Books V. Cigarettes

Throughout history, some books have changed the world. They have transformed the way we see ourselves—and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives—and destroyed them. Now, Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization, and helped make us who we are. Penguin's Great Ideas series features twelve groundbreaking works by some of history's most prodigious thinkers, and each volume is beautifully packaged with a unique type-drive design that highlights the bookmaker's art. Offering great literature in great packages at great prices, this series is ideal for those readers who want to explore and savor the Great Ideas that have shaped the world. One of the most iconoclastic thinkers of all time, Friedrich Nietzsche continues to challenge the boundaries of conventional religion and morality with his subversive theories of the 'superman', the individual will, the death of God and the triumph of an all-powerful human life force.

Why I Am So Wise

These are Shakespeare's greatest writings on power in all its forms - in love, in war, in politics and in the family. From Macbeth's vaulting ambition to Richard II's fragile grip on authority, from the violent rivalries of King Lear to the exquisite poetry of the love sonnets, these pieces show, with philosophical subtlety and psychological acuity, how we manipulate and dominate each other. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

The Invisible Hand

Beginning with a dilemma about whether he spends more money on reading or smoking, George Orwell's entertaining and uncompromising essays go on to explore everything from the perils of second-hand bookshops to the dubious profession of being a critic, from freedom of the press to what patriotism really means.

On Power

William Hazlitt's tough, combative writings on subjects ranging from slavery to the imagination, boxing matches to the monarchy, established him as one of the greatest radicals of his age and have inspired journalists and political satirists ever since.

Essays on Suicide and the Immortality of the Soul

Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Offering great literature in great packages at great prices, this series is ideal for those readers who want to explore and savor the Great Ideas that have shaped the world. The Stoic writings of the philosopher Seneca, who lived from c. 5 BC to AD 65, offer powerful insights into the art of living, the importance of reason and morality, and continue to provide profound guidance to many through their eloquence, lucidity and timeless wisdom. This selection of Seneca's orks was taken from the Penguin Classics edition of Dialogues and Letters, translated by C.D.N. Costa, and includes the essays On the Shortness of Life, Consolation to Helvia, and On Tranquility of Mind. From the Trade Paperback edition.

How to Achieve True Greatness

Machiavelli is one of the most famous strategists of all time. In this collection he discusses the dangers of conspiracies, and the component parts of an army, vital for gaining and holding power in his day. He also gives advice on tactics and discipline, and explains why promises made under force ought not to be kept. GREAT IDEAS. Throughout history, some books have changed the world. On the Shortness of Life: Life Is Long if You Know How to Use It

'It is possible for man to snatch the world from the darkness of absurdity' How should we think and act in the world? These writings on the human condition by one of the twentieth century's great philosophers explore the absurdity of our notions of good and evil, and show instead how we make our own destiny simply by being. One of twenty new books in the bestselling Penguin Great Ideas series. This new selection showcases a diverse list of thinkers who have helped shape our world today, from anarchists to stoics, feminists to prophets, satirists to Zen Buddhists.

On Conspiracies

Adam Smith's landmark treatise on the free market paved the way for modern capitalism, arguing that competition is the engine of a productive society, and that self-interest will eventually come to enrich the whole community, as if by an

'invisible hand'. Throughout history, some books have changed the world. They have transformed the way we see ourselves – and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives – and destroyed them. The most comprehensive collection available of Bacon's philosophical and scientific writings, this volume offers Bacon's major works in their entirety, or in generous selections, revised from the classic 19th century editions of Spedding, Ellis and Heath. Selections from Bacon's natural histories round out this edition by showing the types of compilations that he believed would most contribute to the third part of his Great Instauration. In her General Introduction, Rose-Mary Sargent sketches Bacon's early life, education, and legal career, and discusses the major components of his philosophical works, and traces his influence on subsequent natural philosophy.

Originally written around 49 AD for his father-in-law Paulinus, Seneca here brings up many Stoic principles on the nature of time, namely that people waste much of it in meaningless pursuits. According to Seneca, nature gives people enough time to do what is really important and it is up to the individual to allot it properly.

Three Japanese Buddhist Monks

An instant New York Times bestseller! In this all-new collection of beloved quotes, *This Just Speaks to Me*, #1 New York Times bestselling author Hoda Kotb offers inspiration, wisdom, and hope 365 days a year. When her first collection of quotes, *I Really Needed This Today*, was published in 2019, Hoda never imagined how deeply her favorite words, stories, and memories would resonate with readers. People across the country were connected not only by the book's positive message, but through their generosity in sharing it with friends and family who needed a daily burst of inspiration. Hoda was truly touched by fans who shared "their quote" with her, the one that most moved them or someone they love. Now,

to follow that remarkable experience, Hoda is back, with 365 new quotes and stories to share with her beloved readers. In *This Just Speaks to Me*, she writes about the people and moments that have enriched her life, discussing everything from motherhood and friendship to love and loss. The book also celebrates the countless acts of kindness that unfolded during these uniquely challenging times. Told with the same warmth, humor, and generosity that infused *I Really Needed This Today*, *This Just Speaks to Me* promises to be the next great companion book, each day elevated by Hoda's sparkle at a time when we may need it the most.

