A Guide to Residential Wood Heating

Detailing numerous situations one may face in the outdoors, from exposure, animal bites and stings, and gunshot wounds to broken bones, burns, and emergency childbirth, this comprehensive guide points out the differences between wilderness and urban first-aid principles and contains valuable information not found in household first-aid guides. 130 illustrations; glossary.

A User's Guide to Community Entry for the Severely Handicapped

Sunset homeowner's guide to wood stoves

This publication is intended to help plan a successful installation of a wood-burning heating system and to use the system in the most safe and effective way. Topics covered include: low-emission wood burning technology; wood heating options, including space heaters, wood stoves, conventional and high-efficiency fireplaces, pellet stoves, high thermal mass masonry heaters, and central heating; planning a space heater installation; installation safety; installation of wood stoves and flue pipes; chimneys; avoiding wood smoke spillage; efficient wood combustion; purchasing and preparing the wood supply; calculating costs of heating; and heating system maintenance.

Good Housekeeping Guide to Fixing Things Around the House

Once "warehoused" in institutions, many severely handicapped individuals are now living in community residences. Yet there are few resource materials available for those who face the difficult task of planning and operating these residences. A User's Guide to Community Entry for the Severely Handicapped offers practical guidance for creating the most home-like, least restrictive residential settings. Committed to the right of all individuals to live in their home community, Pancsofar and Blackwell address topics of vital concern to residential planners,

Pure and Applied Science Books, 1876-1982

Over 220,000 entries representing some 56,000 Library of Congress subject headings. Covers all disciplines of science and technology, e.g., engineering, agriculture, and domestic arts. Also contains at least 5000 titles published before 1876. Has many applications in libraries, information centers, and other organizations concerned with scientific and technological literature. Subject index contains main listing of entries. Each entry gives cataloging as prepared by the Library of Congress. Author/title indexes.

House Craftsmanship

Ecotrain Green Career Guide

Say goodbye to appliance installers and repairmen! When today's consumers buy new stoves, refrigerators and other major appliances, the usual choice isn't an installation contractor, but a home improvement or electronics warehouse store, which simply delivers the unit to the front door. Arranging for installation is now the homeowner's responsibility. Installing the appliance themselves is the choice of increasing numbers of homeowners purchasing appliances in this way. For some

The Home Energy Guide

Roskey's Guide to Smart Housing Choices

For generations, it has been an axiom that the purchase of a home is the greatest single investment the average person makes. The corollary has always been that if you take good care of that home it will inevitably be a good investment, permitting you to sell your home at a profit or allowing you to take out a large loan on the equity you've built up. While the axiom is still true, the corollary is no longer true.
