Great is no longer good enough. Beyond Great delivers a powerful new playbook of 9 core strategies to thrive in a post-COVID world where all the rules of the game are being re-written. Beyond Great answers to two fundamental questions which face business leaders today in a world shaped by daunting and disruptive technological, economic, and social change. First, what is outstanding performance in this new volatile era? Second, how do we build competitive advantage in a world with new and often uncertain rules? Supported by years of research and hands-on consulting practice, this book presents a comprehensive framework for building a high performing, resilient, adaptive, and socially responsible global company. The book begins by taking an incisive look at these disruptive forces transforming globalization, including economic nationalism; the boom in data flows and digital commerce; the rise of China; heightened public concerns about capitalism and the environment; and the emergence of borderless communities of digitally connected consumers. Distilled from the study of hundreds of companies and interviews with dozens of business leaders, the authors have distilled nine core strategies – the new winning playbook of the 21st century. Beyond Great argues that business leaders today must lead with a new kind of openness, flexibility and light-footedness, constantly layering in new strategies and operational norms atop existing ones to allow for "always-on" transformation. Leaders must master a whole new set of rules about what it takes to be "global," becoming shapeshifters adept at handling contradiction, multiplicity, and nuance. This book will show them how.

Can a woman like me, with just the spark of an idea, actually start a business and make money? Can I have a meaningful career that fits into my life, instead of fitting my life into the cracks of my work schedule? If you're asking these questions, you've come to the right place —and the answer is a resounding YES! Sage Lavine is the CEO of Women Rocking Business, a consulting and coaching organization that has helped nearly 100,000 aspiring women entrepreneurs around the globe to build businesses that change the world. Her revolutionary approach is based on honoring innate feminine values: we become thriving entrepreneurs by empowering others rather than having power over them, working in a spirit of collaboration rather than competition, and prioritizing contribution rather than gain. In this book, Sage gives you the road map that has guided thousands of her clients —professional women in fields from health care to manufacturing to consulting, from therapists and artists to yoga teachers and real estate agents —to build their own successful and sustainable businesses on their own terms. You'll learn how to:

- Identify your gift to the world
- Heal your relationship with money
- Build a support network of entrepreneurial sisters
- Plan winning strategies for marketing, sales, and service
- Achieve success by working just 12 days a month (yes, it's true!)
- And much more

Filled with real-life case studies, integration exercises, and practical advice on every aspect of entrepreneurship, *Women Rocking Business* is an answered prayer for any woman who wants to get a business off the ground or take it to the next level. If you're ready to make the difference you were born to make, Sage is ready to show you the way. You've got this!

Story-Based Inquiry: A Manual for Investigative Journalists

Ideas are the currency of the twenty-first century. In order to succeed, you need to be able to sell your ideas persuasively. This ability is the single greatest skill that will help you accomplish your dreams. Many people have a fear of public speaking or are insecure about their ability to give a successful presentation. Now public speaking coach and bestselling author Carmine Gallo explores what makes a great presentation by examining the widely acclaimed TED Talks, which have redefined the elements of a successful presentation and become the gold standard for public speaking. TED ? which stands for technology, entertainment, and design ? brings together the world's leading thinkers. These are the presentations that set the world on fire, and the techniques that top TED speakers use will make any presentation more dynamic, fire up any team, and give anyone the confidence to overcome their fear of public speaking. In his book, Carmine Gallo has broken down hundreds of TED talks and interviewed the most popular TED presenters, as well as the top researchers in the fields of psychology, communications, and neuroscience to reveal the nine secrets of all successful TED presentations. Gallo's step-by-step method makes it possible for anyone to deliver a presentation that is engaging, persuasive, and memorable. Carmine Gallo's top 10 Wall Street Journal Bestseller *Talk Like TED* will give anyone who is insecure about their public speaking abilities the tools to communicate the ideas that matter most to them, the skill to win over hearts and minds, and

the confidence to deliver the talk of their lives. The opinions expressed by Carmine Gallo in TALK LIKE TED are his own. His book is not endorsed, sponsored or authorized by TED Conferences, LLC or its affiliates.

Public Speaking: Concepts and Skills for a Diverse Society

Public Speaking

According to most studies, public speaking is the number one fear amongst professionals. Most suffer from stage fright, lack of basic vocal training and/or lack of delivery technique, and seek tips and tricks in books, articles and blogs. However, these sources often fail to address the underlying issue of stage fright, and the same habitual responses to nervousness continue to plague the speaker. *Grace Under Pressure* solves this issue by unveiling three areas of training that great speakers use to develop their skills. In the first section, author Lisa Wentz shares techniques that she has developed to help anyone overcome inner obstacles, so that they can focus on developing their outward presence. The second section outlines how to best develop the physical aspects of speech, including posture, breathing, resonance and articulation. And the third section centres on delivery: how to use pauses, word stress and storytelling, among other techniques, to improve your performance from novice to master. This final section offers acting techniques and directorial advice that can be applied to speeches, pitches, presentations and meeting strategies.

The Leader in Me

Public Speaking is a series of stories to get a message across - if we think of it this way, then we only need to work on getting better at telling stories. We tell stories every day. We tell them to our friends, to our families, to our colleagues. We even tell them to strangers on the plane. If we learn to share our stories well, then people will have a positive association. As salespeople, we can link stories to our key points. As trainers, we can tell stories that teach a lesson, and we can create ones that give context and meaning to our message. Only storytelling guarantees we'll hook the attention of the audience then they'll be engaged in what we have to say. Learn about the 7 strategies for telling stories people love and every time you talk, you'll be confident you'll be making a great impression. Mark Davis shares the secrets to getting the stories you already tell, and making them better. Get a great result by telling stories your audience will love.

