Servant Leadership in Action

This is the second book in the "Listen My Sons" series where making the heart safe is now addressed. It is a book used to teach my two teenage sons how to live in a world that challenges the heart, mind, and soul of young people. This series is based on a passage in John 13 where Jesus says: Do you understand what I have done to you? You call me Teacher and Lord, and you are right, for so I am. If I then, your Lord and Teacher, have washed your feet, you also ought to wash one another's feet. For I have given you an example, that you also should do just as I have done to you. Truly, truly, I say to you, a servant is not greater than his master, nor is a messenger greater than the one who sent him. If you know these things, blessed are you if you do them. It is rare to see young men who are servants. Their heart is chasing some apple of the eye that captures their fancy. Things like Porn being seen by most teenage boys by 16 years old. In the LA school district, when they handed out free iPads to students the first thing teachers found on them was pornography. Their young hearts were already being given over to lusts. Even Solomon with all his godly wisdom could not overcome giving his heart to his idol worshipping women. When I was a teenager I remember the conversations around the table with the other young bucks. 80% was about good looking women, 10% sports, and the rest about food, stupid stuff, and pranks. I had no interest in being a servant or making my heart safe. I could plead ignorance, but I also was not a Christian. I did receive Christ at 19 and right away Jesus wanted the apple of my eye to be one from a servant's view. It comes about first seeing Him as Teacher and Lord; then seeing Him serving. It is asked of every believer to sanctify Christ as Lord in your heart, nowhere is it asked to give your heart to Jesus in the Bible. It doesn't seem Christians learn this naturally. In college I shared a double apartment with 3 other guys, and every Friday we would clear out the living room of everything except the lights. That was because we would have 35 students come over and enjoy Bible study and fellowship. I would ask some of the guys this

question. "How many servants do you see here?" And usually he would respond "everyone," then I would challenge him to see how many people would volunteer to help move all the furniture back in the room. After the people started leaving, I would look at him and he at me and eventually go and grab some furniture to help. It took training; every disciple I worked with took training. Christ gave us the clues we need on being servants. Seeing the "I am" statements in the Gospel of John; ones that most people miss - Teacher and Lord. Where in the Bible do you see Jesus as Teacher and Lord more than any other place? It turns out that the disciple "Luke" does an amazing job presenting Jesus Christ as both Teacher and Lord. He spends more words showing Jesus is a royal Lord than any other gospel and he shows Jesus as Teacher with all his parables and preaching. This sets up a foundation of what is going to be taught the disciples on servanthood, and when He isn't teaching, he is showing the example of a servant. 100% of the Gospel of Luke and some of Acts can be shown to be the "Handbook" of servanthood. The lessons repeat themselves in Hebrew fashion like a spiral giving us more insight with each lesson being repeated. See Luke in a new light and the exciting way to be a servant in humility and full blessings that come with it. Ask yourself when God looks at your heart what will he see? "Man looks at the outward appearance, but the Lord looks at the heart." Every believer should have the heart of a servant. That will make the heart safe and the mind sounds also.

A Servant's Heart

As leadership and the Body of Christ ventures into outward focused ministries and develop inward ministerial structures to hold the impending harvest, we find a deficit in consistent faithfulness and service from pure hearts in leaders, as well as congregants. There is a vacuum of heart-based leadership development where we examine the motives and intents of the heart in order to labor in purity with one another that all men see the love of God as a bright light shining in darkness. True leadership is the salt of the earth and the light of the world. A leader's unrestrained service exemplifies the magnitude of God's love for man. Christ gave his all for us all, in order to show us all God's heart. The Light of the servanthood of Christ must be seen by all men in order to build individual lives. It is time for leaders to reexamine themselves and become strengthened their resolve to serve the Lord without restraint, and thereby give our lives fully to Kingdom purposes.

