The Profit-Boosting Principles

Small-Circle Jujitsu

The oldest and most respected martial arts title in the industry, this popular monthly magazine addresses the needs of martial artists of all levels by providing them with information about every style of self-defense in the world - including techniques and

strategies. In addition, Black Belt produces and markets over 75 martial arts-oriented books and videos including many about the works of Bruce Lee, the best-known marital arts figure in the world.

The Agile Samurai

Esperanza Rising joins the Scholastic Gold line, which features award-winning and beloved novels. Includes exclusive bonus content! Esperanza thought she'd always live a privileged life on her family's ranch in Mexico. She'd always have fancy dresses, a beautiful home filled with servants, and Mama, Papa, and Abuelita to care for her. But a sudden tragedy forces Esperanza and Mama to flee to California and settle in a Mexican farm labor camp. Esperanza isn't ready for the hard work, financial struggles brought on by the Great Depression, or lack of acceptance she now faces. When Mama gets sick and a strike for better working conditions threatens to uproot their new life, Esperanza must find a way to rise above her difficult circumstances-because Mama's life, and her own, depend on it.

Every Waking Moment

"Eddie comes on strong, but behind the attitude there's an honest, stripped-down, back-to-basics approach to cooking real food. If you ever wanted to go from watching cooking shows to actually cooking, this is where you begin." - Amanda Cohen, author *Dirt Candy: A Cookbook* and chef/owner of the famous NYC vegetarian restaurant of the same name *Takeout*

food every night is great for leaving you broke, bloated and praying for a national healthcare plan to deal with your fat ass self. Eddie McNamara wants to show you how to stop being a takeout junkie or a Gordon Ramsay wannabe who spends years learning complex knife skills you don't need. He also wants to show you how to pump up the flavor without resorting to using meat because - really - who needs to eat more meat? As Eddie puts it, "Any schmuck can put bacon on something to make it delicious." He wanted to show people how easy it was to cook delicious meatless meals for themselves rather than gorging more fat and salt on a daily basis than you'd see in a bucket of KFC. He also wanted to show people that you don't have to be Warren Buffett to eat well. As he puts it "Brokesters have cooked filling plant-based food since long before Mark Bittman moved to Berkeley in search of a perfectly ripe avocado." That's how his popular tumblr "Toss Your Own Salad" got started and now morphed into this awesome meatless cookbook that will get you to rock out over 100 recipes for dishes like The Green Inferno Salad, Dr. Devash's Shakshuka, Nihilistic Frittata and Penne Tikka Masala with an Eddie-curated soundtrack that spans the musical range from Metallica's "Creeping Death" to Gene Vincent's "Be-Bop-a-Lula". So, stop wasting your money. Do it yourself. Let Eddie McNamara show you how to Toss Your Own Salad.

I Will Teach You to Be Rich, Second Edition

With extensive, step-by-step photographs and

instructions, this jiu-jitsu guide is an effective tool for mastering this ancient martial art. The original Japanese martial art developed by the elite samurai class during Japan's feudal era, Jiu-jitsu is the forerunner of Judo and the precursor of today's ultimate fighting styles, such as mixed martial arts (MMA). For centuries, this method of unarmed self-defense proved so successful in combat that it was kept secret and taught only to a select few. Based on the author's study with instructors at the Tokyo police academy, this book presents all the traditional techniques of Jujitsu, also known as Jiu-jitsu. These techniques teach you valuable restraining methods that force your opponent to submit without abuse by using pressure points. It shows you tips for search and seizure, and the almost extinct art of Hojojutsu—how to tie people up without using any knots. Japan's Ultimate Martial Art addresses and demonstrates the full range of Kaicho Goshin Budo Taiho Jitsu Ryu (Tokyo police self-defense). Learn specific techniques such as: The use of hands Throwing an opponent The use of weapons Designed as a training manual, this fascinating Jiu-jitsu book also serves as a remarkable illustrated guide to the secret art of Japanese samurai self-defense.

