## Halcyon

An official companion to the 'Second Season', this work contains behind the scenes interviews, an episode guide and scores of photos, including a colour gallery.

## The Lost

## Shadow Man

SG-1 wanted the technology to save Earth from the Goa'uld but the mission failed. Now Washington wants Jack O'Neill's blood and Senator Robert Kinsey is forcing the issue. The Tok'ra mission may help O'Neill, but it is very risky because it means infiltrating a Goa'uld slave breeding farm to recruit humans willing to join the Tok'ra.

### **Stargate SG1 Compendium**

The team is stranded on a doomed world.

### **The Reliquary**

### **The Barque of Heaven**

Colonel Jack O'Neill and his SG-1 team find themselves stranded on a primitive world where the inhabitants pay homage to the Goa'uld by providing their best specimens as host bodies for their young.

### **Roswell**

Provides a guide to all twenty episodes of the tenth season, offering in-depth profiles of the major characters, interviews with the cast and crew, and a behind-the-scenes look at costumes, stunts, and production design.

### **Relativity**

Stargate Command is in crisis - too many teams

wounded, too many dead. Tensions are running high and, with the pressure to deliver tangible results never greater, General Hammond is forced to call in the Pentagon strike team to plug the holes. But help has its price.

### →The reliquary0

Colonel Jack O'Neill and the Stargate SG-1 team undertake a new mission that prompts a journey to myriad worlds in their efforts to safeguard humanity from hostile alien forces. Original.

### Reading Stargate SG-1

The Stargate SG-1 team find themselves transported to a world where they must solve a series of riddles and avoid deadly traps in order to travel home. Pursued by Goa'uld and Jaffa, it is a race against death to the finish line.

### Do No Harm

After her mother's death, Cassie Fraiser is moving on. So she thinks. But there are dangerous forces at work and she soon finds herself caught up in a situation far beyond her control. It's a good thing Colonel Carter was keeping an eye on her. But while Carter rallies SG-1 to Cassie's aid, events on Atlantis are going from bad to worse. Facing a deadly plague and a computer virus that's shutting down the city, it looks like Colonel Sheppard's team will provide rich pickings for the incoming Wraith hive ship. But sometimes events

galaxies apart are connected in unexpected ways—and help comes from the most surprising of places. In this action-packed story, Sabine C. Bauer brings together the heroes of Stargate SG-1 and Stargate Atlantis in the fight of their lives... TRANSITIONS “I repeat, Colonel. What the hell happened?” “Uh...” Oh damn, he knew that frown. She was about to techno-babble. Given the way his head felt, he probably wouldn’t survive that. “Twenty-five words or less, and no more than three syllables each, Carter!” “Jack! Sam!” Daniel came climbing over the mounds of rubble, Teal’c in his wake. They looked a little singed around the edges, but otherwise seemed to be in full working order. “You guys okay?” gasped Daniel. “What the hell happened?” “That’s what I’m trying to find out. Carter!” “When the missile struck the car, the blast took out the gas pumps and set off whatever fuel was left in the underground tanks. Twenty-four words, sir.” She grinned. “There was a chance that some of the shrapnel might hit the chopper, but I hadn’t actually dared count on it. I guess there was a little more gas in those tanks than I’d thought...”

### **Rising**

A critical study of the cult television series Stargate SG-1 and its spinoff, Stargate Atlantis, provides a close-up look at its characters, themes, plots, representations of alien cultures, interaction with fan fiction, and more, accompanied by a complete episode guide of both series, an interview with a staff writer, and a glossary of terms. Original.

## **Con Quest!**

### **Stargate Sg-1**

Presents the novelization of the pilot of the hit sci-fi adventure TV show, Stargate Atlantis.

### **STARGATE SG-1 ATLANTIS Points of Origin**

When a Stargate malfunction throws Colonel Cameron Mitchell, Dr. Daniel Jackson, and Colonel Sam Carter back in time, they only have minutes to live. But their rescue, by an unlikely duo - General Jack O'Neill and Vala Mal Doran - is only the beginning of their problems.

### **Alliances**

This book presents a perspective of network analysis as a tool to find and quantify significant structures in the interaction patterns between different types of entities. Moreover, network analysis provides the basic means to relate these structures to properties of the entities. It has proven itself to be useful for the analysis of biological and social networks, but also for networks describing complex systems in economy, psychology, geography, and various other fields. Today, network analysis packages in the open-source platform R and other open-source software projects enable scientists from all fields to quickly apply network analytic methods to their data sets.