Why I Write

#1 NEW YORK TIMES, WALL STREET JOURNAL, AND BOSTON GLOBE BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University “An amazing story, and truly inspiring. It’s even better than you’ve heard.”—Bill Gates NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • ONE OF PRESIDENT BARACK OBAMA’S FAVORITE BOOKS OF THE YEAR • BILL GATES’S HOLIDAY READING LIST • FINALIST: National Book Critics Circle’s Award In Autobiography and John Leonard Prize For Best First Book • PEN/Jean Stein Book Award • Los Angeles Times Book Prize Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara’s older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over

of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization, and helped make us who we are. One of the greatest explorations of sin, epiphany and redemption ever written, the Confessions of Saint Augustine continue to shape our ideas with their passionate declaration of the life-changing power of faith.

What Is Existentialism?

Orwell on Truth

Kierkegaard's infamous and hugely influential philosophical work on faith, choice and sacrifice *In Fear and Trembling* Kierkegaard, writing under the pseudonym Johannes de silentio, expounds his personal view of religion through the scene in Genesis in which Abraham prepares to kill his son at God's command. Kierkegaard believed Abraham's unreserved obedience to be the essential leap of faith needed to make a full commitment to his religion. The conviction shown in this polemic - that an individual can have an exceptional mission in life - informed all his later writings, and was also hugely influential for both Protestant theology and the existentialist movement. Translated with an Introduction by Alastair Hannay

The Horrors and Absurdities of Religion

'It is impossible to live the pleasant life without also living sensibly, nobly and justly' The ancient Greek philosopher and teacher Epicurus argued that pleasure - not sensual hedonism, but the absence of pain or fear - is the highest goal of life. His hugely influential lessons on happiness are a call to appreciate the joy of being alive. One of twenty new books in the bestselling Penguin Great Ideas series. This new selection showcases a diverse list of thinkers who have helped shape our world today, from anarchists to stoics, feminists to prophets, satirists to Zen Buddhists.

On the Pleasure of Hating

Spanning an age that witnessed great achievements in the arts and sciences, this definitive overview of the Italian Renaissance will both captivate ordinary readers and challenge specialists. J. H. Plumb's impressive and provocative narrative is accompanied by contributions from leading historians, including Morris Bishop, Jacob Bronowski, Maria Bellonci, and many more, who have further illuminated the lives of some of the era's most unforgettable personalities, from Petrarch to Pope Pius II, Michelangelo to Isabella d'Este, Machiavelli to Leonardo. A highly readable and engaging volume, *The Italian Renaissance* is a perfect introduction to the

movement that shaped the Western world.

Natural Selection

The Italian Renaissance

Over the course of his career, George Orwell wrote about many things, but no matter what he wrote the goal was to get at the fundamental truths of the world. He had no place for dissemblers, liars, conmen, or frauds, and he made his feelings well-known. In *Orwell on Truth*, excerpts from across Orwell's career show how his writing and worldview developed over the decades, profoundly shaped by his experiences in the Spanish Civil War, and further by World War II and the rise of totalitarian states. In a world that seems increasingly like one of Orwell's dystopias, a willingness to speak truth to power is more important than ever. With *Orwell on Truth*, readers get a collection of both powerful quotes and the context for them.

On the Nature of War

war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization, and helped make us who we are. Whether puncturing the lies of politicians, wittily dissecting the English character or telling unpalatable truths about war, Orwell's timeless, uncompromising essays are more relevant, entertaining and essential than ever in today's era of spin.

On Art and Life

From the 100-part Penguin Great Ideas series comes an excerpt from the famous Book of the Courtier. In his witty and perceptive discourses on the ideal virtues of a Renaissance courtier, Baldesar Castiglione sets out values that continue to offer illumination in questions of leadership and government—espousing such qualities as prudence, courage, loyalty, affability, and style, and even encouraging the playing of sport as one of the best ways to gain influence and power. Of Man

Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are. Voltaire's short, radical and iconoclastic essays on philosophical ideas from angels to idolatry, miracles to wickedness, make wry observations about human beliefs, and mock hypocrisy and extravagant piety - his call to his fellow men to act with reason and see through the lies they are fed by their leaders has provided inspiration to freethinkers everywhere.