Free Marketing

An introduction to leadership draws on a program developed for an elementary school to show how to apply the principles of "The 7 Habits of Highly Effective People" to help everyone, including young children, identify and use their individual talents.

Martial Arts Drills

Examines the ethical practices of the professional wrestling industry, using wrestler Chris Benoit's murder-suicide case as an example of the industry's hidden scandals.

Kick Start Your Own Martial Arts School

A step-by-step approach to applying the Japanese warrior's mind-set to martial training and daily life. It combines a knowledge of fighting with an exploration of the culture of the warrior. Morgan carefully guides the reader from The Way of Training, through The Way of Honour to The Way of Living, constantly finding applications both inside and outside martial arts.

Magic

"While institutional traders continue to implement quantitative (or algorithmic) trading, many independent traders have wondered if they can still challenge powerful industry professionals at their own game? The answer is "yes," and in Quantitative Trading, Dr. Ernest Chan, a respected independent trader and consultant, will show you how. Whether you're an independent "retail" trader looking to start your own quantitative trading business or an individual who aspires to work as a quantitative trader at a major financial institution, this practical guide contains the information you need to succeed"--Resource description page.

One Hen

The Martial Arts Instructors Desk Reference is a complete guide to advanced teaching concepts and martial arts school administration. Author and veteran martial arts instructor Dr. Sang H. Kim covers a wide range of essential topics for the professional martial arts instructor including: - Teaching children with ADD, behavioral problems and learning disabilities - Creating lesson plans and teaching specific curriculum elements - Combating boredom through hundreds of drills and training ideas - Marketing, advertising, publicity, staffing and customer service - Instructor training and evaluation - Tournament management - Branch school and outreach program development Based on years of Dr. Kim's research and experience, this book brings together a wide range of essential topics for martial arts instructors of all levels.

The Way of the Dojo

The oldest and most respected martial arts title in the industry, this popular monthly magazine addresses the needs of martial artists of all levels by providing them with information about every style of self-defense in the world - including techniques and strategies. In addition, Black Belt produces and markets over 75 martial arts-oriented books and videos including many about the works of Bruce Lee, the best-known martial arts figure in the world.

Black Belt

The urge to forge one's character by fighting, in daily life as well as on the mat, appeals to something deep within us. More than a collection of fighting techniques, martial arts constitute a path to developing body, spirit, and awareness. On the Warrior's Path connects the martial arts with this larger perspective, merging subtle philosophies with no-holds-barred competition, Nietzsche with Bruce Lee, radical Taoism and Buddhism with the Star Wars Trilogy, traditional martial arts with basketball and American Indian culture. At the center of all these phenomena is the warrior. Though this archetype seems to manifest contradictory values, author Daniele Boelli describes the heart of this tension: how the training of martial technique leads to a renunciation of violence, and how overcoming fear leads to a unique freedom. Aimed at students at any level or tradition of martial arts but also accessible to the armchair warrior, On the Warrior's Path brings fresh insights to why martial arts remains an enduring and widespread art and discipline. Two new chapters in this second edition focus on spirituality in the martial arts and the author's personal journey in the field.

The Dark Fights

Printed in full color. Faced with a software project of epic proportions? Tired of over-committing and under-delivering? Enter the dojo of the agile samurai, where agile expert Jonathan Rasmusson shows you how to kick-start, execute, and deliver your agile projects. Combining cutting-edge tools with classic agile

practices, The Agile Samurai gives you everything you need to deliver something of value every week and make rolling your software into production a non-event. Get ready to kick some software project butt. By learning the ways of the agile samurai you will discover: how to create plans and schedules your customer and your team can believe in what characteristics make a good agile team and how to form your own how to gather requirements in a fraction of the time using agile user stories what to do when you discover your schedule is wrong, and how to look like a pro correcting it how to execute fiercely by leveraging the power of agile software engineering practices By the end of this book you will know everything you need to set up, execute, and successfully deliver agile projects, and have fun along the way. If you're a project lead, this book gives you the tools to set up and lead your agile project from start to finish. If you are an analyst, programmer, tester, usability designer, or project manager, this book gives you the insight and foundation necessary to become a valuable agile team member. The Agile Samurai slices away the fluff and theory that make other books less-than-agile. It's packed with best practices, war stories, plenty of humor and hands-on tutorial exercises that will get you doing the right things, the right way. This book will make a difference.

