Ordinary Women, Extraordinary Sex

Using espionage as a metaphor for politics, John le Carré explores the dilemmas that confront individuals and governments as they act during and in the aftermath of the Cold War. His unforgettable characters struggle to maintain personal and

professional integrity while facing conflicting personal, institutional, and ideological loyalties. In *The Spy Novels of John le Carré*, author Myron Aronoff interprets the ambiguous ethical and political implications of the work of John le Carré, revealing him to be one of the most important political writers of our time. Aronoff shows how through his writing, le Carré poses the difficult question of to what extent are western governments justified in pursuing *raison d'état* without undermining the very democratic freedoms that they claim to defend. He also draws parallels between the self-parody of le Carré and that of the seventeenth-century Dutch artist Jan Steen, and explains how it expresses a unique form of ambiguous moralism. In this volume Aronoff relates le Carré's fictional world to the real world of espionage, and demonstrates the need to balance the imperatives of ethics and politics in regard to some of the most pressing issues facing the world today.

Undressing Infidelity

Offers an inside look at the lives of married women involved in extramarital affairs.

The Spy Novels of John Le Carre

Infidelity is the greatest and most misunderstood of all relationship infractions. This small, sometimes one minute act of passion or revenge, has the capability to

initiate a relationship and/or end a relationship at the same time. But what is Infidelity? Most people will classify infidelity as either a man having an affair with a woman while he is in a relationship or a woman having an affair with a man with whom she is not in a relationship. This is a basic definition of what infidelity entails. It merely scratches the surface of what makes up the playing field of being unfaithful. Infidelity has many names. It is called cheating, stepping out, a transgression, betrayal, unfaithfulness, perfidy, fooling around and so on. In addition to infidelity having many names, it also has many meanings. For the most part, the widely accepted definition of infidelity revolves around indulging in sexual intercourse with another man or woman who is not the married or committed partner. But there are many other meanings as to what defines infidelity and these are often determined by the individual who faces infidelity or by the one who commits the act of infidelity. The thing about infidelity, which is beneficial and at the same time confusing, is the fact that everybody can make up what infidelity means to them. This means that they do not have to be bound by anybody else's interpretation of what cheating or subdivisions of cheating may or may not actually be. Here's the hypocrisy when it comes to infidelity: for some, if you are in a relationship and you look at someone else in a lustful manner, then you have cheated. For others, if you are in a relationship and you indulge in a platonic relationship with another that your significant other does not know about, then again you have cheated.

A Person-Centered Approach to Psychospiritual Maturation

The Bush years have given rise to fears of a resurgent Imperial Presidency, but the problem cannot be solved simply by bringing a new administration to power. Both Left and Right agree on the boundless nature of presidential responsibility. For both sides, it is the president's job to grow the economy, teach our children well, save us from hurricanes, and even to spread democracy abroad. In short, the Imperial Presidency is the price we pay for making the office the focus of our national hopes and dreams. Combining historical scholarship, legal analysis, and cultural commentary, *The Cult of the Presidency* argues that the presidency needs to be reined in, with its powers checked by Congress and the courts. Only then will we begin to return the presidency to its proper constitutional role.

Confessions of an Unfaithful Heart

Statistics show that one in every four marriages is impacted by infidelity. So the odds are pretty good that you or someone you know has experienced the searing pain of marital infidelity. But adultery is not an automatic death sentence for your marriage. You can trust again. You can restore intimacy. You can have a relationship that you will both cherish for a lifetime. Ten years ago, Gary and Mona Shriver experienced the devastation caused by adultery, and in the course of

trying to save themselves, they wrote this book. Raw, transparently honest, the Shrivvers' story alone is an inspiration, offering hope and practical strategies for healing. Now this updated and revised edition adds other real-life stories of betrayal and forgiveness, and new information defining adultery, including the destruction of emotional affairs. Some doubt if a marriage can truly heal after the ravages of infidelity. Unfaithful proves you can. It's not easy . . . but it can be done. Is it worth it? Yes. And you hold the first step—and hope—in your hand.