Neuropsychologist Offers Hope to Those Struggling with Depression As a board-certified neuropsychologist, Dr. Michelle Bengtson sees the devastation of depression. Early on, she practiced the most effective treatments and prescribed them for her clients. But when she experienced depression herself, she found that the treatments she had recommended were lacking. Her experience showed her the missing component in treating depression. In *Hope Prevails*, Dr. Bengtson writes with deep compassion, blending her training and faith, to offer readers a hope grounded in God's love and grace. She helps

readers understand what depression is, how it affects them spiritually, and what, by God's grace, it cannot do. The result is an approach that offers the hope of release, not just the management of symptoms. For those who struggle with depression and those who want to help them, Hope Prevails offers hope for the future.

Servant Leadership the Heart That Serves

A compelling gathering of perspectives on the intersection of servant-leadership and forgiveness. In a world where leaders and organizations face conflicts and complexity at an alarming rate, where human cruelty sometimes dominates kindness in individuals and families, and where nations hover in the shadow of moral and financial collapse, how do we find courage to forge a strong and enduring path into the future? In a fresh and profound approach to the personal, organizational, and global dynamic, discerning leaders consider the role of leadership and forgiveness in the midst of political and social upheaval. The Heart of a Servant

Best-selling author of *The One-Minute Manager*, Ken Blanchard, along with Phil Hodges, reveals the meaning of servant leadership modeled after Jesus Christ. Based on Blanchard's and Hodges' Faith Walk seminars, business leaders come to realize that teams are more powerful than the sum of the individuals and to recognize their people as appreciating assets. *Servant Leader* summarizes the Four Dimensions of Leadership: the head (leadership assumptions and methods) the hands (application and leadership behavior) the heart (edging God out) the habits (solitude, prayer, study of scripture, unconditional love, etc.) The thousands who have attended his seminars witnessed the transforming power of this unconventional approach. Readers seeking to grow as leaders and business executives will find *Servant Leader* nothing short of life-changing.

Sometimes people lose sight of the core of their ministry. They feel overwhelmed by the needs that surround them on a daily basis. Wise and beloved pastor Warren Wiersbe invites ministry leaders to listen in on thirty short "armchair chats" to

encourage and strengthen them for service. He shares what he wishes he had known about ministering to others when he began his own Christian pilgrimage. "Ministry," he says, "takes place when divine resources meet human needs through loving channels to the glory of God." With this new edition of a classic book, which includes a foreword by Jim Cymbala, the next generation of ministry leaders can take advantage of Wiersbe's years of wisdom.

Heart of a Servant, Flesh of a Sinner

"The only way to create great relationships and results is through servant leadership. It's all about putting other people first." – from the foreword by John Maxwell We've all seen the negative impact of self-serving leaders in every sector of our society. Not infrequently, they end up bringing down their entire organization. But there is another way: servant leadership. Servant leaders lead by serving their people, not by exalting themselves. This collection features forty-four renowned servant leadership experts and practitioners—prominent business executives, bestselling authors, and respected spiritual leaders—who offer advice and tools for implementing this proven, but for some still radical, leadership model. Edited by legendary business author and lifelong servant leader Ken Blanchard and his longtime editor Renee Broadwell, this is the most comprehensive and wide-ranging guide ever published for what is, in every sense, a better way to lead.

The Gentle Art of a Servant's Heart

How to serve with generosity and love. Service is giving, and giving is the very essence of the gospel. God gave His only begotten Son. Jesus gave His life on the cross. The Holy Spirit gives us the power to resist sin and follow God's commands. It is from this abundance of what we have been given that God calls us to then freely give ourselves—to actually develop a mindset in which we look first to the needs of others above our own interests. In *Developing a Servant's Heart*, Dr. Charles Stanley shows how each of us have been equipped, empowered, and charged to do this as we follow the example of Jesus—the Supreme Servant. The Charles F. Stanley Bible Study Series is a unique approach to Bible study, incorporating biblical truth, personal insights, emotional responses, and a call to action. Each study draws on Dr. Stanley's many years of teaching the guiding principles found in God's Word, showing how we can apply them in practical ways to every situation we face. This edition of the series has been completely revised and updated, and includes two brand-new lessons from Dr. Stanley. Each lesson includes: Overview: A brief look at what is covered in the lesson Life's Questions: A teaching from Dr. Stanley that unpacks the topic of the lesson Living the Principle: Application and Bible study questions based on the key points Reflection: Key takeaways to put into practice today and tomorrow