Living the Martial Way

THE ULTIMATE TRAINING MANUAL FOR THE ULTIMATE TEST Since recording his own Thirty Man Kumite in his first book 'Waking Dragons' Goran has coached many fighters through DKK karate's toughest test. Fighting as Fight No. 30 at the end of the line, he also got a unique insight into the effectiveness of his own methods. Every Waking Moment goes deep into the mental, physical and spiritual training required to face thirty hardened fighters, with chapters on advanced concepts like Chi, Yin, Yang and Tao, martial principles and strategy from The Art of War. With a foreword by Gavin Mulholland and insights from successful fighters, the lessons of Every Waking Moment reach far beyond the Thirty Man Kumite to all aspects of karate and life outside the dojo walls.

The Leader in Me

After watching a karate demo at her school 15 year old Lucy has a dream to become a black belt and to

go to nationals. She joins a karate dojo and even with her visual impairment she rises through the ranks but an accident puts her dream on hold. There is a solution but with all solutions comes a price. Lucy's karate career may come to an end.

Japan's Ultimate Martial Art

In "The Profit-Boosting Principles" author Mike Massie follows up his previous book "Small Dojo Big Profits" with essential martial arts business advice that every martial art school owner needs to know. In it, he reveals how any struggling martial arts school owner can increase their profits by 80% or more, without increasing their overhead. Based on solid, time-tested business information that the most successful martial arts school owners have known for years, Mr. Massie reveals exactly what instructors need to do to stop struggling and start thriving, even in a down economy. If you're an honest martial arts school owner who wants to know how to boost your profits while keeping your integrity intact, read this book. Once you do, you'll finally understand how to turn your struggling school into a thriving and profitable dojo, the Small Dojo Big Profits way.

Practicing the Way of Jesus

This essential guide gives all the information needed to operate a thriving martial arts business. The text covers every stage of the process from starting a business and attracting students to planning lessons and building a long-term reputation and financial

future.

On the Warrior's Path, Second Edition

Inspired by true events, One Hen tells the story of Kojo, a boy from Ghana who turns a small loan into a thriving farm and a livelihood for many.

Martial Arts Instructor's Desk Reference

JUDO BOY is an adventure story for boys built around the ancient traditions of Judo. Rod Mitchell wants to fight his own battles. After being beaten and humiliated by the school bully and his gang, Rod is determined to fight back. Hearing about Judo from his friend, Mark Takahashi, a Nisei (Japanese-American), Rod joins the Judo school and is soon deep in a strange and fascinating new world. To his surprise Rod learns that Judo is, first of all, a sport with a strong and inspiring code of sportsmanship. Next he finds that Judo teaches courtesy, respect, and discipline as well as technique. Then, and most difficult of all for the fiery-tempered Rod, he discovers that the best thing a Judoist can do when a fight is starting is to walk away. Plenty of action, both on and off the Judo mat, keep this story of Rod Mitchell's self-development in Judo exciting. Based on accurate Judo data, it provides an original and valuable view of a new world of sport for boys.

Toss Your Own Salad

We tend to think about God in isolation, but Mark

Scandrette contends that Jesus offers something more. Here Scandrette draws from his experience as a spiritual director and leader of an intentional community, plus the best thinking on kingdom spirituality, to help your group experience a vibrant life lived together, in the way of Jesus.

"Finally, a book that brings the art of magic into the 21st century!"—Rick Merrill, 2006 World Champion of Magic "Every 10 or 20 years a book comes along that introduces a whole new generation to the art and craft of magic. This is it!"—Stan Allen, Editor-in-Chief of Magic Magazine

The Book: A book of powerful secrets. How to master the art of direction. Perfect the Sid Lorraine force, essential to card tricks. Harness PATEO to read minds. Learn skills like the false transfer, palm switch, big-action-covers-the-small-action, and more. Above all, how to create an emotional hook so that, in the fleeting moment when an effect occurs, magic truly happens, revealing the world to be a place of boundless wonder. Dazzle your friends. Impress a date like never before. Confound your kids, or better yet, confound your parents. Magic shows you how to master over 100 effects that are simple to learn and guaranteed to astonish.

