In this lively gambol through the history of "ations and "ation books, Gary Saul Morson traces our enduring fascination with the words of others. Ranging from the remote past to the present, he explores the formation, development, and significance of "ations, while exploring the "verbal museums" in which they have been collected and displayed--commonplace books, treasuries, and anthologies. In his trademark clear, witty, and provocative style, Morson invites readers to share his delight in the shortest literary genre. The author defines what makes a "e "able, as well as the (unexpected) differences between "ation and mis"ation. He describes how "ations form, transform, and may eventually become idioms. How much of language itself is the residue of former "ations? Weaving in hundreds of intriguing "ations, common and unusual, Morson explores how the words of others constitute essential elements in the formation of a culture and of the self within that culture. In so doing, he provides a demonstration of that very process, captured in the pages of this extraordinary new book.

The Christian community is a vibrant and flourishing worldwide community of believers held together by their common faith in Jesus Christ and the divine truths of the Holy Bible. The scriptures are the source of their strength and contain within the promise of eternal salvation that is granted to all who choose to believe. Pastor Garrick Bridgeforth has been called by God to bring a genuine and deeper understanding of the scriptures through his book, *Words of The Bible explained*. This book's purpose is to enlighten and deter those who, by either sheer ignorance or selfish, malicious intent, would end up misunderstanding or even intentionally distorting the messages of the Holy Bible, leading themselves and those who follow them away from the original teachings. This book does not read like a standard dictionary of definitions. Instead, the terms and concepts are explained in great depth, analyzed in the context as it is found in the Bible, clarified further with conventional wisdom, and delivered in a way modern readers could understand. *Words of The Bible explained* is an ideal companion book to have when reading the Bible, expanding a Christian's understanding of the scriptures. Expert advice from Coca-Cola's Vice President of Innovation and Entrepreneurship: Learn how the world's largest beverage brand uses design to grow its business by combining the advantages of a large-scale company with the agility of a nimble startup. Every company needs both scale and agility to win. From a fledging startup in Nepal, to a century-old multinational in New York, scale and agility are two qualities that are essential to every company's success. Start-ups understand agility. They know just when to pivot to stay alive. But what they haven't mastered yet is how to stabilize their business model so they can move to the next stage and become full-fledged companies. And well-established companies know scale. They are successful because they know how to leverage size with a high degree of effectiveness and efficiency. But what worries them most is staying competitive in a world of increasing uncertainty and change, complicated by upstarts searching for ways to disrupt the industry. So what is the key to creating the kind of scale and agility necessary to stay competitive in this day and age? The answer is design. In *Design to Grow*, a Coca-Cola senior executive shares both the successes and failures of one of the world's largest companies as it

learns to use design to be both agile and big. In this rare and unprecedented behind-the-scenes look, David Butler and senior Fast Company editor, Linda Tischler, use plain language and easy-to-understand case studies to show how this works at Coca-Cola—and how other companies can use the same approach to grow their business. This book is a must-read for managers inside large corporations as well as entrepreneurs just getting started.

### **The Words of Others**

For more than four decades, the self-described "contrary farmer" and writer Gene Logsdon has commented on the state of American agriculture. In *Letter to a Young Farmer*, his final book of essays, Logsdon addresses the next generation--young people who are moving back to the land to enjoy a better way of life as small-scale "garden farmers." It's a lifestyle that isn't defined by accumulating wealth or by the "get big or get out" agribusiness mindset. Instead, it's one that recognizes the beauty of nature, cherishes the land, respects our fellow creatures, and values rural traditions. It's one that also looks forward and embraces "right technologies," including new and innovative ways of working smarter, not harder, and avoiding premature burnout. Completed only a few weeks before the author's death, *Letter to a Young Farmer* is a remarkable testament to the life and wisdom of one of the greatest rural philosophers and writers of our time. Gene's earthy wit and sometimes irreverent humor combines with his valuable perspectives on many wide-ranging

subjects--everything from how to show a ram who's boss to enjoying the almost churchlike calmness of a well-built livestock barn. Reading this book is like sitting down on the porch with a neighbor who has learned the ways of farming through years of long observation and practice. Someone, in short, who has "seen it all" and has much to say, and much to teach us, if we only take the time to listen and learn. And Gene Logsdon was the best kind of teacher: equal parts storyteller, idealist, and rabble-rouser. His vision of a nation filled with garden farmers, based in cities, towns, and countrysides, will resonate with many people, both young and old, who long to create a more sustainable, meaningful life for themselves and a better world for all of us.

I was born in Brooklyn, New York. A child with no father. He passed away when I was one year old, but I went on with life. My mother has six kids. Yes, I was brought up in a group home till I was twelve, moved to Brooklyn to live with my biological mother, and have been with her ever since. Life was hard as a teenager. There were many drugs in my life, anger and resentment to all for the loss of my father, and the homelessness I had to endure. But God, amen, he called me to ministry service at the age of fourteen. I was brought up in the church but backslid for I wanted to live a life with women and drugs, so my nickname was Mr. Sex, Drugs, and Rock and Roll. This life turned me into a bad person with a good heart. I was strung out on crack cocaine and alcohol for three

years; but God stepped in, took me out of the abandoned buildings I was sleeping in, and now gave me more than I ever had, because God saw my heart and saved me in 1995 at the Helping Hands Ministry under Pastor Randolph Ferdinand. There I learned how to pray in the spirit, how to believe in God to remove my hurt. There I heard God teach me his laws, and he told me what he wanted me to do. So I grew in the Lord with wisdom, finished the program, obtained a job, worked hard, got married, and became a pastor of the House of Prayer under Apostle Gladis Dugue. There I was blessed by God with a ministry, and I became a Sunday school teacher. I have my associates degree in management and my bachelors degree in science in religion, and I prayed, and God showed me the words in the Bible. He said, You must teach on every word in the Bible before you leave this earth. I began reading the words, and the Holy Spirit guided me into understanding the meaning of the words in the Bible for everyday life. None of the meanings are from the dictionary all from God to me to you. I would like to thank my wife, Noreen Bridgeforth, who inspired me, my son; Apostle Dugue; Apostle Tyrone Monroe; and House of Prayer, an anointed new beginning where I teach Sunday school. I would like to thank my grandfather Willie Bridgeforth Sr. and my father, Robert, and my mother, Marie Bridgeforth. Thank you to all my family and friends at Helping Hands Ministry and Pastor Randolph Ferdinand.
