Accounts and Papers of the House of Commons

In Russia after the Cold War the editors provide an accessible and comprehensive survey of the state of Russia at the end of the twentieth century, as it seeks to come to terms with its new status in the world community, the pressures and tensions arising from economic and social change and with the problems of ensuring a democratic future. Written by a specially commissioned team of internationally respected experts on contemporary Russia, *Russia after the Cold War* is ideally suited as a main text for introductory courses on modern Russia within a politics, Area Studies or combined social science degree. Contributors: Alexei Avtonomov, Edwin Bacon, John Berryman, Christoph Bluth, Michael Cox, Nadia Davidova, Mark Galeotti, James Hughes, Roger E. Kanet, Julie A. Lund, Nick Manning, Andrew Patmore, Anthony Phillips, Richard Sakwa, Peter Shearman, Mark Webber, Stephen Webber, Stephen White, Matthew Wyman.

Their Place Inside the Body-Politic is a phrase Susan B. Anthony used to express her aspiration for something women had not achieved, but it also describes the woman suffrage movement's transformation into a political body between 1887 and 1895. This fifth volume opens in February 1887, just after the U.S. Senate had rejected woman suffrage, and closes in November 1895 with Stanton's grand birthday party at the Metropolitan Opera House. At the beginning, Stanton and Anthony focus their attention on organizing the International Council of Women in 1888. Late in 1887, Lucy Stone's American Woman Suffrage Association

announced its desire to merge with the national association led by Stanton and Anthony. Two years of fractious negotiations preceded the 1890 merger, and years of sharp disagreements followed. Stanton made her last trip to Washington in 1892 to deliver her famous speech "Solitude of Self." Two states enfranchised women—Wyoming in 1890 and Colorado in 1893—but failures were numerous. Anthony returned to grueling fieldwork in South Dakota in 1890 and Kansas and New York in 1894. From the campaigns of 1894, Stanton emerged as an advocate of educated suffrage and staunchly defended her new position.

In this deeply researched and vividly written volume, Melvyn Stokes illuminates the origins, production, reception and continuing history of this ground-breaking, aesthetically brilliant, and yet highly controversial movie. By going back to the original archives, particularly the NAACP and D. W. Griffith Papers, Stokes explodes many of the myths surrounding *The Birth of a Nation* (1915). Yet the story that remains is fascinating: the longest American film of its time, Griffith's film incorporated many new features, including the first full musical score compiled for an American film. It was distributed and advertised by pioneering methods that would quickly become standard. Through the high prices charged for admission and the fact that it was shown, at first, only in "live" theaters with orchestral accompaniment, *Birth* played a major role in reconfiguring the American movie audience by attracting more middle-class patrons. But if the film was a milestone in the history of cinema, it was also undeniably racist. Stokes shows that the darker side of this classic movie has its origins in the racist ideas of Thomas Dixon, Jr. and Griffith's own Kentuckian background and earlier film career. The book reveals how, as the years went by, the campaign against the film became increasingly successful. In the 1920s, for example, the NAACP exploited the fact that the new Ku Klux Klan, which used Griffith's film as a recruiting and retention tool, was not just anti-black, but also anti-Catholic and anti-Jewish, as a way to mobilize new allies in opposition to the film. This crisply written book sheds light on both the film's racism and the aesthetic brilliance of Griffith's filmmaking. It is a must-read for anyone interested in the cinema.