The DVD: Included with Magic is an entertaining 132-minute DVD featuring 35 effects performed and taught in great detail, with particular emphasis on rhythm and action and the nuances of timing and direction.

The author: Joshua Jay was crowned champion at the World Magic Seminar in 1998, when he was still a teenager. He's performed and lectured in over 50 countries, is a headliner at the Magic Castle in

Hollywood, and writes a monthly column in MAGIC, the leading magazine for magicians. His website is www.joshuajay.com.

The Irresistible Offer

The complete system of small-circle jujutsu. Fully illustrated, this book covers falling, key movements, resuscitation, all forms of joint locks, throwing techniques, chokes and self-defense applications. Wally Jay is a member of Black Belt's Hall of Fame.

Survival Aikido

What No One Tells You About Growing A Martial Art School! When I started my first martial art school nearly twenty-five years ago, all I knew about growing a dojo was that I needed more students. So, I set about getting more students every way I knew how, and I kept adding more ways to do that as I went along. What I discovered over the course of my first few years in business was that getting students wasn't all that difficult it was keeping them and managing growth that was the real challenge. I've already covered how to start a dojo and get students in other books and resources. But in this book, I reveal specific concepts and strategies for growing your dojo. These are concepts that most martial art school owners and instructors never hear about. When you read this book, you'll discover: How to develop an overarching growth strategy, so you can grow your dojo in the most efficient manner possible! What's the best business model for a martial art

school? In this guide, you'll find out about the most profitable martial art school business models, so you can choose the best one for your personal business goals. Understanding market segments! Find out exactly who to target and how to target them, so you get more students through your front door. What are the most profitable markets to go after? Should you go after kids, adults, the fitness market, the self-defense market, the after-school and summer camp market, or something else? You'll find the answers to these questions and more in the first section of this book. What are the pros and cons of each market? Are there advantages and disadvantages to pursuing specific markets? You'll get the answers to those questions, so you know what you're getting into when pursuing a specific market. How do you stand out in a crowded marketplace? You'll find out how in the section on brand and image for martial art school owners. How do you keep students coming to class? What makes students drop out? How can you prevent students from quitting? Find out in the section on keeping students. How do you handle rapid growth in a martial art school? Where do you put all those students? Should you get more space when your classes are full? And how do you teach larger classes? You'll get the answers to those questions in the section on efficient scheduling and curriculum design. As you can see, this book covers quite a lot of information. I wrote this book to answer questions that most school owners only find answers to by trial and error typically when it's too late and the damage has already been done. Yet, in fifteen years of coaching school owners these are questions that have come up over and over again. They're also the same

challenges I had to deal with in starting and growing three successful martial art schools in three very different markets that served three very distinct clienteles. I wrote this martial arts business manual to give martial art school owners answers to the difficult questions facing them when growing a martial art school. Once you read this guide, you'll have a knowledge and understanding of advanced principles. You'll know how to sidestep common hurdles and pitfalls in growing a school. Find out how to leap ahead of your competition and grow the dojo you've always wanted Grab your copy today, and discover how to grow your dojo!

Black Belt

Target presents a unique approach to business and life, taking inspiration from the wisdom of the ancient Japanese martial art of archery - Kyudo. Kyudo has a particular teaching: Right shooting always results in a hit . This means that you shouldn't worry about simply hitting the target; instead, you should calmly focus your energy and willpower on proper mindset and form. In doing so, this right-minded shooting will naturally result in a hit. In the business world, we are all under the pressure of hitting sales targets, improving profit margins, increasing efficiency and maintaining relationships. The philosophy of Kyudo gives new perspectives and solutions to the struggles and opportunities that anyone may encounter in their business and career. Target stands as a relevant guide to our modern times. The Kyudo aphorisms have been passed from Japanese masters directly to

the author, and have been put into practice for professional and personal situations.