The Act of Infidelity

Award-winning author Elizabeth Mansfield presents the captivating tale of a fiercely independent woman who learns a shocking secret that leads to a startling lesson in love Olivia Matthews may be unversed in the ways of love, but her eyes don't deceive her. Her sister's husband, Miles Strickland, seventh Earl of Langley, is a scoundrel. Olivia just caught him in the arms of another woman. When she dares to confront him, the blackguard has the gall to accuse her of blackmail. Determined to expose his unfaithfulness, Olivia leaves London to visit her sister in the English countryside, where her world is overturned. Suddenly she is trying to rein in her rambunctious niece and nephew, fending off the amorous attentions of two suitors . . . and falling in love with the very nobleman she had vowed to hate forever.

Sexual Utopia in Power

A Los Angeles Times Best Book or the Year National Book Award Winner Jaimy Gordon's bold and daring coming of age novel combines the teenaged angst of *Catcher in the Rye* with the humor and tragedy of *Girl, Interrupted*. Ursie Koderer knows herself to be a monster--doomed to be different from other girls--very different. When she's discovered cutting herself at camp, she goes AWOL, and lands in a Baltimore psychiatric hospital. Ursie, now known as the Bogeywoman, joins up with the other misfits on the adolescent ward. They start a bughouse rock group, steal a nitrous oxide machine. As a mental patient Ursie is a success. But then she's implicated in the accidental burning of a friend. Locked away, the Bogeywoman meets the beautiful, mysterious Doctor Zuk, a woman psychiatrist from somewhere east of the Urals. Their affair is the main event in this gorgeous novel of love, crime, liberation, and flight to something like a new world. From the Trade Paperback edition.

Divining a Digital Future

This edited collection delves into the key aspects of the Trump campaign promises around immigration, trade, social and foreign policy, and unpicks how the first year of the presidency has played out in delivering them. It charts his first year from

both historical and contemporary political standpoints, and in the context of comparative pieces stacking Trump's performance against Gold-standard presidents such as Reagan, Kennedy and the last 'outsider', Eisenhower. Focusing in on a number of key elements of the presidency in depth, it offers a unique perspective on a presidency like no other, drawing on the overriding themes of populism, nativist nationalism and the battle for disengagement from the neoliberal power generation.

The Cult of the Presidency

INSTANT NEW YORK TIMES BESTSELLER "[The] rare biography of a public figure that's not only beautifully written, but also shockingly revelatory." -- The Atlantic A vivid biography of former First Lady Barbara Bush, one of the most influential and under-appreciated women in American political history. Barbara Pierce Bush was one of the country's most popular and powerful figures, yet her full story has never been told. THE MATRIARCH tells the riveting tale of a woman who helped define two American presidencies and an entire political era. Written by USA TODAY's Washington Bureau chief Susan Page, this biography is informed by more than one hundred interviews with Bush friends and family members, hours of conversation with Mrs. Bush herself in the final six months of her life, and access to her diaries that spanned decades. THE MATRIARCH examines not only her public persona but also less well-known aspects of her remarkable life. As a girl in Rye, New York,

Barbara Bush weathered criticism of her weight from her mother, barbs that left lifelong scars. As a young wife, she coped with the death of her three-year-old daughter from leukemia, a loss that changed her forever. In middle age, she grappled with depression so serious that she contemplated suicide. And as first the wife and then the mother of American presidents, she made history as the only woman to see -- and advise -- both her husband and son in the Oval Office. As with many women of her era, Barbara Bush was routinely underestimated, her contributions often neither recognized nor acknowledged. But she became an astute and trusted political campaign strategist and a beloved First Lady. She invested herself deeply in expanding literacy programs in America, played a critical role in the end of the Cold War, and led the way in demonstrating love and compassion to those with HIV/AIDS. With her cooperation, this book offers Barbara Bush's last words for history -- on the evolution of her party, on the role of women, on Donald Trump, and on her family's legacy. Barbara Bush's accomplishments, struggles, and contributions are many. Now, Susan Page explores them all in *THE MATRIARCH*, a groundbreaking book certain to cement Barbara Bush as one of the most unique and influential women in American history.