Battle for Young Hearts

We all need loving words to sustain us -- words of strength and words drawn from experience that convey the message: You are not traveling a new road, and you don't travel it alone. Heart of a Servant is a collection of snapshots of those moments when, like a father encouraging his toddler's first wobbly steps, God encourages us with messages of love and hope as we take tentative steps of faith through our trials. In our post 9-11 world, people who once were vaguely considering growing closer to God are now actively searching for Him. Every heart yearns to ask and to know, "Whom can I trust? Who is bigger than the problems in my life and the troubles in this world?" Heart of a Servant points to the One who is waiting to reach down and touch our lives, empowering us to persevere -- and not only that but to be a vessel of His love to a hurting world.

Caring for Horses With a Servant's Heart

Leadership is a subject that has gained impressive visibility in the past two decades. The number of books, monographs and articles, as well as seminars, devoted to the development of one's leadership skills has been almost exponential growth. This study is an attempt to forge a full-orbed theology of Christian leadership grounded in the teaching of Scripture. What emerges from tracing the theme of leadership through the biblical record is a servanthood pattern, one that is wholly distinct from prevailing secular models. Our exposition begins with the biblical language of the servant, the term of choice for those great leaders used of God to further his saving purposes in the world. Eleven Old Testament and five New Testament leaders are profiled. The portrait of Jesus Christ focuses on three motifs that governed his training of the twelve for kingdom ministry. The Pauline letters are mined for those convictions that governed Paul's practice of leadership, both of his mission team and of the faith communities that emerged from that mission. The treatment of each leader, from Joseph to Paul, begins with a series of preliminary questions and concludes with a mini-profile that correlates the biblical data with these questions. The final chapter offers a summary profile of the servant leader, one whose character, motives and agenda align with the divine purposes. Though designed as a textbook for upper level college and seminary courses on leadership, the book's readable format is ideal for churches and parachurch organizations in their leadership training programs. The author's prayer is that this work will serve as a catalyst to call God's people back to Scripture and thereby raise up a whole new generation of authentic servant-leaders.

Servants of the Servant

The Heart of a Servant

Whether you're an account executive or a stay-at-home mom, you can effect transformational change if you learn to access the spirit of leadership imprinted on your DNA. In a world of innumerable books and workshops on leadership, life coach Michael J. Stabile, PhD, provides the "missing link" between the desire to lead and the ability to lead well: following Jesus's example by learning that all leaders, great and small, are servants. Stabile breaks down the fundamentals of servant

leadership into three parts: Why are your "heart," "head," and "hands" so important? In Part 1, explore Stabile's unique claim that servant leadership is hardwired into your genetic coding and is critical for success. What are a leader's heart, head, and hands? In Part 2, find that "sweet spot" of leadership greatness by attaching your gifts to God's purposes. How do you integrate your heart, head, and hands to maximize leadership potential? In Part 3, acquire practical tips and tools backed by science and biblical truth. Not just another religious book, Stabile's guide proves that the spark of servant leadership is universal and resides in the heart of every person. Dive in, and answer Stabile's empowering call to lead by Christ's example.