Martial Art School Business Growth Strategies

How to do practical Aikido that can be used against multiple attackers when taking tests and when in a survival situation. The information in this book is much easier than the normal Aiki jujitsu taught in Aikido classes. Practicing three times a week you can be very good at this in a year. Far better than you normally see. With the basics taught here it is easy to know how to make the Aiki jujitsu work. These basics are also the key to effective Aikido Freestyle. Hikuta, called Kuta here, provides strong basic information on striking that is seamlessly integrated into the Aikido throws without gratuitous movements. It turns out that when you properly learn the basics of Aikido you also know the advanced aikido. This book deals with both topics together. Material on weapon use is also included.

Black Belt

The groundbreaking NEW YORK TIMES and WALL STREET JOURNAL BESTSELLER that taught a generation how to earn more, save more, and live a rich life—now in a revised 2nd edition. Buy as many lattes as you want. Choose the right accounts and investments so your money grows for you—automatically. Best of all, spend guilt-free on the things you love. Personal finance expert Ramit Sethi

has been called a “wealth wizard” by Forbes and the “new guru on the block” by Fortune. Now he’s updated and expanded his modern money classic for a new age, delivering a simple, powerful, no-BS 6-week program that just works. *I Will Teach You to Be Rich* will show you:

- How to crush your debt and student loans faster than you thought possible
- How to set up no-fee, high-interest bank accounts that won’t gouge you for every penny
- How Ramit automates his finances so his money goes exactly where he wants it to—and how you can do it too
- How to talk your way out of late fees (with word-for-word scripts)
- How to save hundreds or even thousands per month (and still buy what you love)
- A set-it-and-forget-it investment strategy that’s dead simple and beats financial advisors at their own game
- How to handle buying a car or a house, paying for a wedding, having kids, and other big expenses—stress free
- The exact words to use to negotiate a big raise at work

Plus, this 10th anniversary edition features over 80 new pages, including:

- New tools
- New insights on money and psychology
- Amazing stories of how previous readers used the book to create their rich lives

Master your money—and then get on with your life.

The Book of Five Rings

Your customers are going to give you three seconds to make the sale. Do you know what to say in those three seconds? The marketing methods of the past are losing effectiveness as consumers are getting smarter and smarter and have less and less time.

What is needed is a new way of doing business—a method that is simultaneously socially responsible and far more effective than "old" marketing. This new way is The Irresistible Offer. "The Irresistible Offer is the missing link in many marketing books." —Joe Sugarman, Chairman, BluBlocker Corporation "The Irresistible Offer reveals secret after proven secret guaranteed to pump fresh power into your sales process." —John Du Cane, CEO, Dragon Door Publications, Inc. "As the world's fastest reader (Guinness Book certified) I've read just about every business and marketing book in existence. The Irresistible Offer by Mark Joyner is, by far, the easiest and most powerful. If you want to make a profitable business (any business small or large), The Irresistible Offer should be your starting point." —Howard Berg, "The World's Fastest Reader" "I've read every book on marketing printed in the last 150 years. This is the first breakthrough in over fifty years." —Dr. Joe Vitale, author of The Attractor Factor "If I had to choose one modern marketing genius to learn from, it would be Mark Joyner. The Irresistible Offer belongs in the hands of everyone wanting to wildly succeed in business." —Randy Gilbert, a.k.a. "Dr. Proactive" host of The Inside Success Show

With Learning JavaScript Design Patterns, you'll learn how to write beautiful, structured, and maintainable JavaScript by applying classical and modern design patterns to the language. If you want to keep your code efficient, more manageable, and up-to-date with

the latest best practices, this book is for you. Explore many popular design patterns, including Modules, Observers, Facades, and Mediators. Learn how modern architectural patterns—such as MVC, MVP, and MVVM—are useful from the perspective of a modern web application developer. This book also walks experienced JavaScript developers through modern module formats, how to namespace code effectively, and other essential topics. Learn the structure of design patterns and how they are written. Understand different pattern categories, including creational, structural, and behavioral. Walk through more than 20 classical and modern design patterns in JavaScript. Use several options for writing modular code—including the Module pattern, Asynchronous Module Definition (AMD), and CommonJS. Discover design patterns implemented in the jQuery library. Learn popular design patterns for writing maintainable jQuery plug-ins. "This book should be in every JavaScript developer's hands. It's the go-to book on JavaScript patterns that will be read and referenced many times in the future."—Andrée Hansson, Lead Front-End Developer, presis!

