures as a participant in the Mongol Rally.

Finding Your Mojo

Learning FPGAs

Mucho Mojo is the basis for the second season of the new Sundance TV series *Hap and Leonard*. Hap and Leonard return in this incredible, mad-dash thriller, loaded with crack addicts, a serial killer, and a body count. Leonard is still nursing the injuries he sustained in the duo's last wild undertaking when he learns that his Uncle Chester has passed. Hap is of course going to be there for his best friend, and when the two are cleaning up Uncle Chester's dilapidated house, they uncover a dark little secret beneath the house's rotting floor boards—a small skeleton buried in a trunk. Hap wants to call the police. Leonard, being a black man in east Texas, persuades him this is not a good idea, and together they set out to clear Chester's name on their own. The only things standing in their way is a houseful of felons, a vicious killer, and possibly themselves.

Sister Mine

After fifteen years of rising to the pinnacle of the hospitality industry, Chip Conley's company was suddenly undercapitalized and overexposed in the post-dot.com, post-9/11 economy. For relief and inspiration, Conley, the CEO and founder of *Joie de Vivre Hospitality*, turned to psychologist Abraham Maslow's iconic Hierarchy of Needs. This book explores how Conley's company "the second largest boutique hotelier in the world" overcame the storm that hit the travel industry by applying Maslow's theory to what Conley identifies as the key Relationship Truths in business with Employees, Customers and Investors. Part memoir, part theory, and

part application, the book tells of Joie de Vivre's remarkable transformation while providing real world examples from other companies and showing how readers can bring about similar changes in their work and personal lives. Conley explains how to understand the motivations of employees, customers, bosses, and investors, and use that understanding to foster better relationships and build an enduring and profitable corporate culture.

Mojo for Sale: The Art of Encouraging One's Self

In this book, Katrina Hazzard-Donald explores African Americans' experience and practice of the herbal, healing folk belief tradition known as Hoodoo. Working against conventional scholarship, Hazzard-Donald argues that Hoodoo emerged first in three distinct regions she calls "regional Hoodoo clusters" and that after the turn of the nineteenth century, Hoodoo took on a national rather than regional profile. The first interdisciplinary examination to incorporate a full glossary of Hoodoo culture, *Mojo Workin': The Old African American Hoodoo System* lays out the movement of Hoodoo against a series of watershed changes in the American cultural landscape. Throughout, Hazzard-Donald distinguishes between "Old tradition Black Belt Hoodoo" and commercially marketed forms that have been controlled, modified, and often fabricated by outsiders; this study focuses on the hidden system operating almost exclusively among African Americans in the Black spiritual underground.

Procurement Mojo

Are you tired of asking the Universe, Why am I here ? What is my purpose in life ? When will I be happy? Do you let your fears, negative self talk and guilt stop you from being who you want to be? Are you missing out on the joy of living because you are stuck in a job you dislike, a love less marriage and just maybe a victim mentality? When you wake up each day, do you ever wish (even for a moment) that you could be anyone but you? If so, then what is stopping you from taking ACTION? Why haven't you moved heaven and earth to change your circumstances? Is it Fear of change or more commonly, fear of leaving your comfort zone ? Guilt that you don't deserve to be happy or maybe, You just don 't know where to start! If you are ready to transform yourself into who you really ARE then I am here to show you how to do it, step by step! Midlife Mojo is like having a one on one 'Conversation' with Master Coach Frankie Picasso aka, The Unstoppable Frankie Picasso, and she will take you by the hand and champion you to "Get through your Midlife Crisis and emerge as your true Self." Although this book is targeted for those in Midlife, it has been successful in helping those in any age group make positive changes to their lives. Midlife Mojo is your prescription for change and it is both participatory and passive. Each chapter will help you identify what it is you want from life, why you don't have it, where you can get it, and how to turn your impossible dreams into unstoppable outcomes! What are you waiting for? Love, joy, happiness, peace are waiting for you.

Mojo Rising

"Break free of your comfort zone, sharpen your senses to perceive the world

around you and find happiness in play. On this painterly journey, Tracy Verdugo leads you from self-doubt to self-appreciation by helping you find your voice through a myriad of vibrantly-hued making, painting and self-reflection techniques. There are not mistakes here, only opportunities to learn and grow. Learn the language of your own sacred marks by painting with personal symbology. Discover the inspiration that exists all around you, in your home, your community, the present moment. 19 step-by-step exercises use popular mixed media materials such as pastels, acrylic paints, inks and more! See how to use art making to plant creative seeds and cultivate your wildest dreams"--

Book description to come.

Total Cat Mojo

Langley, knows how important it is to find your voice and explore your passions. When he did, his life changed! In this soul rattling manifesto, he delivers the untold truth about why it's so important to express yourself. This is this perfect call to arms for anyone wanting to unleash their creative spirit, or simply find the confidence to do something different. A humorous and quirky mix of anecdotes, insights, illustrations and inspirational quotes, Find Your Creative Mojo is the perfect companion for any aspiring creative soul. This is the book that people will want to pick up again and again to inspire them to find their creative voice, or even just to take that first brave step. Life will never be the same after reading Find Your Creative Mojo.

Ignite Your Research Mojo

Why do so many companies' research projects fail? And why do even the best corporations sometimes struggle to make good use of their research data? Strangely enough, no text on user research has tackled these questions-until now. Ignite Your Research Mojo is the first book designed expressly to focus on the factors that can spell success or failure when researching end user needs and behaviors. It was written for professionals of all experience levels seeking to contribute work that is actually used. Beginning with a section geared to anyone who wants to do good research, the book tackles fundamental questions such as why you should do user research (even though Steve Jobs probably didn't) and how to formulate hypotheses. The second section addresses how to be an effective researcher, including recognizing and avoiding bad research, incorporating the power of emotions in product design, and eschewing "fun" deliverables that make your product team cry. The final section focuses on factors that make for

successful (or unsuccessful) user research, including company culture, team organization, interpersonal abilities, and product-development philosophies. With its laid-back, humorous authorial style and whimsical illustrations, Ignite Your Research Mojo breathes fresh air into the world of professional development.