Love Unfolded

All human endeavors have the common goal of understanding or influencing human experience. To this end, man has developed numerous descriptive and

analytical disciplines: Morality, Philosophy, Psychology, and so on. Regardless of what branch of inquiry one starts from--philosophy, political theory, theology--all avenues of investigation eventually converge at a common meeting point: the quest for an organized understanding of the nature of pure consciousness. To explain that which is simple can be difficult indeed. Much of this book is devoted to the process of making the simple obvious. If we can understand even one simple thing in depth, we will have greatly expanded our capacity for comprehending the nature of the universe and life itself.

The Trump Presidency

Infidelity is common, occurring in over half of all marriages. And it is one of life's most painful experiences for everyone involved--the betrayed spouse, the children, the extended family members, and even the lover and wayward spouse. With all that sadness, why do people have affairs? And once trust is broken, how can a couple reconcile? In *Surviving an Affair*, Drs. Harley and Chalmers describe the most common types of affairs, the reasons they begin and end, the best way to end them, and the best way to restore a marriage after an affair. But most importantly, they help readers survive the ordeal by providing them with step-by-step guidance that minimizes suffering and offers hope for rebuilding a loving and trusting marital relationship.

Bogeywoman

The Secret Life of the Cheating Wife

Do you know someone who is overly arrogant, shows an extreme lack of empathy, or exhibits an inflated sense of entitlement? Do they exploit others, or engage in magical thinking? These are all traits of narcissistic personality disorder, and when it comes to dealing with narcissists, it can be difficult to get your point across. So how do you handle the narcissistic people in your life? You might interact with them in social or professional settings, and you might even love one—so ignoring them isn't really a practical solution. They're frustrating, and maybe even intimidating, but ultimately, you need to find a way of communicating effectively with them. *Disarming the Narcissist, Second Edition*, will show you how to move past the narcissist's defenses using compassionate, empathetic communication. You'll learn how narcissists view the world, how to navigate their coping styles, and why, oftentimes, it's sad and lonely being a narcissist. By learning to anticipate and avoid certain hot-button issues, you'll be able to relate to narcissists without triggering aggression. By validating some common narcissistic concerns, you'll also find out how to be heard in conversation with a narcissist. This book will help you learn to meet your own needs while side-stepping unproductive power struggles

and senseless arguments with someone who is at the center of his or her own universe. This new edition also includes new chapters on dealing with narcissistic women, aggressive and abusive narcissists, strategies for safety, and the link between narcissism and sex addiction. Finally, you'll learn how to set limits with your narcissist and when it's time to draw the line on unacceptable behavior.

Surviving an Affair

Is infidelity womens best kept secret? Given that women initiate 70 to 75% of all divorces, is this secret the catalyst that prompts them to pursue separations and divorces, many under the guise of searching for self? How many of these women were happily married prior to their affairs? Are men being divorced by their wives without ever knowing about their wives' extramarital sexual relationships? Womens Infidelity discusses these and other wide-ranging, but interrelated, topics that help explain the difficulty women have with marriage and long-term fidelity.

Why You Will Always Be the Woman on the Side

I have a confession to make. My story begins over twelve years ago, I was a different woman then. Like so many people, I was unaware that much of my life revolved around searching for love and approval. Yet you could say I had it all: a