Ring of Hell

"Every developer working with the Web needs to read this book." -- David Heinemeier Hansson, creator of the Rails framework "RESTful Web Services finally provides a practical roadmap for constructing services that embrace the Web, instead of trying to route around it." -- Adam Trachtenberg, PHP author and EBay Web Services Evangelist You've built web sites

that can be used by humans. But can you also build web sites that are usable by machines? That's where the future lies, and that's what RESTful Web Services shows you how to do. The World Wide Web is the most popular distributed application in history, and Web services and mashups have turned it into a powerful distributed computing platform. But today's web service technologies have lost sight of the simplicity that made the Web successful. They don't work like the Web, and they're missing out on its advantages. This book puts the "Web" back into web services. It shows how you can connect to the programmable web with the technologies you already use every day. The key is REST, the architectural style that drives the Web. This book:

- Emphasizes the power of basic Web technologies -- the HTTP application protocol, the URI naming standard, and the XML markup language
- Introduces the Resource-Oriented Architecture (ROA), a common-sense set of rules for designing RESTful web services
- Shows how a RESTful design is simpler, more versatile, and more scalable than a design based on Remote Procedure Calls (RPC)
- Includes real-world examples of RESTful web services, like Amazon's Simple Storage Service and the Atom Publishing Protocol
- Discusses web service clients for popular programming languages
- Shows how to implement RESTful services in three popular frameworks -- Ruby on Rails, Restlet (for Java), and Django (for Python)
- Focuses on practical issues: how to design and implement RESTful web services and clients

This is the first book that applies the REST design philosophy to real web services. It sets down the best practices you need to make your design a success, and the techniques you need to turn your

design into working code. You can harness the power of the Web for programmable applications: you just have to work with the Web instead of against it. This book shows you how.

Learning JavaScript Design Patterns

If our readers, tempted by the Italian proverb about seeing Naples and then dying, were to ask us what is the most favourable moment for visiting the enchanted city, we should advise them to land at the mole, or at Mergellina, on a fine summer day and at the hour when some solemn procession is moving out of the cathedral. Nothing can give an idea of the profound and simple-hearted emotion of this populace, which has enough poetry in its soul to believe in its own happiness.

The Psychology of Trading

Escaping a traumatic childhood, Sasha finds peace, sanctuary, and purpose in a martial arts dojo whose sensei teaches her the ways of the samurai warrior. An accomplished black-belt fighter, she now happily dwells in the dojo, tucked away from the streets of Manhattan, until a midnight call sets her on a path into an underground world. Struggling to pay off a gambling debt, her brother Danilo is severely injured in a no-rules club fight run by unscrupulous Russian Mafiosi. To settle the debt, Sasha volunteers to perform in one of these “dark fights,” vowing it’s for one time only. But her beauty, skill, and martial arts mastery bring her to the attention of powerful men

who see her as a big meal ticket. Seducing her with money and drugs, they draw her into their sordid scheme until she becomes a big and glamorous draw, enriching herself while enriching her handlers and leaving behind a pulverized host of vanquished rivals. But she realizes how addictive the lure of brutality has become. As the stakes rise, she must become more and more violent to satisfy her handlers' bloodlust. Can she pull out before destroying someone? Can she pull out before destroying herself? Two fascinating men offer love and escape. But how true are their intentions? Genuine feelings and betrayal, violence and glamour, sex and martial arts all go hand in hand throughout the book. The Dark Fights introduces you to an unknown and frightening world and pins you to the mat until the very last page.