This Just Speaks to Me

In a world reeling from a global pandemic, never has a treatise on veganism—from our foremost philosopher on animal rights—been more relevant or necessary.

“Peter Singer may be the most controversial philosopher alive; he is certainly among the most influential.” —The New Yorker Even before the publication of his seminal *Animal Liberation* in 1975, Peter Singer, one of the greatest moral philosophers of our time, unflinchingly challenged the ethics of eating animals. Now, in *Why Vegan?*, Singer brings together the most consequential essays of his career to make this devastating case against our failure to confront what we are doing to animals, to public health, and to our planet. From his 1973 manifesto for *Animal Liberation* to his personal account of becoming a vegetarian in “The Oxford Vegetarians” and to investigating the impact of meat on global warming, Singer traces the historical arc of the animal rights, vegetarian, and vegan movements from their embryonic days to today, when climate change and global pandemics threaten the very existence of humans and animals alike. In his introduction and in “The Two Dark Sides of COVID-19,” cowritten with Paola Cavalieri, Singer excoriates the appalling health hazards of Chinese wet markets—where thousands of animals endure almost endless brutality and suffering—but also reminds westerners that they cannot blame China alone without also acknowledging the perils of our own factory farms, where unimaginably overcrowded sheds create the ideal environment for viruses to mutate and multiply. Spanning more than five decades of writing on the systemic mistreatment of animals, *Why Vegan?* features a topical new introduction, along with nine other essays, including: • “An Ethical Way of Treating Chickens?,” which opens our eyes to the lives of the birds who end up on so many plates—and to the lives of their parents; • “If Fish Could Scream,”

an essay exposing the utter indifference of commercial fishing practices to the experiences of the sentient beings they scoop from the oceans in such unimaginably vast numbers; • “The Case for Going Vegan,” in which Singer assembles his most powerful case for boycotting the animal production industry; • And most recently, in the introduction to this book and in “The Two Dark Sides of COVID-19,” Singer points to a new reason for avoiding meat: the role eating animals has played, and will play, in pandemics past, present, and future. Written in Singer’s pellucid prose, *Why Vegan?* asserts that human tyranny over animals is a wrong comparable to racism and sexism. The book ultimately becomes an urgent call to reframe our lives in order to redeem ourselves and alter the calamitous trajectory of our imperiled planet.

The First Ten Books

'Everywhere you will find that the wealth of the wealthy springs from the poverty of the poor' Fuelled by anger at injustice and optimism about humankind's ability to make a better, truly communal society, the anarchist writings of Peter Kropotkin have influenced radicals the world over, from nineteenth-century workers to today's activists. One of twenty new books in the bestselling Penguin Great Ideas series. This new selection showcases a diverse list of thinkers who have helped shape our world today, from anarchists to stoics, feminists to prophets, satirists to Zen Buddhists.

On Solitude

Look out for Johnson's new book, *Wonderland*, now on sale. The printing press, the pencil, the flush toilet, the battery--these are all great ideas. But where do they come from? What kind of environment breeds them? What sparks the flash of brilliance? How do we generate the breakthrough technologies that push forward our lives, our society, our culture? Steven Johnson's answers are revelatory as he identifies the seven key patterns behind genuine innovation, and traces them across time and disciplines. From Darwin and Freud to the halls of Google and Apple, Johnson investigates the innovation hubs throughout modern time and pulls out the approaches and commonalities that seem to appear at moments of originality.

Days of Reading

'I have relinquished all that ties me to the world, but the one thing that still haunts me is the beauty of the sky' These simple, inspiring writings by three medieval Buddhist monks offer peace and wisdom amid the world's uncertainties, and are an invitation to relinquish earthly desires and instead taste life in the moment. One of twenty new books in the bestselling Penguin Great Ideas series. This new selection showcases a diverse list of thinkers who have helped shape our world today, from

anarchists to stoics, feminists to prophets, satirists to Zen Buddhists.

Ain't I A Woman?

A fascinating examination of ethics, religion and psychology, this selection of Schopenhauer's works contains scathing attack on the nature and logic of religion, and an essay on ethics that ranges from the American slavery debate to the vices of Buddhism. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

The founding father of modern political philosophy, Thomas Hobbes, living in an era of horrific violence, saw human life as meaningless and cruel; here, he argues the only way to escape this brutality is for all to accept a 'social contract' that acknowledges the greater authority of a Sovereign leader.

Travels in the Land of Kubilai Khan

'I am a woman's rights. I have plowed and reaped and husked and chopped and mowed, and can any man do more than that? I am as strong as any man that is now' A former slave and one of the most powerful orators of her time, Sojourner Truth fought for the equal rights of black women throughout her life.