husband, two great kids, a strong faith, a fulfilling career and a lovely home. So why did I feel so empty, so lonely and so desperate to be loved? At the time I didn't have any answers, only an incredibly strong subconscious need to be valued and appreciated for who I was. My marriage of eleven years had been a happy one, but it had arrived at a place where many marriages visit, a place called 'familiarity'. Movies like 'Pretty Women' fuelled my fantasies. I wanted my own Richard Gere to rescue me from the curse of monotony. Herein lies my story, a journey through fantasy, adultery and ultimately, self- discovery. Subsequent events would change my life, forever. My actions prompted a year of sheer emotional turmoil. Certainly there was rapturous pleasure; forbidden fruit does something quite tantalizing to the taste buds. And yet as my tale unfolded, the outcome was one which I could not possibly have foreseen. So why would I want to share such a story? My hope is that it will help and inspire others. Many struggle with the same issues as I did, low self esteem, lack of confidence and an inability to accept oneself. As you read my story, I trust you will open your mind. Try to understand and, more importantly, apply the lessons learnt from my mistakes. If you can do this, your life can take on new and exciting possibilities, no longer confined by the constraints of your past or your mind. Alison x

The Best of Crimes

Sir Arthur Tansley was the leading figure in ecology for the first half of the 20th

century, founding the field, and forming its first professional societies. He was the first President of the British Ecological Society and the first chair of the Field Studies Council. His work as a botanist is considered seminal and he is recognized as one of the giants of ecology throughout the world. Ecology underpins the principles and practices of modern conservation and the maintenance of biodiversity. It explains the causes of, and offers solutions to, problems of climate change. Yet ecology is a young science, barely 100 years old. Its origins lie in phytogeography, the naming and mapping of plants. *Shaping Ecology* is a book about a multi-faceted man whose friends included Bertrand Russell, Marie Stopes, Julian Huxley, GM Trevelyan, and Solly Zuckerman. Historical context is provided by Tansley's family for his parents moved in the Fabian-socialist world of John Ruskin and Octavia Hill, both instrumental in the foundation of the National Trust. While Britain was relatively slow to protect its green spaces and wildlife, it did establish in 1913 the first professional Ecological Society in the world. Tansley was its President. Organising the British Vegetation Committee and initiating a series of International Phytogeographic Excursions, he changed phytogeography into ecology.

Unfaithful

Gives insight into the many motivations and influences that spur women to take part in extramarital affairs, offering creative solutions to inspire change.

Feminist Narrative Research

He Cheated, She Cheated, We Cheated

Do you find that people laugh at you because of your pink, fire red or blue hair? When you walk down the street, do men mistake you for a prostitute based on your appearance? Do you find that when you watch "The Maury Povich Show" you can identify with at least half the guests on the show? Do you have a boyfriend but you have never met his family or friends and he only visits you at night? If you have answered "yes" to any of these questions, then you are the woman on the side. *Why You Will Always Be The Woman On The Side* takes a look into why women find themselves in a never-ending cycle of dead end relationships. This book explores how women are viewed from a male perspective. For example, if you have a tattoo near your butt crack and a tongue ring, we will definitely have sex with you, but we will never marry you. If you have multiple children by a number of different men, we probably will not think of you as wife material. If you are a loud mouth b**** who loves to make a scene in public and have no respect for yourself or others, you are indeed the woman on the side. This book seeks to help you understand what you need to know in order to find the right man. For instance, if he was recently released from prison, he's probably not the right man for you. If he has a

number of children by a number of different women and doesn't have a job to pay child support, he is not the right man for you. If he wears shiny lip gloss, spends far more time than you do in the mirror and has feminine attributes, run because he is not the right man for you. Why You Will Always Be The Woman On The Side answers questions that you always wanted to know about the male psyche or the things you have purposely decided to ignore. No we do not believe women should have male friends. No we are not interested in watching "Lifetime Television" with you. No! We are not interested in being "Captain Save Em All Day." You can certainly read this book and remain close-minded. You can deny that the contents of this book has any validity to it. You can believe that it has nothing to do with your red hair, tongue ring, or tattoos. You can place the blame squarely on the idea that all men are evil, but at the end of the day, you are still the Woman on the Side.