Esperanza Rising (Scholastic Gold)

For over a decade, Small Dojo Big Profits has guided martial arts instructors through the risky yet highly rewarding process of starting and running a highly successful and profitable martial art school. Eschewing the conventional wisdom that says you must have a huge school with 300 or more students to be financially successful, the author instead shows you how to take on less risk while working smarter and not harder by running a lean, mean, efficient martial arts studio operation. Author Mike Massie has started three successful martial arts studios from scratch, and has the distinction of opening his first studio with no start-up capital, zero credit, and in a town where he was a complete stranger. Yet, he was

able to go from teaching in part-time locations to running his own full-time studio in under a year, and he achieved this while staying in profit from month one. The process he followed is the same one this book is based upon, and this updated version of Small Dojo Big Profits also draws on the author's experience in starting and growing two more successful studios during the recent mortgage crisis and economic recession. A common sense martial arts school start-up and business operations manual, this completely updated version of the classic martial arts business guide is perfect for anyone who wants to maintain their integrity while building a successful martial art school. If you're looking for the best source of complete information for starting, launching, growing, and running a martial art school from scratch, this is it.

Target

Simple, powerful marketing strategies every business can afford to implement There's never been a better time to be a marketer or entrepreneur than right now. Thanks to the Internet, a new world of free and inexpensive tactics can help get the word out to the prospects of any business with a limited marketing budget. Free Marketing delivers more than 100 ideas to help any small business owner or marketer generate new revenue—with little or no marketing budget. library. Get your copy today and find out how to hire and train staff, the Small Dojo Big Profits way.

The Little Black Book of Violence

The Way of the Dojo is a comprehensive guide for anyone looking to own or operate a martial arts school. It features both traditional as well as cutting edge information on marketing, hiring employees, martial arts school valuation, social media, lease negotiation, school design, and more.

Beating the Odds

"Like financial classics The Latte Factor and The Richest Man in Babylon, The Money Tree uses a compelling story with captivating characters to share its core insight: you are never at the mercy of fortune as long as you have an appetite for hard work and a willingness to step outside your comfort zone"--

The Money Tree

"The one, only, and by far the best book synthesizing psychology and investing. In addition to providing modern, scientific knowledge about psychology, this book provides a mirror into the mind and wide breadth of knowledge of one of the leading practitioners of brief and effectual cures. Will help to cure your trading and your life." -Victor Niederhoffer, Chief Speculator, Manchester Investments Author, The Education of a Speculator and Practical Speculation "How refreshing! A book that rises above

the old NLP model of the 80's and provides insights on how our relationship with the market is indeed a very personal one. Not only has Steenbarger provided some fantastic tools for the trader to transform his mindset, but he has contributed unique trading ideas as well. Brilliant!" -Linda Raschke, President, LBRGroup, Inc. "'Investigate, before you invest' was for many years the slogan of the New York Stock Exchange. I always thought a better one would be, 'Investigate YOURSELF, before you invest.' The Psychology of Trading should help you increase your annual investment rate of return. Mandatory reading for anyone intending to earn a livelihood through trading. " -Yale Hirsch, The Hirsch Organization Inc., Editor, The Stock Trader's Almanac "This highly readable, highly educational, and highly entertaining book will teach you as much about yourself as about trading. It's Oliver Sacks meets Mr. Market- extraordinary tales of ordinary professionals and individuals with investment disorders, and how they successfully overcame them. It is a must-read both for private investors who have been shell-shocked in the bear market and want to learn how to start again, as well as for pros who seek an extra edge from extra inner knowledge. Steenbarger's personal voyage into the mind of the market is destined to become a classic." -Jon Markman, Managing Editor, CNBC on MSN Money Author, Online Investing and Swing Trading "Dr. Steenbarger's fascinating, highly readable blend of practical insights from his dual careers as a brilliant psychologist and trader will benefit every investor; knowing oneself is as important as knowing the market." -Laurel Kenner, CNBC.com Columnist, Author, Practical Speculation