Vaporized was selected as the winner of the 2016 International Book of the Year prize by getAbstract from a field of 10,000 business and strategy titles. The prize was announced at the Frankfurt Book Fair on October 19, 2016. Digital technology has upturned entire industries and irrevocably altered the way we live, work and do business. Now, it is set to transform every sector and economic system on the planet in almost unimaginable ways — even those once thought to be immune from its effects. In his groundbreaking new book Vaporized, digital pioneer and business futurist Robert Tercek takes us inside the world's largest cultural and economic transformation since the industrial revolution, and explains what it means to consumers, employers and policy makers. Dynamic and engaging, Tercek does for digital business theory what Malcolm Gladwell has done for sociology, translating a complex, arcane subject in approachable and relevant terms. In contrast to the digital-era doomsayers and hand-wringing pundits, Tercek offers an insightful, optimistic analysis of the future and a practical blueprint for survival that no business leader, from the Fortune 500 CEO to the small startup owner, can afford to ignore.

This book uses different perspectives on argumentation to show how we create arguments, test them, attack and defend them, and deploy them effectively to justify beliefs and influence others. David Zarefsky uses a range of contemporary examples to show how arguments work and how they can be put together, beginning with simple individual arguments, and proceeding to the construction and analysis of complex cases incorporating different structures. Special attention is given to evaluating evidence and reasoning, the building blocks of argumentation. Zarefsky provides clear guidelines and tests for different kinds of arguments, as well as exercises that show student readers how to apply theories to arguments in everyday and public life. His comprehensive and integrated approach toward argumentation theory and practice will help readers to become more adept at critically examining everyday arguments as well as constructing arguments that will convince others.

Women Rocking Business

Explores how the emotional experience of gratitude has been enlisted in neoliberal governance through the language of debt. In *The Art of Gratitude*, Jeremy David Engels sketches a genealogy of gratitude from the ancient Greeks to the contemporary self-help movement. One of the most striking things about gratitude, Engels finds, is how consistently it is described using the language of indebtedness. A chief purpose of this, he contends, is to make us more comfortable living lives in debt, with the nefarious effect of pacifying the citizenry so we are less likely to speak out about social and economic

injustice. To counteract this, he proposes an alternative art of gratitude-as-thanksgiving that is inspired by Indian philosophy, particularly the yoga philosophy of the Bhagavad Gita and Patanjali's Yoga-Sutras. He argues that this art of gratitude can challenge neoliberalism by reorienting our politics away from resentment, anger, and guilt and toward a democratic ethic of thanksgiving and the common good. In the contemporary moment, when gratitude is widely touted as the panacea to many of our ills, Jeremy Engels provides a timely critical genealogy of this emotion, showing how it has been used for social control, and how it affirms the state of indebtedness at the heart of neoliberalism. But Engels also makes a compelling case for the art of gratitude, a gratefulness with capacities for cultivating the self and strengthening democracies. William Edelglass, coeditor of *Facing Nature: Levinas and Environmental Thought* This book accomplishes two important goals: it provides a very detailed and interesting history of gratitude in the West, and it brings Eastern philosophy—especially yoga—into our accounts of gratitude and flourishing. A unique project with an eminently readable style, it will appeal to a number of audiences, including those interested in the theory and practice of yoga. Scott R. Stroud, author of *John Dewey and the Artful Life: Pragmatism, Aesthetics, and Morality*

behavior investigator, Vanessa Van Edwards studies the hidden forces that drive our behavior patterns in her lab--and she's cracked the code. In *Captivate* she shares a wealth of valuable shortcuts, systems and behavior hacks for taking charge of their interactions at work, at home, and in any social situation. These aren't the people skills you learned in school. This is the first comprehensive, science backed, real life manual on human behavior and a completely new approach to building connections. Just like knowing the right formulas to use in chemistry, or the right programming language to write code, the hacks in this book are simple ways to solve for people. For example: -The Social Game Plan: Every party, networking event and social situation has a predictable map - discover how to work a room and the sweet spot for making the most connections. -The 7 Microexpressions: Learn how to speed-read the 7 universal facial expressions and how they can be used to predict people's emotions. -Conversation Sparks: All conversations can be hacked--if you know how certain words generate dopamine in the people you meet. When you understand the laws of human behavior you can get along with anyone, and your influence, impact, and income will increase as a result. What's more, you will improve your interpersonal intelligence, make a killer first impression, and build rapport quickly and authentically in any situation--negotiations, interviews, parties, and pitches. You will never interact in the same way again"--

Features Tabs divide the book into sections; each tab contains the list of chapters on the front of the tab and some key points from the chapter on the back of the tab. These tabs aid in the students navigation through the text and add to its aesthetic appeal. The emphasis on strategic thinking throughout the text shows students that public speaking is about choices; they will learn that presenting is an art and not a science. Features to support this strategic emphasis include: Choose a Strategy, which presents case studies requiring students to decide how the skills and concepts in the text could be adapted to a concrete rhetorical situation. Applying Strategies, which feature helpful tips that guide students in utilizing what they have learned to develop their own public speaking skills. Strategies for Speaking to Diverse Audiences boxes, providing students with helpful information to prepare them for speaking to audiences from a variety of backgrounds. Full of examples and case studies, this text also draws on the underlying theory to enable students to develop a better understanding of the speech preparation process one that they can apply to the variety of speaking situations they will encounter throughout their lives. Complete coverage of the first speech in Chapter 1 provides students early on with an overview of the public speaking process and simple guidelines for putting together their first speech. Praise for "Handbook for Public Speaking" This is a most complete and accessible text, emphasizing critical thinking and context and rhetorical situation at least as much as the mechanics of researching, designing, and presenting effective speeches.