Altogether, these applications offer such a wealth of network analytic methods that it can be overwhelming for someone just entering this field. This book provides a road map through this jungle of network analytic methods, offers advice on how to pick the best method for a given network analytic project, and how to avoid common pitfalls. It introduces the methods which are most often used to analyze complex networks, e.g., different global network measures, types of random graph models, centrality indices, and networks motifs. In addition to introducing these methods, the central focus is on network analysis literacy – the competence to decide when to use which of these methods for which type of question. Furthermore, the book intends to increase the reader's competence to read original literature on network analysis by providing a glossary and intensive translation of formal notation and mathematical symbols in everyday speech. Different aspects of network analysis literacy – understanding formal definitions, programming tasks, or the analysis of structural measures and their interpretation – are deepened in various exercises with provided solutions. This text is an excellent, if not the best starting point for all scientists who want to harness the power of network analysis for their field of expertise.

### **Stargate SG1 -Transitions**

Secret Service Agent Oakes Weaver is in the midst of the biggest assignment of her career—leading the advance team for President Andrew Powell's

impending trip to Philadelphia where everyone expects he will be nominated to run for a second term. The last thing she needs is a tragedy among the president's inner circle that might not be an accident, or the sudden recruitment of Ari Rostof, a woman who might be a lot more than she seems. But Oakes doesn't get a say in policy. She only has to secure the president's safety—at all costs. First Daughter Blair Powell and her spouse, Cameron Roberts, are among the reelection campaign members accompanying President Andrew Powell to Philadelphia. While the president may be protected by his Secret Service agents, those close to him are literally in the kill zone, and his adversaries will stop at nothing to further their cause—even mass murder.

### **Stargate SG-1**

Searching for their lost crew after the terrible events of Homecoming, the Stargate Atlantis team turns to their enemies for help as Teyla and Ronon seek information from the Genii, and Colonel Sheppard reopens tense negotiations with the Wraith. Original.

### **The Complete Directory to Prime Time Network and Cable TV Shows, 1946-Present**

Stargate: Atlantis is back with brand new comic book adventures that pick up right where the acclaimed TV

series left off! Comic art legend Greg LaRocque (Flash: The Return of Barry Allen, Web of Spider-Man) and newcomer Scottie Watson join the writing team of Mark L. Haynes & J.C. Vaughn (24, Stargate Universe) to deliver the powerful and long-awaited new tales of John Sheppard, Teyla, Ronon, Rodney McKay and the rest of the beloved characters. After Atlantis is stranded on Earth following the events in the series' cliffhanger ending, what surprising danger threatens them and our whole planet? And while they're on Earth, what new menace enters the scene in the Pegasus galaxy? All will be revealed in this exciting new collection of American Mythology's first two story arcs, StargateAtlantis: Back To Pegasus and Stargate Atlantis: Gateways, the comics that made one review say, "As far as television franchises continuing on in comic books I think this one is definitely the most authentic to the series."

### **Hydra**

The comic book universe is adventurous, mystifying, and filled with heroes, villains, and cosplaying Comic-Con attendees. This book by one of Wired magazine's art directors traverses the graphic world through a

collection of pie charts, bar graphs, timelines, scatter plots, and more. Super Graphic offers readers a unique look at the intricate and sometimes contradictory storylines that weave their way through comic books, and shares advice for navigating the pages of some of the most popular, longest-running, and best-loved comics and graphic novels out there. From a colorful breakdown of the DC Comics reader demographic to a witty Venn diagram of superhero comic tropes and a Chris Ware sadness scale, this book charts the most arbitrary and monumental characters, moments, and equipment of the wide world of comics. Plus, this is the fixed format version, which includes high-resolution images.

### **Approaching the Possible**

From the author of Stargate: SG-1 - CITY OF THE GODS] The news is full of global warming speculation. The US government is under attack for its stance on greenhouse emissions yet in the background, away from the camera's eye, the real world is in decay. The Rhesus Factor is fiction, but it is up to the reader to determine just how much so, for all the issues are real the research and outcomes are happening now, yet no one seems to notice or care. Have we really reached the point of no return Coupled with the latest scientific research conducted by Washington experts, this book is closer to fact than we realise and there is very little we can do to change the future.