Disarming the Narcissist

Part Two of the Series "Sweet Unholy Revenge." Karma has no deadline you get what you deserve. Anya Sterling is the happiest woman alive. She's given another chance at love when her husband, Bruce, agrees to reconcile after her brief affair with Dean. However, her joy is short-lived. Bruce becomes distant, and a neglectful pattern re-emerges. Determined to remain faithful, Anya fights to keep their love alive. Bruce struggles to forgive Anya's infidelity, his battered ego becoming the

bane of their marriage. Eventually, his love for her disintegrates and his eyes wander to a former flame. He begins an intense affair, and Anya has to settle for second place. An unexpected event forces him to make a choice between the two women. They're now at a crossroads, and Anya and Bruce will have to decide: should they proceed together, or is it time to walk away for good?

NOT "Just Friends"

A sociotechnical investigation of ubiquitous computing as a research enterprise and as a lived reality. Ubiquitous computing (or ubicomp) is the label for a “third wave” of computing technologies. Following the eras of the mainframe computer and the desktop PC, ubicomp is characterized by small and powerful computing devices that are worn, carried, or embedded in the world around us. The ubicomp research agenda originated at Xerox PARC in the late 1980s; these days, some form of that vision is a reality for the millions of users of Internet-enabled phones, GPS devices, wireless networks, and “smart” domestic appliances. In *Divining a Digital Future*, computer scientist Paul Dourish and cultural anthropologist Genevieve Bell explore the vision that has driven the ubiquitous computing research program and the contemporary practices that have emerged—both the motivating mythology and the everyday messiness of lived experience. Reflecting the interdisciplinary nature of the authors' collaboration, the book takes seriously the need to understand ubicomp not only technically but also culturally, socially,

politically, and economically. Dourish and Bell map the terrain of contemporary ubiquitous computing, in the research community and in daily life; explore dominant narratives in ubicomp around such topics as infrastructure, mobility, privacy, and domesticity; and suggest directions for future investigation, particularly with respect to methodology and conceptual foundations.

Taken to the Grave

Using a sample collected from Ashley Madison, this book is the result of a yearlong inquiry into women's extramarital experiences. Ultimately, these women reject the binary proposition of marriage that assumes that either we work on our marriages and remain monogamous within them, or we break up the relationship and take up other relationships. These women conceive of an alternate solution to a marriage that is not wholly working, where their own needs are ignored, unmet, and not prioritized. Thus, the women in this study are engaging in secret defiance of the expectations of marriage and primary partnerships. This book gives voice to women's experiences and perceptions regarding their participation in infidelity, and glimpses into the interworkings of our most intimate relationships, and the ways women negotiate marriages that fall short of their expectations.

Sexual Detours

This is the first book ever to explain a woman's irresistible "womanly power" and how to use it. The author offers valuable insights into Man-Woman Relationship, Dating, Sex, Creating happiness.

Tempted Women

Women's Infidelity

Where there is love there is life. But what love is? To understand love at the deepest level, we need to know what love is and how it is explained? This book attempts to share inspiring insights, anecdotal experiences and perhaps incomplete yet valuable materials and viewpoints of general and notable people across the global cultures over time, which is presented precisely, easy to read, and understand to the readers on the matter of love, marriage and sexual behavior towards fulfilling the life's most intrinsic desire and happiness. The book is for the general public of all sections of global society and culture. The three key messages readers shall take away from this book. They are: a) love is the essence, b) marriage is a bond, and c) sex is the ultimate supreme pleasure of life. Explaining these themes, attempts have been made to broadly discuss about the topics, bringing together various ideas from diverse sources, historical periods, cultures,

and philosophical perspectives, along with contemporary empirical work from psychology, sociology, anthropology, and neuroscience. The readers not only will enjoy the many flavors of the substance of the book but also get the facts and analysis of why we approach love, marriage, relationships, and observed or unobserved differences between men and women, and what social, historical, cultural, political, evolutionary, or biological factors might influence them. Nonetheless, the substance of the book tells the inner most words of every men and women that are being preserved since their young age. Finally, the book will be of good values and understanding with readers' own journey of love, marriage, and relationship. These are the reasons why the readers will buy the book. The main objective of the book is to let the readers rethink about the changing pattern of love and relationships over time.