HEARTcore

Why would anyone want to be a servant? The word itself brings images to mind of a lowly, abused slave—a "lower rower," as author Charles Stanley puts it. Yet the fact is that the King of the Universe lowered Himself and became a Servant of servants—and He commands His followers to do the same. "I am the most like Jesus," Charles Stanley writes, "when I serve others." That is the central premise of this Bible study guide: Christians become fully like the Lord Jesus only when they serve others. This Bible study will equip you to serve the people around you: family, co-workers, neighbors—the people that you interact with every day. You will find very practical suggestions and principles here, all drawn directly from the Word of God. This book will train you to become more like Christ. This book serves as a guide for parents to serve together with their children, molding their hearts and making a positive impact in the lives of others. Heart of a Servant

Ours is an age of anxiety. We worry about our children, jobs, homes, health, and finances. News and social media feed our fears. Even the fear of missing out leads to anxiety. The solution isn't to rid ourselves of the sources of anxiety but to recognize that anxiety originates from a spiritual influence--and then use the weapons of power, love, and a sound mind to fight back and live in God's peace. Sharing her own story of emerging from the battle with anxiety as well as the stories of others, Dr. Michelle Bengtson reminds you of your identity as a follower of Christ and of the peace he promises you in spite of everything. She provides tools to cope with the crushing emotional burden of anxiety now, and, more importantly, shows you how to reclaim God's peace as a way of life so that you can break anxiety's grip.

A Servant's Guide from a Servant's Heart; Ministry from A-Z

We live in a society that has taught us that humility, sacrifice and servanthood are all signs of weakness. We are encouraged to be prideful and jostle for position; all at the expense of developing our humility and service before God. However, within the depths of the human condition, God placed the grace for servanthood and gifted it to us. God did not intend for this gift to lay dormant but for it to be stirred up; once you finish this book, I trust that your gift will be stirred up. This book will take you on a journey using biblical wisdom and personal experience to equip you with the tools you need to thrive in the place of servanthood. Whilst the first few chapters lay the foundation and set the scene, the rest of the book serves to educate and inform. Through twelve key questions, this book will bring you to a place of reflection and cause you to ponder on the nature on your service before God. As a practical resource, this book can be used for personal or group study. When you put this book down, I trust that you will not only feel refreshed, encouraged and inspired, but ready to step up to the challenge of living a life sold out to serving Jesus Christ.

Growing a Servant's Heart

I have written a daily devotional for the horse professional and the horse lover in all of us. This book will make your day better before you go out to the barn to do chores or work with horses. You will never look at your barn chores or riding your horses in the same way ever again. I now see the Lord in everything on our farm from watching the horses play outside to carrying fifty lb. bags of grain and cleaning stalls and finding joy in it. I think of him now in how I talk with my clients and how I run our barn. I have written this yearlong daily devotional to inspire you and make you laugh and even tear up at times. This devotional book will make you look at horses in a whole new way. It sure did for me as I was writing this book. Running a horse business or owning horses for pleasure can be great and at times it can be tough at times. I have written 366 days (yes, I've included February 29th) of stories and experiences of owning horses and working with horses and admiring horses for all they are. Each story and experience brings me back to the Lord and shows me how my life relates to everything that I do on our horse farm and in every horse I work with. At the end of each day and story is a bible verse that I truly believe relates to what the story is talking about. The more I dug deep into all that happens with horses through out their life the more I saw God in all of it. As I was writing this book I became more and more lifted up with each story I put down on paper. I pray this book will lift you up each day before you head out to the barn or give you a peace after a long day working with horses. I hope to give you a renewed excitement for all that you can be in the world of horses.

The Heart of a Servant Leader

Heart of a Servant Royally Positioned was deposited on my journey through the process to the promise. It is through this journey that the Lord revealed that pride has no place in the heart of someone trying to attain what God has for them. The only way to the promise is through humility, and so the journey started to become royally positioned. This devotional is for the person who knows they are going somewhere but needs to be positioned by God.

Hope Prevails

These pastoral letters serve as models of compassionate leadership. Jack Miller taught that a Christian leader should be the chief servant, and that right attitudes come only from a heart changed by an encounter with God. Miller leads his reader into a deeper understanding of the gospel and a life of humility, faith, and prayer. Miller gently challenges those called to serve as leaders to find their primary motivation in the glory of God alone. Book jacket.
