### **The Story of Rama Part 2**

The second volume of this comprehensive anthology covers the twentieth and early twenty-first centuries. The anthology is broad ranging both in its selection of material by figures traditionally acknowledged as being of central importance, and in the material it presents by a range of other figures. The material in this volume is presented in three sections. The first, "Power and the State," includes selections by such figures as Goldman, Lenin, Weber, Schmitt, and Hayek. Among those included in the "Race, Gender, and Colonialism" section are de Beauvoir, Gandhi, Fanon, and Young. The third and by far the longest section, "Rights-Based Liberalism and its Critics," focuses on the many interrelated directions that social and political philosophy has taken since the

publication of John Rawls's ground-breaking *A Theory of Justice* in 1971. In order to better meet the needs of today's students, the editors have made every effort to include accurate and accessible translations of the readings. Additionally, every selection has been painstakingly annotated, and each figure is given a substantial introduction highlighting her or his major contributions within the tradition. For figures of central importance, the editors have included extended introductions that place the figure in the context of intellectual history as well as of political thought. In order to ensure the highest standards of accuracy and accessibility, the editors have consulted dozens of leading academics during the course of the volume's development (many of whom have contributed introductory material as well as advice). The result is an anthology with unparalleled pedagogical benefits; *The Broadview Anthology of Social and Political Thought* sets the new standard for social and political philosophy instruction.

The Story of Rama follows on from The Stories of Krishna (Part Two) and has been designed for elementary students. The Story of Rama, (in 2 parts) together relate in 16 episodes the story of the Ramayana. Part One contains the first eight stories. Jules is back starring in another hilarious chapter book! Things I Didn't Know About Being on TV by Jules Bloom

1. Shooting a pilot does not mean what you think it means.
2. On TV, people live in mansions and have drivers!
3. You get to completely change who you are, which everyone but me thinks I can do.
- 4.

You might have to miss the moving up play at school, which no one but me cares about. When Jules lands a role on a new TV show, she gets stuck choosing between taking part in her class moving up ceremony at school and shooting a sitcom. And that's only half the drama! With a quiet best friend who won't ever hoot and holler and an ex-best friend who may be moving to the burbs, Jules's insides are all mixed-up. She'll need a little bit of nerve and a whole lot of pizzazz if she wants to make it through the last month of second grade without turning into a drama queen!