I Love You but I'm Not in Love with You

This book explores the rich, diverse opportunities and challenges afforded by research that analyses the stories told by, for and about women. Bringing together feminist scholarship and narrative approaches, it draws on empirical material, social theory and methodological insights to provide examples of feminist narrative studies that make explicit the links between theory and practice. Examining the story as told and using examples of narratives told about childhood sexual abuse, domestic/relationship abuse, motherhood, and seeking asylum, it raises wider

issues regarding the role of storytelling for understanding and making sense of women's lives. This thought-provoking work will appeal to students and scholars of women's studies, feminist and narrative researchers, social policy and practice, sociology, and research methods.

Vow

A woman's guide to sexual experience that stresses expanding pleasure in all areas of life shows how to release latent sexual energy, making the mind/body connection that leads to fulfillment

Why You Will Always Be the Woman on the Side

Over the past ten years, the number of wives who have affairs has grown dramatically—recent surveys suggest by as much as 50 percent. Yet in all the acres of space devoted to male infidelity, so far this has been a largely untouched subject. In this guide, Carol Botwin—advice columnist, therapist, and author—rushes to help rather than condemn. Drawing from six hundred interviews and case histories—with both husbands and wives—Botwin examines causes, initial attractions, affairs in progress, endings, and aftermaths. Throughout, she offers her experienced advice and solutions on how to deal with a lover, children, and

husband after the affair has dealt a devastating blow to the marriage. Other books by the author include *Men Who Can't be Faithful* and *Is There Sex After Marriage?*

Sweet Unholy Revenge

Sexual Utopia in Power is F. Roger Devlin's path-breaking account of how the sexual revolution has led to today's sexual dystopia, characterized by promiscuity for the few, loneliness for the majority, and unhappiness for all.

Shaping Ecology

Infidelity raises questions: Why do women stay with a cheater? Why do women cheat? Why do women become “the Other Woman”? How do past experiences with infidelity impact future relationships? Drawing on interviews with U.S. women of various ages, racial backgrounds, educational attainments, and sexual orientations, this insightful study examines their personal experiences of being cheated on, cheating, being the Other Woman, or some combination of the three. Always engaging and equal parts uplifting and dispiriting, their narratives range from all-too-familiar stories to unconventional perspectives on love, life, and interpersonal communication.

The history of Mary Prince, a West Indian slave

Do you find that people laugh at you because of your pink, fire red or blue hair? When you walk down the street do men mistake you for a prostitute based on your appearance? Do you find that when you watch "The Maury Show" you can identify with at least half the guess on the show? Do you have a boyfriend but you have never met his family or friends and he only visits you at night? If you have answered yes to any of these questions then you are the woman on the side. Sketches of Southern Life

One of the world's leading experts on infidelity provides a step-by-step guide through the process of infidelity—from suspicion and revelation to healing, and provides profound, practical guidance to prevent infidelity and, if it happens, recover and heal from it. You're right to be cautious when you hear these words: "I'm telling you, we're just friends." Good people in good marriages are having affairs. The workplace and the Internet have become fertile breeding grounds for "friendships" that can slowly and insidiously turn into love affairs. Yet you can protect your relationship from emotional or sexual betrayal by recognizing the red flags that mark the stages of slipping into an improper, dangerous intimacy that can threaten your marriage.

Women First, Men Last

"My head is spinning. I couldn't figure out who was out for revenge!! My eBook

froze as I quickly tried to turn the pages!! Could not put it down!! Don't want to give anything away but don't miss this book!!!” Goodreads Reviewer [REDACTED] In a town full of secrets, the truth won't stay buried... It's a sleepy morning in suburbia when a girl's body is discovered by a running trail in the town of Oakhurst. Local detective Jo is shocked to the core. Because the girl is the second innocent victim to turn up dead in three days. And just like the first, a tarot card has been left by the body. The meaning of the card: betrayal. Jo soon uncovers a series of threatening messages targeting the girl and the first victim, her teacher. The primary suspect is a volatile student with an axe to grind for failing grades, and the frightened town is out for his blood. But the next day, a much-loved member of the community is found dead in her home, a tarot card in her mail. There's no clear motive to link her death to the others, and the message on the card this time is even stranger: domestic bliss. With the deaths so close together, Jo knows she's running out of time to crack the code and bring the killer to justice. And the pressure only gets worse with heart-breaking news about Jo's father forcing her to choose between helping her family heal or the victims' families get justice. Can Jo find the twisted murderer sending the town into a panic before another life is lost? Or this time, will the dangerous killer find her first? A completely addictive detective thriller that will keep you guessing into the early hours of the morning. If you love Kendra Elliot, Melinda Leigh and Lisa Regan you'll love Taken to the Grave. Discover more Detective Jo Fournier thrillers. Each book can be read as a standalone: 1. The Dancing Girls 2. Taken to the Grave 3. Her Daughter's Cry Read

what everyone is saying about Taken to the Grave: “Brilliant... Exceeded all my expectations... One of my all-time favourite female leads... It’s able to draw you in right from the get-go and excels in keeping you enthralled and on the edge of your seat till the final page... It’s like a pressure cooker that keeps building up as you wait for the explosion! What a ride it is!... Chock full of mystery and suspense, with twists and turns at every corner... A reveal that will knock your socks off.” Once Upon A Time Book Blog [★★★★](#) “No bones about it, this is an excellent crime thriller... I could not stop turning the pages of this book... For once, I wasn’t able to figure out who the killer was early on.” Fireflies and Free Kicks Book Reviews [★★★★](#) “Fascinating... holds the reader's attention throughout and does not disappoint.” Women’s Book Reviews [★★★★](#) “O.M.G. what a great lead character... I DID NOT FIGURE OUT THE TRUE BAD GUY UNTIL THE END!” NetGalley Reviewer [★★★★](#) “I jumped at the chance to read it... just brilliant... I loved it... Had me gripped from the very first few pages. I highly recommend this book.” Goodreads Reviewer [★★★★](#) “A gripping and intense thriller... Fast-paced and will keep you up well into the evening... Another five-star read from the talented writer and storyteller, M.M. Chouinard.” Sinfully Wicked Book Reviews [★★★★](#) “I read and loved the first novel by this author... This book exceeded my high expectations... Amazing... Gripping and suspenseful. An all-round great thriller. Five stars from me. Jo Fournier is one of the greatest characters ever written.” NetGalley Reviewer [★★★★](#) “A fantastically well thought out whodunnit scenario... If you haven’t already added this to your series lists, DO IT NOW.... Highly recommend it, it’s full of twists and turns, red

herrings, you will be left guessing, everything you want in a book.” Goodreads Reviewer [REDACTED] “Another excellent police procedural from Chouinard with plenty of twists and turns... Impossible to put down.” Muse’s Book Journal [REDACTED] “A fast-paced police procedural... Had me turning the pages at a swift pace.” Shalini’s Books and Reviews [REDACTED] “Fast-paced and entertaining.” The Book Nurse [REDACTED] “Wonderfully thrilling plot... I really appreciated Chouinard's ability to not only draw me into the story immediately, but also keep me enthralled until the very last page.” Brianne’s Book Reviews [REDACTED] “This book had me gripped throughout as I was intrigued by the killer’s choice of victims and needed to know who the killer was. This is a great read.” Goodreads Reviewer [REDACTED]

The Matriarch

How do you fall back in love? This was the underlying problem of one in four couples seeking help from relationship therapist Andrew G. Marshall. They described their problem as: 'I love you but I'm not in love with you'. Noticing how widespread the phenomenon had become, he decided to look more closely. Why were these relationships becoming defined more by companionship than by passion, and why was companionship no longer enough? From his research Andrew has devised his own unique programme. By looking at how a couple communicate, argue, share love, take responsibility, give and learn he offers in seven steps a reassuring and empowering map for how two individuals can better understand

themselves, strengthen their bond and recover that lost magic.

Serious Lessons

A thought-provoking new study examines the causes of love affairs, drawing on numerous case histories to explain how unrecognized needs can lead to infidelity and to offer helpful advice on how to overcome the pain, resentment, guilt, denial, and shame of an affair to form a lasting intimate bond. Reprint. 15,000 first printing.

Class Divisions in Serial Television

How much control do we have over love? Much less than we like to think. All that mystery, all that poetry, all those complex behaviors surrounding human bonding leading to the most life-changing decisions we'll ever make, are unconsciously driven by a few molecules in our brains. How does love begin? How can two strangers come to the conclusion that it would not only be pleasant to share their lives, but that they must share them? How can a man say he loves his wife, yet still cheat on her? Why do others stay in relationships even after the romance fades? How is it possible to fall in love with the "wrong" person? How do people come to have a "type"? Physical attraction, jealousy, infidelity, mother-infant bonding—all

the behaviors that so often leave us befuddled—are now being teased out of the fog of mystery thanks to today’s social neuroscience. Larry Young, one of the world’s leading experts in the field, and journalist Brian Alexander explain how those findings apply to you. Drawing on real human stories and research from labs around the world, *The Chemistry Between Us* is a bold attempt to create a “grand unified theory” of love. Some of the mind-blowing insights include: Love can get such a grip on us because it is, literally, an addiction. To a woman falling in love, a man is like her baby. Why it’s false to say society makes gender, and how it’s possible to have the body of one gender and the brain of another. Why some people are more likely to cheat than others. Why we sometimes truly can’t resist temptation. Young and Alexander place their revelations into historical, political, and social contexts. In the process, they touch on everything from gay marriage to why single-mother households might not be good for society. *The Chemistry Between Us* offers powerful insights into love, sex, gender, sexual orientation, and family life that will prove to be enlightening, controversial, and thought provoking.

The Chemistry Between Us

This book brings the emergent interest in social class and inequality to the field of television studies. It reveals how the new visibility of class matters in serial television functions aesthetically and examines the cultural class politics articulated in these programmes. This ground-breaking volume argues that reality

and quality TV's intricate politics of class entices viewers not only to grapple with previously invisible socio-economic realities but also to reconsider their class alignment. The stereotypical ways of framing class are now supplemented by those dedicated to exposing the economic and socio-psychological burdens of the (lower) middle class. The case studies in this book demonstrate how sophisticated narrative techniques coincide with equally complex ways of exposing class divisions in contemporary American life and how the examined shows disrupt the hegemonic order of class. The volume therefore also invites a rethinking of conventional models of social stratification.

Daring Wives

This book presents an engaged learning curriculum for higher education that helps emerging adults and professionals-in-training develop psychological resilience and community-building interpersonal skills. The curriculum mentors a person-centered process of psychospiritual maturation through growth in five dimensions of self: bio-behavioral, cognitive-sociocultural, social-emotional, existential-spiritual, and resilient worldview formation. This growth promotes student well-being and a positive campus culture, while preparing them to build cultures of health, social justice, and peace in the social systems where they will work and live.

The Fifth Kiss

"Disarmingly honest, beautifully insightful. Crack open Vow and prepare to be quickly carried away by Plump's vivid prose, so-close-you-can-hear-it voice, and suspenseful storytelling skills." -- Redbook magazine

Power vs. Force

One afternoon in a leafy New York City suburb, Walter Mitchell walks into the local police station and turns himself in for kidnapping 13-year-old Amanda Jonette, his daughter's best friend. The police chief tells him to go home--no one wants to prosecute. But Walter refuses, and is finally arrested and charged. This is a novel about a man who is faced with temptation but does not succumb; the extraordinary relationship that develops between he and his beloved and the bond between these bright, lost, individuals as the painful inevitability of the end draws near.
